AFFILIATIONS

Copiah-Lincoln Community College is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia, 30033-4097; Telephone number (404) 679-4501 (www.sacscoc.org) to award Associate in Arts and Associate in Applied Science degrees.

Copiah-Lincoln is also an active member of the American Association of Community Colleges, the Mississippi Association of Community and Junior Colleges, the Mississippi Association of Colleges, and the Southern Association of Community and Junior Colleges.

It is the policy of Copiah-Lincoln Community College to make available its teaching and service programs and its facilities to every qualified person. Copiah-Lincoln Community College does not discriminate on the basis of race, color, national origin, sex, disability, religion, age, or other factors prohibited by law in any of its educational programs, activities, admission, or employment practices.

All complaints in regard to Title IX directives should be made to the Title IX Coordinator, Dr. Phillip Broome at P.O. Box 649, Wesson, MS 39191, (601) 643-8306.

Addenda reflecting catalog changes are published periodically. It is each student's responsibility to obtain these addenda. Counselors and advisors are available to assist students in planning programs of study and to aid them in other phases of college life. However, the final responsibility for meeting requirements for graduation and adhering to other college regulations rests with the student.

CALENDAR OF INSTRUCTIONAL PROGRAM

Spring Term 2009

January 5 (Mon.)	ALL Employees Return to Work
January 5 (Mon.)	Registration-Natchez & Simpson County
January 6 (Tues.)	Registration-Wesson
January 7 (Wed.)	Begin regular schedule of all classes
January 14 (Wed.)	Last day for registration and schedule changes
January 16 (Fri.)	MSVCC Registration Ends at noon
January 19 (Mon.)	MSVCC Course Sites Open (Classes Begin)
January 19 – 20 (Mon.-Tues.)	MSVCC Drop/Add Period
January 19 (Mon.)	State/National Holiday
March 6 (Fri.)	Mid-Term Grades due to Admissions, 8:00 a.m.
March 16 – 20 (Mon.-Fri.)	Spring Holidays
April 3 (Fri.)	MSVCC Last Day to Withdraw
April 6 (Mon.)	Last day to drop a course and receive a “W” grade
April 7 (Tues.)	Pre-Registration for the Fall Semester
April 10, 13 (Fri.-Mon.)	Easter Holiday
May 1 (Fri.)	MSVCC grades due by noon
May 7, 8, 11, 12 (Thurs.-Fri.; Mon.-Tues.)	Spring Semester Final Examinations
May 15 (Fri.)	Graduation-Natchez
May 16 (Sat.)	Graduation-Wesson
May 16 (Sat.)	Graduation-Simpson County

Summer Term 2009

May 25 (Mon.)	Memorial Day Holiday
June 1 – June 26	Day Classes First Summer Term
June 1 – July 24	MSVCC Course Term
June 29 – July 24	Day Classes Second Summer Term
July 3 (Fri.)	July 4th Holiday
May 26 – August 3	Career Term
June 1 – July 24	Eight Week - Evening Term

GENERAL SESSION 2009-2010

Fall Term 2009

August 10-12 (Mon.-Wed.)	Faculty Meetings-Wesson
August 11 (Tues.)	Registration of all students-Natchez
August 12 (Wed.)	Registration of all students-Simpson County
August 12 (Wed.)	Dormitories open at 1:00 p.m.-Wesson
August 13 (Thurs.)	Registration of all students-Wesson
August 12 – 14 (Wed.-Fri.)	Faculty Meetings-Natchez and Simpson County
August 17 (Mon.)	Begin regular schedule of all classes
August 21 (Fri.)	MSVCC Registration Ends at noon
August 24 (Mon.)	Last day for registration and schedule changes
August 24 (Mon.)	MSVCC Course Sites Open (Classes Begin)
August 24 – 25 (Mon.-Tues.)	MSVCC Drop/Add Period

GENERAL INFORMATION

HISTORY OF THE COLLEGE

Copiah-Lincoln Agricultural High School, through the joint efforts of Copiah and Lincoln Counties, was established in the fall of 1915 in Wesson, Mississippi, at the edge of Copiah County. During its early years, the high school was a boarding school serving the rural districts of those counties. However, as consolidation of local schools progressed within the counties, practically every family in each county had access to an accredited high school. This availability to local schools created a new role for the agricultural school.

In addition, educators in the agricultural high school and in the county public schools became aware that the youth of Copiah and Lincoln Counties needed educational opportunities beyond the level of the 12th grade. To meet this need, Copiah-Lincoln Junior College was organized during the summer of 1928 under the authority of Section 308, Chapter 283, of the General Laws of the State of Mississippi of 1924. Enrollment for the first year was more than 90 students.

Since its establishment in 1928, Copiah-Lincoln has continued to grow in size and prestige and now occupies a prominent position in the state's educational system with an enrollment of over 3,000 and a physical plant valued at more than \$35 million.

In 1934, the officials of Simpson County requested an opportunity to join in the support of Copiah-Lincoln so that its students might have the right and benefits of the public junior college. Accordingly, the Copiah-Lincoln Board of Trustees accepted Simpson as a cooperating county.

Since that time four additional counties have joined in the support of Copiah-Lincoln: Franklin County in 1948; Lawrence County in 1965; Jefferson County in 1967; and Adams County in 1971.

In the fall of 1972, upon the request of local and state officials, Copiah-Lincoln opened a branch at Natchez, Mississippi, to better meet the educational needs of the citizens of that area. The Mississippi Legislature in the 1975 session authorized that "there shall be two campuses in the Copiah-Lincoln Community College District: one located in or near Natchez to be known as the Natchez Campus, and the other in or near Wesson to be known as the Copiah-Lincoln Campus."

In the fall of 1997 the Simpson County Center opened in downtown Magee. Academic Evening Classes, Employment Training and an LPN class were offered in that facility until the fall of 2005, when a new 35,000 square foot facility was opened at Legion Lake. The new facility, named in honor of Mr. Sidney Parker, opened in the fall of 2005 with a comprehensive academic program, along with three Career-Technical programs.

Copiah-Lincoln Junior College became Copiah-Lincoln Community College on July 1, 1988, as approved by the state and the Board of Trustees. The name change reflects Co-Lin's continuing service to the community, its young people, adults, and senior citizens.

VISION STATEMENT

Copiah-Lincoln Community College's vision is to be a leader in education providing comprehensive, quality learning experiences in a nurturing environment.

MISSION STATEMENT

Copiah-Lincoln Community College is a public comprehensive community college serving a seven-county district as established by the Mississippi Legislature. The college's mission is to provide educational programs, economic development services, and cultural and recreational opportunities to constituents from the college service area and beyond. Regardless of socio-economic background, quality programs and services are offered in a safe environment consistent with federal, regional, state, and local program operational standards and guidelines.

GOALS OF THE COLLEGE

1. To provide a variety of educational programs that:
 - a. offer the first two years of academic parallel courses and curricula of a baccalaureate degree program;
 - b. prepare individuals for employment upon completion of a prescribed curriculum;
 - c. provide a developmental program of instruction for students whose academic foundation requires strengthening and to provide enriched educational opportunities for academically talented students;
 - d. include adult basic education, continuing education, and community service programs for individuals striving for professional growth and/or personal enrichment; and
 - e. upgrade and/or develop workforce skills through special industrial and adult training.
2. To provide a broad range of support services required to implement the College's educational programs, which include but are not limited to library and learning resources, Distance Learning services, educational equipment and specialized facilities, information technology resources and systems, student development services, and athletics.
3. To promote professional growth and development of faculty and staff through participation in programs of enrichment, leadership training, and advanced study, as well as membership and participation in professional organizations.
4. To provide a variety of services to college constituents through partnerships between the College and business, industry, and public agencies that support economic development.
5. To maintain a strong commitment to the use of innovative and relevant technology in all college programs and services.
6. To provide leadership in the coordination of all programs to improve relations with area high schools, other community/junior colleges, and four-year colleges and universities.
7. To provide cultural and recreational opportunities for students, faculty, staff, and citizens of the College service area and beyond.

8. To provide adequate financial resources, administrative processes, and physical facilities to support the mission of the College.
9. To provide a safe environment and quality accommodations to meet the needs of students, faculty, staff, and the community.
10. To engage in an on-going, systematic process of planning and evaluation that results in improvement of educational programs and support activities.

PLANNING AND RESEARCH

The planning process at Copenhag-Lincoln Community College is based on systematic evaluations designed to measure how effectively the college is meeting its stated purpose and goals. The assessment process is based on data collection that provides the means to improve the college's programs, policies, services and operations. The most significant element of such planning and assessment is to provide the opportunity for participation by all members of the college community. The planning and assessment process is continuous and cyclical, with the results of evaluation determining the efficacy of how well the college is meeting its purpose and goals as well as determining where to make improvements. Ensuring that the planning process objectives are met is the responsibility of the Director of Institutional Research and Planning. The Director is assisted in the performance of these duties by the Institutional Effectiveness Committee.

ADMISSIONS

Copiah-Lincoln Community College ascribes to an “open admissions” policy consistent with all appertaining laws.

Copiah-Lincoln Community College embraces the philosophy that students be provided the opportunities for learning experiences, e.g. developmental courses, counseling, tutorial assistance, etc., that will help the individual students to succeed in achieving their educational goals.

Copiah-Lincoln Community College utilizes relevant diagnostic instruments to determine the strengths and needs of students in order to assist in the selection of the most appropriate program options to help student success. There are no programs designed for transfer to senior institutions that require a minimum ACT score for admission.

Admission to Copiah-Lincoln Community College is not denied to any student on the grounds of sex, race, color, religion, national origin, or disability.

ACADEMIC AND TECHNICAL DIVISIONS FIRST-TIME ENTERING COLLEGE STUDENTS

Candidates for enrollment in the freshman class must submit the following:

1. An application on the official form furnished by the college.
2. An official transcript from an accredited high school indicating a regular diploma with a graduation date or receipt of an official transcript from the State Board for Community and Junior Colleges or the appropriate state adult basic education department showing satisfactory scores on the General Education Development (GED) Test.
- 3.* Scores on the American College Test (ACT). Applicants 25 years of age or older are exempt from the ACT requirement, except in the ADN program and certain technical programs.
4. A \$50 room deposit if the student is to live on campus. Non-refundable after August 1.

Admission to the college does not necessarily guarantee admission to a specific program. It is necessary to check the prerequisites for each program. Additionally, some specific classes have prerequisites or restrictive admission requirements.

* All ACT score requirements in the catalog refer to the Enhanced ACT score.

ADMISSIONS – SPECIAL SITUATIONS

The application of students: graduating from a home-school program; graduating from a non-accredited school; seeking early admissions; or having other special circumstances will be referred to the Admissions Committee and will be considered on an individual basis. This committee will make a recommendation to the appropriate Dean or Vice President regarding enrollment status. A student admitted by the Admissions Committee will be on academic probation for the first semester.

TRANSFER STUDENTS

A transfer student is defined as one who has satisfactorily completed twelve or more semester hours of college transfer credit at another regionally accredited college or university. These individuals must complete an official Co-Lin application. An official transcripts of all work done at all institutions previously attended must be submitted to the appropriate Admissions Office personnel. A student who is transferring less than twelve semester hours of credit must also meet the requirements of first time entering students as outlined in the college catalog.

Course work transferred in or accepted for credit toward a degree must be completed at an institution accredited as degree-granting by a postsecondary regional accrediting commission at the time the course work was completed. Exceptions to this policy will be determined by the appropriate Dean or Vice President. Applicants whose records show unsatisfactory scholastic standing may be accepted on probation by the Admissions Committee if their individual cases indicate they deserve such consideration. Students who are on academic suspension from another institution will not be eligible to enter Copiah-Lincoln Community College until they are eligible to re-enter the institution from which they are suspended.

All grades of "D" or above will be accepted as hours attempted and hours passed. If a student has less than a 2.00 GPA on transfer work as determined by the current method of computing grade point average, sufficient quality points must be earned at Co-Lin in order to graduate. Excessive quality points from another institution cannot be used to raise a deficient grade point average on courses taken at Co-Lin.

All transfer work is evaluated by the appropriate Admissions Office personnel at each campus. He/she assesses and determines the courses which should apply toward degree requirements. Transfer of any technical credits (other than college transfer credits) is evaluated on an individual basis. Developmental work will not be accepted as transfer work toward meeting graduation requirements.

ADMISSIONS REQUIREMENTS FOR CAREER PROGRAMS

1. Application and transcript from last school attended must be on file in the Admissions office.
2. Applicants who do not have a high school diploma or GED must make acceptable scores on the Test of Adult Basic Education (TABE) or COMPASS test.
3. Applicants must be of legal working age (18) upon completion of program.
4. Applicants must meet specific requirements under the program description.

NOTE: See specific requirements listed under the program descriptions.

FOREIGN STUDENT ADMISSION POLICY

Foreign students applying for admission at Copiah-Lincoln Community College must meet with following requirements:

1. Meet general admission requirements.

2. Citizens who are not of an English speaking country must furnish the office of Admissions and Records score reports indicating at least 500 on the Test of English as a Foreign Language (TOEFL).
3. The TOEFL may be waived for foreign students who have attended another college or university with the completion of all freshman English courses (six hours) with a 2.0 grade point average or better.
4. Each student must present documented proof of available financial support.
5. Copiah-Lincoln Community College will not provide on-campus housing for foreign students unless all U.S. citizen housing needs are met and there is still additional housing available.
6. All transcripts must be evaluated and certified by a reputable American transcript evaluation service.

After the prospective student has met the admission requirements, the College will issue an I-20, which will enable the student to request a change to F-1 status to enter the United States legally and attend college. International students will be charged out-of-state tuition.

DUAL ENROLLMENT PROGRAM

High school students may earn college credit while they are still attending high school and enrolled in high school courses. Only students with a 3.0 or higher grade point average on a 4.0 scale on all high school courses are eligible to enroll. There is no obligation on the part of the student to enroll at Copiah-Lincoln Community College after high school graduation. The same regulations apply to Dual Enrollment Program students as to regular students.

To be admitted to the Dual Enrollment Program, students must submit the following:

1. A completed Copiah-Lincoln Community College application for admission.
2. A high school transcript which documents a minimum of fourteen (14) core high school units with a grade point average of 3.0 or higher on a 4.0 scale.
 - a) Students who have an ACT score of 30 or higher may be granted Dual Enrollment status without completing fourteen (14) units provided all other criteria are met.
 - b) Home-schooled students should refer to the Admissions – Special Situations section of the college catalog.
3. A composite score on the American College Test (ACT) of sixteen (16) or the equivalent SAT score.
 - a) Students enrolling in English Composition I must have a minimum ACT sub-score of 16 in English.
 - b) Students enrolling in College Algebra must have a minimum ACT sub-score of 19 in math and successfully completed Algebra II.
4. A recommendation form, provided by the college, from the high school principal and/or guidance counselor stating ACT score, number of core high school units completed, and GPA. A home-schooled student must have the form completed by a parent/teacher.

ADVANCED PLACEMENT CREDIT

Students from cooperating high schools can earn up to nine (9) semester hours credit,

with no more than three (3) semester hours or one (1) course in a given subject-matter area, through the College Board’s Advanced Placement Testing Program. Credit may be awarded for College Board test scores of 3 or above for each Advanced Placement examination. The awarding of credit is administered by the Office of Admissions and Records.

Accepted Advanced Placement credits are recorded on the student’s transcript and may apply toward the meeting of graduation requirements. No grades or quality points are given for Advanced Placement credits. Therefore, such credits are not used in the computing of grade point averages.

CREDIT BY EXAMINATION

Copiah-Lincoln Community College will allow credit by examination to those students who have participated in the College Level Examination Program (CLEP), and have achieved a level acceptable to the college. Credit by examination is limited to a maximum of 24 semester hours. This credit cannot be used to reduce the minimum residence requirement of the college. Credit by examination will be allowed only for those students who have earned a minimum of sixteen (16) semester hours of college credit at Copiah-Lincoln Community College. Credit will not be given in courses in which failing grades have been earned. Credit earned through examinations will not be used in the computation of grade point averages.

General Examination (CLEP): Credit will be awarded for each area the student receives a scale score of 500 or above. It is the responsibility of the Admissions and Records Office to determine a person’s eligibility to receive such credit. CLEP credit appearing on another institution’s transcript will be evaluated by the appropriate Admissions Office personnel to determine appropriate course equivalency. Credit may be granted for successful completion of the general examination in the following manner.

CLEP General Exam	Course Equivalent	Semester Hours
English Composition.....	ENG 1113, ENG 1123	6
Social Science	History	3
	Social Science Elective	3
Humanities	ART 1113.....	3
	Literature	3
Mathematics	MAT 1313.....	3
	MAT Elective	3
	MAXIMUM TOTAL	24

Subject Area Examination (CLEP): Credit on the CLEP subject area examination will be awarded only to those students who make a scaled score of 50 or above. The appropriate Dean or Vice President along with the appropriate Division Chairperson will make the determination as to specific course credit to be granted on CLEP subject area examination. Credit appearing on another institution’s transcript will be accepted as transfer credit.

The combined credit on all CLEP examinations, both general and subject area, may not exceed 24 semester hours. Note: These credits may or may not be accepted by each university at their discretion.

TECHNICAL ADVANCED PLACEMENT

Technical Advanced Placement (TAP) is the process through which advanced credit for career-technical courses at Co-Lin is awarded to qualified high school students who have completed two years of an articulated technical program on the secondary level. TAP credit prevents duplication of coursework and saves time on the postsecondary level.

Qualified applicants must:

- Meet admissions requirements and be a full time career-technical student in good standing, and
- Have at least a “B” average in related high school course for which articulated credit is requested, and
- Have an application signed (only for Local Articulation) by the secondary instructor and vocational director/principal verifying applicant has met the terms of the articulation agreement, or
- Have scored 80 (only for Statewide Articulation) or above on MS-CPAS within 18 months after publication of CPAS scores in related high school program area, and
- Maintain a “C” or above average in the first 15 hours taken upon entering that career-technical program.

When all provisions have been met, technical advanced placement credit will be posted on the student’s Co-Lin transcript for each approved course. No grades will appear on the transcript for the articulated courses, only credit for the hours. Quality points will not be affected.

SERVICES AND OFFERINGS

ALUMNI AFFAIRS

Alumni Affairs operates out of the office of the Copiah-Lincoln Community College Foundation. The primary responsibility of the office is to maintain communications with graduates of the college. Alumni Affairs supports the Copiah-Lincoln Alumni Association and other alumni related organizations.

Membership in the Alumni Association is open to all former students of the college. *The Colinian* and *imPACK* are published by the college for alumni. Associate membership is available for friends of the college. Inquiries should be directed to the Executive Director of the Copiah-Lincoln Foundation and Director of Alumni Affairs.

BOOKSTORE

The bookstore is the source for all college textbooks, school supplies, art and drafting supplies, greeting cards, posters, study notes, sportswear, lab supplies, and departmental supplies.

All students are expected to own a textbook for each course. The cost of books varies in different fields of study. Many students buy used books and effect considerable savings. Second-hand books, as well as new books, may be purchased at the Co-Lin Bookstore.

All hardbound textbooks which are in good condition and are on the adopted textbook list for the following year will be bought back from the students. Books may be sold back to the bookstore during exam week only.

COMMUNITY PROGRAMS

The Division of Community Programs is a multi-departmental division of the college created to promote relevant, excellent, and affordable programs and services for individuals seeking improved quality of life through lifelong learning. The Division offers a wide variety of programs, services, and activities designed to meet the educational, training, cultural, and recreational needs of citizens in the seven-county service area and beyond.

Adult Basic Education (ABE) is a program primarily for adults ages 17 and older who have not completed their high school education. Free classes, conducted in each county within the college district, operate on an “open entry-open exit” schedule and provide instruction tailored to each student’s learning needs. The main goal of the program is to help the adult function more effectively in society, whether through completion of the General Educational Development (GED) Test, improved skill levels, or entry into the workforce.

The **General Educational Development Test (GED)** provides adults who did not complete high school the opportunity to receive a high school credential. The 7-hour test covers writing, reading, social studies, science, and mathematics in a format that reflects the current high school curriculum. To take the test, an individual must meet certain eligibility requirements, complete a test application and pay established test fees at a monthly

orientation session. An applicant desiring to take the GED test must be seventeen (17) years of age or older and a resident of Mississippi for at least thirty (30) days. Applicants must be officially withdrawn from school and not required by law to attend school.

The **Institute for Learning in Retirement (ILR)** on the Wesson and Natchez campuses is open to all adults who are 50 years of age and older and retired or semi-retired. The ILR is a member-governed organization based on the philosophy that older adults are eager, self-motivated learners who are capable of defining and directing their own education. Members participate in various activities including social events, classes, membership meetings, and field trips.

The **Senior Community Service Employment Program (SCSEP)** provides part-time employment for men and women 55 years of age or older who have limited incomes. SCSEP enrollees are assigned to positions that revitalize and enhance their job skills while supporting local non-profit and governmental agencies. Host agencies are carefully selected to furnish adequate supervision, instruction, and training for SCSEP enrollees. The program is designed to promote the transition of participating enrollees into unsubsidized employment. SCSEP is funded through the United States Department of Labor and implemented through Senior Services America and Southwest Mississippi Planning and Development District.

The **Upward Bound Program** assists students from selected area high schools who are potential, first-generation college students or who are from low-income families in developing the skills and motivation required to experience success in post-secondary education for a career of their choice. During the academic year, the program provides instructional, tutorial, and counseling services in the high school setting and at Saturday sessions hosted at the college. A summer residential program enables students to improve academic skills and performance and to participate in social and motivational activities relevant to making career choices and building self esteem.

The **Billy B. Thames Conference Center (The Thames Center)** located on the Wesson campus, is a conference and meeting facility that provides comfortable and affordable accommodations, modern meeting facilities, and meal options for business and industry, community and civic groups and individuals. Meeting rooms include a large conference room, a technology lab with 24 workstations, and a large banquet hall with an adjacent full-service kitchen. There are also two suites for small meetings or breakouts as well as four guest rooms for overnight accommodations, all with work/study areas, private baths and other amenities. As an added convenience, the facility is nestled in a quiet setting adjacent to the college's 18-hole championship Wolf Hollow Golf Course. Valley, the college's food service provider, offers a variety of choices available for catering and in-house dining.

COUNSELING

Copiah-Lincoln Community College recognizes the fact that almost all beginning college students need assistance in making educational and career plans as well as help with their own personal adjustments. The primary goal of the counseling program at Co-Lin is not simply to direct the student, but to aid each individual in understanding and solving various problems which may arise.

A complete program of career, educational, and personal counseling is conducted on campus through the services of trained counselors working in cooperation with all other faculty members. A library of occupational and educational material is maintained in the Counseling Center for students who may seek additional knowledge regarding careers and/or senior institutions. Diagnostic testing and self analysis are available at no charge. Assistance is offered to graduating career and technical students in locating suitable employment. Consultation services are also offered through this office in regard to labor market survey, job analysis, and job openings.

Counseling Center Locations:

Wesson Campus - Henley Student Union

Natchez Campus - Admissions Office in the Academic Center

Simpson County Center - Administrative Offices

COUNSELING SERVICES FOR SPECIAL POPULATIONS

Counseling services are available for disabled and disadvantaged students who attend Copiah-Lincoln Community College. Identification and counseling services are provided by a designated counselor in the Counseling Center on the Wesson Campus, in the Admissions Office at the Simpson County Center, and through the Career-Technical Division on the Natchez Campus.

The College maintains an Americans with Disabilities Accommodations (ADA) Committee(s) which addresses in-depth and detailed requests made by students and prospective students. The committee is comprised of individuals representing both Academic and Career-Technical faculty and staff. It is the responsibility of the student to make the request for special accommodations and to provide official documentation of the disabling condition and the need for special accommodations. Through the assistance of instructors, parents, rehabilitation counselors and the students, a determination can be made concerning the request. Committee recommendations are then forwarded to the Vice President of Instructional Services before final action is taken.

A person requesting special accommodations because of a disability needs to self identify and adhere to the following:

1. Complete an application for Disability Support Services.
2. Provide appropriate documentation for the disability.
3. Discuss his/her need for special accommodations with a member of the ADA Reasonable Accommodations Committee providing a detailed written request for needed accommodations.
4. For situations which involve substantial changes in policies, procedures, or physical

structures, a request must be made in writing to the chairperson of the ADA Reasonable Accommodations Committee six months prior to the anticipated date of enrollment.

The ADA Reasonable Accommodations Committee will respond to such request within 30 days after it is received.

Each of the student's instructors receives notice as to special accommodations which have been requested and approved for the student. The college makes every effort to accommodate student requests where possible.

As the need arises, portions of the Copiah-Lincoln Community College Catalog can be provided in Braille form. Requests for this service should be directed to ADA Accommodations Committee members or the chairperson. Requests will be addressed and fulfilled on an individual basis. Catalog information is also available in large print for individuals having a visual impairment.

DINING SERVICES

Dining Services for the Wesson and Natchez Campuses are operated by Valley Services, Inc. Co-Lin and Valley currently operates two dining facilities at both campuses. Serving hours at both Natchez and Wesson vary based on student enrollment.

The dining services at the Wesson Campus include the cafeteria which is located on the first floor of the W. S. Henley Building and The Grille Company which is located in Callender Hall. The cafeteria offers much variety with the following: Café Classics Choice Matters, Deli Depot, Vallejos, and Garden Club. The Grille offers: Grille Company, Featherston's, and Say Cheese Pizza.

On the Natchez Campus the college grill is available for short-order food service. Full meal plans are also available.

DORMITORY INFORMATION – WESSON CAMPUS

Students who plan to reside in a dormitory are encouraged to make an on-campus visit to make a room reservation and to request roommates. A non-refundable room deposit of \$50 is due at the time a housing application is submitted. Rooms will be assigned according to classification and the date the room deposit was paid. ACT scores will also be a consideration in the assignment of dormitory rooms. Students are allowed the privilege of requesting a specific room and roommates at the time they pay deposits. This request will be honored if at all possible. Rooms will not be held for students after the first three days of classes, unless special arrangements have been made with the Dean of Student Services.

The reservation fee is NOT REFUNDABLE after August 1, unless students pay one semester's room rent. Students losing a dormitory key will be assessed a fee of \$100 to have the key replaced and the lock changed.

Men's dormitories are Simpson, Franklin, Ellzey, Lincoln, and Lawrence. Women's dormitories are Stevens, Stevens Annex, Copiah, Ellis Apartments, and Tri-Plex. Students should furnish their rooms with the following articles: sheets, pillows, bedspreads, blankets, towels. The rooms are furnished with single width beds and mattresses, dresser, desk and chairs. **All dormitories are non-smoking.**

DORMITORY STUDENTS - ACADEMIC GUIDELINES

All students must be enrolled in a minimum of 12 semester hours to live in the dormitory. To be eligible for honors housing, students must have a 20 or above ACT score or be a sophomore with a 3.0 or better GPA. Returning sophomore students will be given priority in honors dormitories if they request a reservation in Student Services by the third Friday in April.

Any student who is enrolled at Copiah-Lincoln must maintain a 2.0 GPA or better to be eligible for campus housing. All dormitory students who are in non-compliance with these GPA standards at mid-term (9 weeks) will be sent a written warning of their dormitory status. Notification of non-compliance of these regulations will be made by the Assistant Dean of Student Services.

Any student in non-compliance with the GPA requirements at mid-term will be required to attend counseling and study aid programs one night a week under the direction of the Dean of Student Services. The study aid program schedule will be posted in Student Services in advance of such times. If students at the end of the semester are in non-compliance, they will lose campus housing privileges.

Any person may appeal dismissal from campus housing. Such appeal must be in writing and directed to the Assistant Dean of Student Services. Any appeal by students not meeting these requirements will be directed to the dormitory appeals committee, which consists of the Assistant Dean of Student Services, the student's dormitory host or hostess, and the Dean of Student Services. This policy was endorsed by the Student Government Association in the spring of 1993.

EXTRACURRICULAR ORGANIZATIONS

Students are encouraged to participate in extracurricular activities because they are educational and promote social participation. Included are the band, Colettes and color guard, intramural sports, athletics (football, basketball, baseball, tennis, women's softball, soccer, and golf), the college choir, Sojourners, Ambassadors, and other musical groups.

COPIAH-LINCOLN FOUNDATION

The Copiah-Lincoln Foundation, Inc., is a non-profit organization and a separate entity from the college established under state law to accept and manage gifts to support programs and research of the college. Gifts to the Foundation are tax deductible.

The Foundation is managed by a separate board of directors. Inquiries should be directed to the Executive Director of the Copiah-Lincoln Foundation and Director of Alumni Affairs, P.O. Box 649, Wesson, MS 39191.

HEALTH SERVICES

For resident students, the college has a school nurse and a school doctor available to assist students with health issues. The school nurse is available Monday through Thursday, 10:00 a.m. to 3:00 p.m., and Friday, 10:00 a.m. to 1:00 p.m. Resident students in need of health services should report to Student Services to schedule an appointment with the school nurse or the school doctor. If a student needs assistance when Student Services is

closed, he/she should contact their dorm host or hostess. A clinic sponsored by King's Daughters Medical Center is open Monday, Wednesday, and Friday from 8:00 a.m. to 12:00 noon in the Stribling Building for all students, faculty, and staff. These services are not provided at the Natchez or Simpson campuses.

LIBRARY RESOURCES

Copiah-Lincoln Community College promotes educational excellence by providing library resources to the students, faculty, and staff wherever the educational experience takes place. Facilities located on each campus (the Evelyn W. Oswalt Library on the Wesson Campus; the Willie Mae Dunn Library on the Natchez Campus; and the Fred and Jewett Taylor Library at the Simpson County Center) house a carefully selected variety of materials that supports the curriculum of the college.

The district-wide resources include nearly 80,000 printed volumes, 29,000 electronic books, current periodicals, multi-media software, and online databases. An online catalog provides patrons access to the district-wide holdings. Students on one campus may borrow materials from the other campus. Each library provides patrons with computers for accessing the resources.

A vast range of information is available from the library website including access to the online catalog, state-wide databases provided by the MAGNOLIA and MELO consortiums, and databases provided by the college. From the library website, patrons can click links and access additional governmental and educational websites, as well as, the other academic institutions in Mississippi. The MAGNOLIA databases are funded through the Mississippi Legislature. The MAGNOLIA Steering Committee selects the databases which are included in MAGNOLIA. Currently MAGNOLIA provides access to *EBSCOhost*, *Wilson Biographies*, and *Credo Reference*. MELO is funded by a grant from the Mississippi State Board of Community and Junior Colleges. Through MELO five databases are provided to distance learning students. Databases included in MELO are selected by the community and junior college library directors.

Although the libraries are designed primarily as "self-service" operations, trained personnel are on duty to assist patrons in using the facilities. Library hours of service, contact information, and general rules are available on the library website at www.colin.edu/library. Passwords and instructions on the use of the databases can be obtained by contacting one of the libraries. As a service to the citizens of the district, the Evelyn W. Oswalt Library allows residents living in the seven-county district to borrow materials from the collection.

MAIL SERVICE

All dormitory students at Copiah-Lincoln Community College, Wesson Campus, may purchase mailboxes in Callender Hall. Mail should be addressed: Student Mail with student's name, box number, Copiah-Lincoln Community College, Wesson, Mississippi, 39191.

RECREATION

Copiah-Lincoln strives to continually improve the recreational facilities available to its student body. Recreational activities are provided in the Student Activity Center in Callender Hall. The Student Activity Center is equipped with pool tables. Callender Hall contains a regulation-size gymnasium on the second floor. This area is used for basketball and volleyball. The Fitness Room with machines and free weights is also located by Stone Stadium. Callender Hall is open at designated times Sunday through Thursday. On the Natchez Campus, a Fitness Room with weights, fitness machines, and an area for aerobic exercise is available to students, faculty and staff.

SEXUAL HARASSMENT POLICY

It is the policy of Copiah-Lincoln Community College to maintain a learning and working environment that is free from sexual harassment. No employee or student of the college district shall be subjected to sexual harassment. It shall be a violation of this policy for any member of the Co-Lin staff to harass another staff member or student through conduct or communications of a sexual nature. It shall also be a violation of this policy for students to harass other students or staff through conduct or communications of a sexual nature.

Each administrator shall be responsible for promoting understanding and acceptance of, and assuring compliance with, state and federal laws and board policy and procedures governing sexual harassment within his/her area of responsibility. Violations of this policy or procedure will be cause for disciplinary action.

STUDENT COMPLAINTS

Any student who wishes to make a formal complaint to the college regarding a college program, a service of the college, an employee of the college, or any other individual or aspect of the college, should take the following steps:

1. Contact the Vice President of the Natchez Campus, Vice President of the Simpson County Center, or the Dean of Student Services at the Wesson Campus, as appropriate;
2. Express the nature of the complaint and pertinent information in writing to the appropriate person (#1 above).

The college representative receiving the complaint will either handle the complaint personally or will refer it to the appropriate person for disposition. Students have a right to due process for any grievance. The due process procedures are listed and explained in the Student Handbook, which is available to every entering student.

All student complaints will be handled and final determination will be made by college personnel who are not directly involved in the alleged problem. No adverse action will be taken against the complaining student by college personnel as a result of the complaint.

STUDENT CONDUCT

One of the objectives of Co-Lin is to develop self-reliance and to form desirable and acceptable habits of conduct. Instead of numerous regulations designed to cover in detail

matters of student conduct, all students enrolled in Co-Lin will be expected to conform to the ordinary rules of a polite society. Some acts of misconduct which are unacceptable and subject the student to disciplinary action are listed in the Co-Lin Student Handbook.

All matters relating to discipline outside the classroom are under the jurisdiction of the Dean of Student Services at the Wesson Campus, the Vice President of the Natchez Campus, and the Vice President of the Simpson County Center. Student conduct in the classroom is under the jurisdiction of the Vice President of Instructional Services, the Dean of Career, Technical, and Workforce Education, the Vice President of the Natchez Campus, and the Vice President of the Simpson County Center. Specifics may be found in the “Classroom Etiquette” section of the Co-Lin Student Handbook.

STUDENT ORGANIZATIONS AND ACTIVITIES

Copiah-Lincoln Community College believes in and promotes a well-rounded program of student activities. It is a part of the philosophy of Copiah-Lincoln Community College that students gain development for life citizenship from participation in various student organizations as well as from classroom activities. Therefore, all students are encouraged to participate in some student activity.

Clubs to promote academic, cultural, and professional interest and growth among students are the Alpha Omega; Art Club; Baptist Student Union; Drama Club; Modern Foreign Language Club; National Vocational-Technical Honor Society; Student Society for Medical Laboratory Technicians; Student Society for Radiologic Technology; Student Practical Nursing Club; Martial Arts Club; Sigma Kappa Delta, (English Honorary); Food Service Committee; Future Teachers of America; Microcosm Staff; Association of Child Development Technology; Phi Beta Lambda; Phi Theta Kappa; Epsilon Phi Nu Sorority; President’s Council; Society of Manufacturing Engineers; Fellowship of Christian Students; Student Government Association; Trailblazers; Trillium Yearbook Staff; Skills USA; Health Occupations Students of America; Women’s Resident Council; Wesley Foundation; Wolf Tales newspaper staff; Mississippi Student Nurses Association; National Organization for Associate Degree Nurses; Student Adults Gaining Education (S.A.G.E.); El Club de Espanol; Future Teacher Club; Relay for Life; N-Sights newspaper staff; Refractions literary magazine staff; Circle K Club; Delta Epsilon Chi; College Republicans; Natchez Literary and Cinema Celebration; and Film Club.

Wesson Campus religious organizations include: Baptist Student Union, Wesley Foundation, and the Student Christian Association. Natchez Campus religious organizations include: Baptist Student Union.

To form a new organization or club, interested students must select a faculty advisor and with the advisor make application for a charter. The application for charter shall set forth the purpose, aims, and need for the new organization. The charter must be approved by the executive council of the Student Government Association and be signed by the President of the college before the new group shall be considered officially organized.

STUDENT SERVICES

The Division of Student Services bears the responsibility of providing those services to the students of Copiah-Lincoln Community College which are not directly related to actual classroom work. This division attempts to maintain adequate facilities and services

in the areas of housing, financial aid, food services, recreational activities, social activities, health services, student activities, athletics, counseling and student participation in self-government.

STUDENT SUPPORT SERVICES - Natchez Campus

The Student Support Services Program at the Natchez Campus is designed to assist students who are first generation, low income or disabled in developing skills required to be successful from the beginning of college until graduation. The program provides opportunities for students who recognize the need to gain proficiencies in the basic areas of reading, mathematics, and English.

The objectives of the Student Support Services Program are to:

- provide the student with effective study habits;
- provide academic advising and counseling;
- provide motivational workshops to foster a more positive self-concept and help the students to attain academic, social, and personal success;
- provide cultural enrichment opportunities; and
- assist in the overall goals of increasing retention/graduation rates.

Diagnostic testing, peer tutoring, career and personal counseling, self-help modules, mini workshops, academic advising and lab services in mathematics, reading, and English/writing are available to students through their college curriculum. A tracking system is also used to monitor students' academic performance.

The Learning Center provides computer-assisted and alternative instruction in reading, English/writing, mathematics, and study skills. Services are provided by professionals, faculty and peer tutors with computer-assisted instruction, videotapes, books and other learning modules. Students also have access to the Career Center and computer lab with the latest software and Internet capabilities.

TECH PREP CAREER CENTER

The Tech Prep Career Center, located in the Counseling Center of the Henley Building, provides career and educational information leading to further education, training, and job opportunities. The Counseling Center staff, along with the Personal Development Specialist, assists with career counseling services, including assessments, career exploration, educational and occupational information, employability skills training, and transitional services. While its use may be on a referral basis, the Tech Prep Career Center is open for all students, campus staff, business and industry, and the community.

The Tech Prep Career Center serves as a continuum of the high school career centers in the Co-Lin-Tech Prep Consortium and is designed to function in cooperation with other related services on the college campus.

TECHNOLOGY

The Technology Department at Copiah-Lincoln Community College provides and maintains the latest information technology for students, faculty and staff located on the Wesson and Natchez Campuses and the Simpson County Center. Major responsibilities include, but are not limited to coordinating, managing and securing all local and wide

area communication systems, maintaining all faculty, staff, and student network accounts and monitoring and enforcing the Electronic Use Policy as found at www.colin.edu/internetpolicies

VETERANS

POLICIES RELATING TO STUDENTS RECEIVING VETERANS BENEFITS

Veterans are admitted on the same basis as other students. Published calendars, policies and regulations apply to veterans receiving educational assistance from the Veterans Administration (VA) on the same basis as other students. Those receiving VA benefits will be responsible for awareness and compliance of all college guidelines in this catalog and other applicable publications. Based on VA rules and regulations, students receiving VA educational benefits will receive benefits for courses that apply toward a degree program only. Once VA eligibility has been certified, any change in student status, such as drops/adds, major changes or withdrawals from Copiah-Lincoln, must be reported to the VA Certifying Official.

Students intending to use VA benefits should contact the VA Certifying Official on the campus to apply for benefits and advance pay (as a minimum). Provided he/she applies in time, a check will be waiting for him/her for payment of fees at the beginning of the school year. It is Copiah-Lincoln's intent to provide efficient, effective, and timely service to students receiving VA benefits. In order to fully meet this intent, it is expected of all students receiving VA benefits to maintain close contact with the VA Certifying Official while attending Copiah-Lincoln.

VA records. A separate, VA-specific file may be maintained by the VA Certifying Official. This file will contain information relative to the student, his/her certification progress, and any other information relative to the student while on roll at Copiah-Lincoln. This file will be open to the student and the Veterans Administration at all times. Items in this file will become a part of their permanent student file.

Standards of progress and attendance. Students are admitted to Copiah-Lincoln Community College on a temporary basis until all admission requirements are met. Certification to the Veterans Administration is contingent upon all admissions requirements being met.

The policy of Copiah-Lincoln relative to conduct is outlined in the Student Handbook. All VA students enrolled are advised of these regulations and are expected to abide by them. A student receiving VA benefits who does not have a 1.5 GPA for work attempted during a given semester will be placed on academic probation at the end of that semester. The student will be placed on academic suspension at the end of the next semester if he/she does not have a 1.5 GPA for work attempted during that semester. A student placed on Academic Suspension will not be eligible to attend the following semester. A student who is on Academic Probation at another institution will be admitted only on a probationary status at Copiah-Lincoln Community College. A student who is on Academic Suspension at another college or university will not be eligible to attend Copiah-Lincoln Community College until he/she is eligible to return to the other institution.

Refund policy. The refund policy of Copiah-Lincoln Community College with reference to those receiving VA benefits is on a pro-rata basis for the number of weeks remaining in the semester, except for programs listed as having a limited number of student

slots and where acceptance into those slots is highly competitive. Consideration will be made to those who are activated for deployment as long as appropriate documentation is provided. This is provided the proper withdrawal procedure is followed and refund is requested.

Military training credit. Military training credit for veterans may be based on the current yearly Guide to the Evaluation of Educational Experiences in the Armed Services, and experiences gained from private trade schools and work experiences for students/teachers who have passed the National Occupational Competency Testing Institute Examination (NOCTI). All experiential learning for which college credit is granted are evaluated by the Admissions Office and credit is awarded by the Admissions Office. Copiah-Lincoln Community College will award military credit to veterans after an evaluation by the Office of Admissions. As an accredited institution and a member of the Southern Association of Colleges and Schools (SACS), Copiah-Lincoln is the final authority for assessing and transcribing credit for military training and experience. Copiah-Lincoln's established policy for the assessment and transcription of credit for military training and experience supersedes ACE credit recommendations and those of any other organization.

Copiah-Lincoln awards credit for military training and experience if based upon official documentation. Army, Navy, and Marine veterans, National Guard and Reservists wishing to receive military credit must have an official transcript sent to the Admissions Office. Army veterans, Army National Guard, and Army Reservists may request an AARTS (Army/American Council on Education Registry Transcript) transcript by mailing the request to AARTS Operations Center, 415 McPherson Avenue, Fort Leavenworth, KS 66027-1373 or through the AARTS online system. Sailor/Marine veterans, and members of Navy and Marine National Guard, and Reserve units may request a SMART (Sailor/Marine American Council on Education Registry Transcript) transcript by mailing the request to NETPDTC, Navy College Center, Code N27, 6490 Saufley Field Road, Pensacola, FL 32509-5204 or through the SMART online system. Air Force veterans, National Guard and Reservists may request a Community College of the Air Force transcript by mailing the request to CCAF/RRRA, Simler Hall, Suite 128, 130 Maxwell Blvd., Maxwell AFB, AL 36112-6613 or through the CCAF online system. It is the student's responsibility to obtain all records. Documentation becomes part of the student's academic record and becomes the property of Copiah-Lincoln. All documentation will be submitted to and evaluated by the Admissions Office. The Admissions Office will determine credit as being career, technical, or academic in nature as well as the number of credit hours awarded to the student. If a student plans on using credit toward the technical degree (Associate of Applied Science) or a career certificate, the student's primary instructor must complete any appropriate course substitution forms.

WORKFORCE

The Workforce Division is responsible for the awarding of **Continuing Education Units (CEUs)**. CEUs are units of measure used as a means of recording an individual's participation in non-credit classes. Units are issued after successful completion of each class. One CEU is awarded for every ten contact hours of participation in an organized, continuing education experience under responsible leadership, capable direction, and qualified instruction. Records of CEU credit are maintained in the Office of Admissions and Records on the Wesson Campus.

The **Workforce Development Center** offers programs and services designed to assist companies and individuals in meeting the challenges of a changing workplace. For many businesses and industries, these include developing training curriculum and specific long-range training plans; on-site customized training; industry or firm-related pre-employment training; basic skills classes; leadership and supervisory skills training; soft-skills training classes; and assistance in quality management training. Furthermore, the Workforce Development Center is staffed to provide individuals who need training or retraining with assessment, counseling, and referrals to training or jobs; pre-employment training; basic skills training and high school equivalency education; and short-term job skills training.

The **Workforce Investment Act (WIA) Student Program** provides counseling and support services for students who meet certain eligibility requirements according to policies established by the local workforce board, Southcentral Mississippi Works and the Central Mississippi Planning and Development District. This program provides career-technical skills training and basic skills preparation for eligible students in a variety of educational programs.

EXPENSES

STUDENT CONSUMER INFORMATION

In compliance with Section 493A of the Higher Education Act of 1965 as amended, certain consumer information will be made available to any student or prospective student at Copiah-Lincoln Community College. This information will include a description of all financial aid programs plus scholarships available to students, application procedures, eligibility requirements, criteria for recipient selection, a statement of the rights and responsibilities of students, means of payments and any other financial aid information. Information will also be made available concerning cost of attendance, curricula offered, refund policy, student retention, the number and percentage of students completing programs, facilities for the disabled and other general information pertaining to Copiah-Lincoln Community College. The financial aid office will provide this information to students requesting it or help students obtain the information.

TUITION AND FEES

All fees are payable at the time of registration. All dormitory students will be required to purchase a five-day meal ticket at \$725. These meal tickets are not transferable. The right is reserved to increase any expenses as necessary.

Students may be required to move from a dormitory or may be dropped from class if fees are not paid as agreed.

- \$900 per semester for full-time students (12 hours or more)
- \$105 per semester hour for part-time students
- \$1800 per semester for full-time, out-of-state students
- \$180 per hour for out-of-state, part-time students

Housing (Wesson Campus)

- \$575 residence halls per semester
- \$50 housing deposit (payable with housing application)
- \$10 mailbox rental (optional)

Meals (Wesson Campus)

- \$725 per semester for five-day meal plan
- \$950 per semester for seven-day meal plan
- \$325 per semester for commuter meals

Meals (Natchez Campus)

- \$400 per semester for lunch-only meal plan (5 meals)
- \$200 per semester for lunch-only meal plan (3 meals)

Tuition and fees are subject to change without notice.

SPECIAL FEES

Fees for on-line classes are \$30.00 per course. Fees for special interest classes and evening career-technical classes will be announced prior to registering for each non-academic class.

The Associate Degree Nursing Program and many career-technical programs require students to purchase uniforms, specialized materials, and/or equipment in addition to other fees.

Auditing fees are one-half of regular tuition per semester hour.

GRADUATION FEE

A graduation fee of \$40.00 is due and payable upon application for graduation. A late fee of \$15.00 will be assessed after the graduation application deadline.

STATEMENTS OR BILLS

A statement of account is mailed to each student at the address provided by the student in the Admissions Office, except upon special request to the Vice President of Business Affairs. Students will be responsible for seeing that their fees and expenses are paid when due and as agreed with business office personnel.

REFUND POLICY

Students who withdraw from college or drop a course without adding another are refunded tuition and room rent according to the full-time status on the following schedule:

First calendar week	75% of tuition
Second calendar week	50% of tuition
Third calendar week	25% of tuition
After third calendar week	No refund

Meal ticket refunds are pro-rated on the number of weeks remaining in the semester. (Semesters based on 17 weeks). Refunds are made only when a student has officially dropped a course or has officially withdrawn from school.

The refund policy of Copiah-Lincoln Community College with reference to Veterans, Veterans' Widows, or War Orphans enrolled under chapter 34 or 35 in non-credit clock hours courses, is on a pro-rata basis for the number of weeks remaining in the semester. This is provided the proper withdrawal procedure is followed and refund is requested.

EXCEPTION: No refund for tuition and fees will be given to students who are accepted into programs which have a limited number of student slots and where acceptance into those slots is highly competitive. Those programs include:

- Associate Degree Nursing
- Medical Lab Technology
- Medical Radiologic Technology
- Practical Nursing
- Respiratory Care

SUMMER/CLIC SHORT TERM COURSES: No refund after the first class meeting.

FINANCIAL AID

The financial aid programs at Copiah-Lincoln Community College are funded by the college, individual donations to the college, the federal and state governments. This aid is made available to help deserving students further their education. Financial aid is divided into four major categories – scholarships, grants, loans, and work-study.

Academic promise and financial need are two basic requirements for eligibility. The availability of funds is a very important factor relative to the total number of students who receive financial aid. Aid is awarded in various amounts for the fall and spring semesters of one academic term at a time. Financial aid is not automatically renewable. All recipients of financial aid must re-apply annually.

Institutional Scholarships: All institutional scholarships are honored upon enrollment during the first semester following the recipient's high school graduation. Scholarship recipients are expected to maintain a full-time enrollment status along with a 3.0 grade point average. Withdrawal from the college terminates these scholarships. Academic scholarships are for Mississippi residents only.

Information is available in the Counseling Center for Leadership scholarships. Full tuition scholarships are awarded for the following: Valedictorian, Salutatorian, National Merit Finalist/Semi-Finalist, and Academic (ACT scores 25 and over). Academic half-tuition scholarships are awarded for ACT scores ranging from 20 to 24.

Grants/Work-Study/Student Loans: CLCC participates in the Federal and State Student Aid programs, such as, Pell grant, Academic Competitiveness grant (ACG), Federal Supplemental Education Opportunity grant (FSEOG), MTAG, MESG, HELP, LEAP, Federal work-study, Federal Stafford loans and Parent Plus loans.

A complete listing of all financial aid programs available along with required applications can be found at www.colin.edu/financialaid and in the Copiah-Lincoln Community College Student Handbook. Only applicants who have been accepted for admission to the college will be considered for financial assistance.

ENDOWED SCHOLARSHIPS

Endowed scholarships are made possible by individual donations. These scholarships are presented at Awards Day which is held in the spring of each year. Applications and detailed information about each of these scholarships can be obtained from the Financial Aid Office on the Wesson campus or in the Office of Admissions on the Natchez Campus and at the Simpson County Center. Applications are available in January and February of each year.

WILLIE AND RICE AINSWORTH MEMORIAL SCHOLARSHIP – This endowed scholarship honors Ms. Willie Ainsworth and her father, Rice Ainsworth; both of Simpson County. Two scholarships will be awarded each year to two Simpson County students.

WADE ALEXANDER MEMORIAL SCHOLARSHIP – This scholarship was established by friends and family members of Wade Alexander who taught social science at Co-Lin for 26 years and was chairperson of the social science division. He was a Co-Lin graduate and was inducted into the Athletic Hall of Fame in 1992.

ELBERT AND EUGENIA ALLEN CAREER-TECHNICAL SCHOLARSHIP –

This scholarship was established through the estate of the late Elbert and Eugenia Allen. The scholarship will be awarded to a career-technical student with a “C” average.

W. C. “POP” ALLEN & HENRY S. ALLEN SCHOLARSHIP – The families of Elgin K. Walley, the late William Curtis Allen, and Henry Spurgeon Allen established this scholarship in May, 1991. The scholarship recipient is to be a student who plans to attend Co-Lin both years. Selection will be made on a need for financial assistance; one who exemplifies Christian ideals and demonstrates good sportsmanship in all activities of the campus; one who maintains quality work. A preference will be given to a Lincoln County student.

ROBERT E. “BOB” ANDERSON AND BONNIE D. ANDERSON CAREER-TECHNICAL MEMORIAL SCHOLARSHIP – This scholarship, established by family and friends in memory of Mr. and Mrs. Anderson, is awarded annually to an outstanding career-technical student.

MARY LILLA ASHLEY EDUCATION FUND – This fund, established by the late Miss Mary Lilla Ashley, will be awarded to adult students from Copiah, Lawrence, and Lincoln Counties who have re-entered college to complete or further their college education to enter the teaching field.

NOEL H. ASSINK DATA PROCESSING SCHOLARSHIP – This scholarship was established by the late Mr. Noel Assink, former instructor for data processing at Co-Lin. This scholarship will be awarded to a data processing major.

ASSOCIATE DEGREE NURSING STUDENT SPONSORED SCHOLARSHIP – This scholarship was established by the A.D.N. class of 1997 and 1998 for a student in the Associate Degree Nursing program who has a financial need.

BATEMAN CREATIVE WRITING AWARD – This scholarship for outstanding creative writing students was established by Mr. and Mrs. James A. Bateman of Hazlehurst.

GENE AND SUSIE BATES SCHOLARSHIP – This scholarship was established in the spring of 1995 by Mr. Bates, long-time Board of Trustee member, and Mrs. Bates, to be awarded to a student from the Natchez Children’s Home who has selected to attend either the Wesson or Natchez Campus or to another worthy student in the district.

BEALL FAMILY SCHOLARSHIP – Mr. and Mrs. Sam “Buddy” Beall of Wesson established this scholarship to assist a worthy student at Copiah-Lincoln Community College. The scholarship will be awarded to a freshman who has a Wesson home address, to be used to attend Copiah-Lincoln Community College for the sophomore year.

BELLSOUTH SCHOLARSHIP – BellSouth Telecommunications, Inc. established this scholarship with a grant to Co-Lin. The scholarship is to assist deserving young men and women who are pursuing a degree in education or business at Co-Lin.

USAF MAJOR THOMAS WARING “BUDDY” BENNETT, JR., MIA SCHOLARSHIP – This scholarship is awarded by the parents of United States Air Force Major Thomas Waring “Buddy” Bennett, Jr. who is “missing in action” in Vietnam since 1972. The recipient of this scholarship must be an Adams County resident, and must attend the Natchez Campus of Copiah-Lincoln Community College.

THE LEE WILL AND MARY LOYCE BERRY SCHOLARSHIP FUND – This scholarship was established by Kathy Berry Dugas to honor her parents. The scholarship recipient(s) shall be a deserving student(s) who wish(es) to attend Copiah-Lincoln Community College, from Copiah County, Mississippi, on the basis of leadership, academic achievement and financial need.

GLOVER MAE BOARDEN BOOK SCHOLARSHIP – This scholarship was established in 2006 by James Ewing and Margaret Ewing Thomas. The scholarship is designated to go to a student who is a descendent of Glover Mae Boarden and who has a demonstrated financial need.

SUZANNE BOYD MEMORIAL TROPHY SCHOLARSHIP – During the session 1940-41, American Consul General and Colonel John H. Boyd of Wesson, Mississippi, and Nice, France, established this scholarship.

ANN D. BRADBERRY SCHOLARSHIP – The Ann D. Bradberry Scholarship was established in 1991 in memory of Mrs. Bradberry. The scholarship is designated to go to an outstanding Trailblazer whose character and leadership exemplifies the spirit of a Co-Lin Trailblazer. Criteria for selection of the recipient include maintaining a 2.5 or better grade point average and being from a supporting county in the Co-Lin district.

BROOKHAVEN LION’S CLUB SCHOLARSHIP – This scholarship was established by the Brookhaven Lion’s Club in 2000. It will be awarded annually to a returning sophomore from Lincoln County with a 2.0 GPA or better.

ADA ROGERS BRUMFIELD MEMORIAL SCHOLARSHIP – This fund was established by the Brumfield family. This scholarship is awarded annually to a returning sophomore in the Associate Degree Nursing Program from Lincoln County.

DR. ROBERT BENNIE CHANNELL MEMORIAL SCHOLARSHIP – This endowed scholarship was funded by a gift from the estate of Dr. Robert Bennie Channell. Dr. Channell, a resident of Hazlehurst, died in 2001. He was a 1943 graduate of Copiah-Lincoln, earned his master’s degree from Mississippi State and earned a doctorate degree from Duke University. He taught at Mississippi State, Mississippi Gulf Coast Research Laboratory and Vanderbilt University. He was a well-known lecturer and speaker and served as director of Harvard University Herbarium. He was a botanist and a specialist on the plant trillium, one species of which bears his name. This scholarship will be awarded to a deserving Copiah-Lincoln student majoring in one of the sciences.

C. C. CLARK MEMORIAL SCHOLARSHIP – The C. C. Clark Memorial Scholarship was established in 1984 by the college’s Board of Trustees and by family and

friends of the late Mr. Clark. Mr. Clark was a member of the Board of Trustees of Copiah-Lincoln for 23 years. The recipient must be planning to return to Copiah-Lincoln for his/her sophomore year. Preference will be given to a Lincoln County student.

COLETTE SCHOLARSHIP – This scholarship was established by former Colettes during their reunion in 2000. It will go to a deserving, returning sophomore Colette in the Co-Lin district.

COPIAH-LINCOLN COMMUNITY COLLEGE FOUNDATION/NATCHEZ CAMPUS SCHOLARSHIP – These scholarships were established to assist well-deserving, sophomore-level students who have maintained a 3.20 GPA. Monies to fund these Natchez Campus scholarships are generated by the annual Co-Lin Foundation Natchez Golf Classic.

COPIAH-LINCOLN EDUCATORS' FEDERAL CREDIT UNION ENDOWED SCHOLARSHIP – This scholarship was established in 2007. Recipient selection is based on recommendations from the Copiah-Lincoln Educators' Federal Credit Union Board of Directors. The recipient must be a member of the Credit Union or the child of a Credit Union member in good standing, be a full-time student at Co-Lin, and have a demonstrated financial need. The student must have a minimum cumulative 2.5 GPA and submit two letters of recommendation.

COPIAH-LINCOLN LAWRENCE FIFTY PLUS CLUB SCHOLARSHIP – This scholarship is to be awarded annually to a second semester freshman enrolled in the professional food service program.

JASON COUNTS MEMORIAL SCHOLARSHIP – The scholarship was established by Margie Lowery and Pat and Celeste Lowery. It will be awarded to a deserving music student and selected by the faculty of the music department.

KEITH DANIELS MEMORIAL SCHOLARSHIP – This scholarship has been established by Dr. Ken Walley and other friends and family. The scholarship will go to an in-district sophomore athlete showing financial need.

ANNETTE WEST DONNAN MEMORIAL SCHOLARSHIP – This scholarship was established in memory of Dr. Annette West Donnan. The scholarship is supported by donations from school, church and other community members interested in furthering education in Adams County, Mississippi and is awarded to a deserving student at the Natchez Campus.

LAURA FULLER DUKE MEMORIAL SCHOLARSHIP – This scholarship was established by friends and family of Laura Fuller Duke. She was a 1997 Co-Lin honors graduate from Lawrence County.

BEATRICE AND CECIL FARMER MEMORIAL SCHOLARSHIP – Scholarship applicants must be a graduate of Simpson County Academy, have a B average, be of good character, and plan to be a full-time student at Copiah-Lincoln Community

College.

HAMMONS FAMILY SCHOLARSHIP –The recipient must be a full-time student and a rising sophomore enrolled at the Wesson campus. The recipient must have at least a 3.2 grade point average in his/her major field of study. Preference will be given to but not limited to students from Copiah County, Mississippi.

REVEREND M. L. DOUGLAS MEMORIAL SCHOLARSHIP –Criteria for selection includes a need for financial assistance; a student who exemplifies high Christian ideals; one who shows care and concern for others; one who is active in campus life and who has maintained at least a 2.0 grade point average.

RUSSELL ELLZEY MEMORIAL SCHOLARSHIP – This scholarship was established in 1974 by Mr. and Mrs. J. C. Redd in honor of Mr. Russell Ellzey, the first president of Copiah-Lincoln.

J. M. EWING MEMORIAL SCHOLARSHIP – In the fall of 1973, the late Mr. J. C. Redd of Jackson, Mississippi, a Copiah-Lincoln Community College alumnus, established the J. M. Ewing Memorial Scholarship in honor of Dr. J. M. Ewing, the second president of Copiah-Lincoln.

MAGGIE FLOWERS EWING SCHOLARSHIP –The scholarship will be awarded to a deserving incoming freshman who is a vocal major. Selection will be made from recommendations from the college's music faculty. Mrs. Ewing, who was Copiah-Lincoln's first lady from 1932 until 1956, came to Co-Lin in 1922 as a music faculty member and is remembered for her outstanding vocal students and groups and for leading school spirit.

F. M. FORTENBERRY SCHOLARSHIP – Francis Marion Fortenberry served Copiah-Lincoln in many capacities from 1939-1968. He was president of Co-Lin from 1956-1968 and resigned this position to become director of the Division of Community/Junior Colleges in the Mississippi State Department of Education.

NONA G. FORTENBERRY SCHOLARSHIP – Criteria for the selection of the recipient shall be a student of sophomore standing on the Wesson Campus who lives within the Copiah-Lincoln District; be enrolled in a Business Technology Program (secretarial); have a minimum 3.0 (B) grade-point average; and displays qualities of leadership, integrity, and dependability.

B. R. AND FRANCES B. FRAZIER SCHOLARSHIP – Mr. and Mrs. B. R. Frazier established this scholarship to assist a young Mississippi Baptist freshman student.

LESTER R. (RANDY) FURR, JR. MEMORIAL BAND SCHOLARSHIP –Randy Furr, a 1970 graduate of Co-Lin, was an active member of the band for four years (two of the years as a high school student). Because of Randy's interest in the band program at Copiah-Lincoln, his family and friends established this endowed scholarship in his memory.

DR. HOWELL AND CANDACE GARNER ENDOWED SCHOLARSHIP – This scholarship was established in 2008 by the faculty and staff of Copiah-Lincoln Community College in honor of Dr. and Mrs. Garner. The award will rotate annually among the three Copiah-Lincoln campuses. Criteria for student selection include full-time student status, a returning sophomore, a minimum of 3.0 GPA, good character, and high moral standards.

LUTHER GARRETT MEMORIAL SCHOLARSHIP – This scholarship has been established by the friends of Luther Garrett, a graduate of Copiah-Lincoln and a former Director of Vocational-Technical Education at Copiah-Lincoln from 1962-1968.

DORIS BALL GREEN MUSIC SCHOLARSHIP – This scholarship is currently being established. Mrs. Green was the first ever Miss Co-Lin and dedicated her professional life to music education in south Mississippi. Preference is given to students in the Co-Lin district. The scholarship will be awarded to sophomore music majors who show promise in music, and preferably to one who shows a financial need.

JODIE KYZAR GREER GEORGE SCHOLARSHIP – The scholarship will go annually to a deserving student from either Lincoln or Lawrence Counties. Financial need will be a priority. The recipient should maintain a reputable grade point average. Mrs. George was a retired educator and a past president of the Copiah-Lincoln Alumni Association.

LURA M., LARRY, AND DALE GREER MAJOR DONOR ENDOWED SCHOLARSHIP – This scholarship is to be awarded annually to a resident of Copiah County who is a returning sophomore at Copiah-Lincoln. The recipient must be a mathematics, physical or biological science curriculum major and have maintained a minimum cumulative 3.5 grade point average during his/her freshman year of study.

DEAN JONES GIBSON MEMORIAL SCHOLARSHIP – Mrs. Gibson was a long-time English instructor at Copiah-Lincoln Community College, Natchez Campus. This scholarship will be awarded annually to an outstanding returning Natchez Campus sophomore student who shows academic promise and is not receiving other aid to cover total school tuition and book costs. Preference will be given to a student majoring in English or the humanities.

JULIA GUESS MUSIC SCHOLARSHIP – The scholarship will be awarded annually to a freshman piano or voice major who plans to return to Co-Lin for his/her sophomore year. Basis for selection shall be performance and ability in music, need, academic achievement, and a desire to succeed.

HENRY CAMERON HADSKEY AND MARY LINDSAY LEHMANN HADSKEY SCHOLARSHIP FUND – This scholarship was established in 2008 by family members in the name of the grandparents of Dr. Ronnie Nettles, President of the College. Henry and Mary had six children, all of which attended Copiah-Lincoln Junior College. They would be proud to know that one of their grandchildren, Dr. Ronald E. Nettles II, would serve as president of Copiah-Lincoln Community College. The scholarship will help provide an education for full-time students from Franklin and Jefferson counties.

THE ANNIE LEE HARDISON MEMORIAL NURSING SCHOLARSHIP –

This scholarship is to assist a deserving first year nursing student from Lawrence County. The scholarship was established to memorialize Mrs. Annie Lee Hardison, mother of Asa Hardison, member of the Foundation board of directors, and grandmother of Co-Lin faculty member Casey Hardison-Peavey.

CORDELIA HARVEY MEMORIAL SCHOLARSHIP – This scholarship will be awarded to any student in the Co-Lin district majoring in lab tech, pre-nursing, or pre-med (health sciences) that shows the greatest need.

W. S. HENLEY MEMORIAL SCHOLARSHIP – This scholarship has been established by the former Merchant and Planters Bank (now Trustmark) of Hazlehurst, the Board of Trustees of Copiah-Lincoln, and friends of Mr. Henley. Mr. Henley served on the Board of Trustees from 1924 until his death in October 1974. From 1934 to July 1974, he served as Chairman of the Board of Trustees.

HODGES FAMILY SCHOLARSHIP – The Hodges family established a scholarship in the spring of 1991 in appreciation of their parents' role in helping establish Copiah-Lincoln Agricultural High School. There were seven of the Hodges children, F. B., Lucien, Graham, Frances, Jimmy, Lucille and Jessie Anna, all of whom were graduates of the high school or of the college. The scholarship will be awarded annually to an outstanding creative writing student on the Wesson campus.

MR. AND MRS. K.R. HODGES SCHOLARSHIP – The scholarship shall be awarded annually to one or more qualified candidates to support their attendance at Copiah-Lincoln Community College or any college or university of their choice, for study leading toward a medical degree. The annual amount awarded to any one student shall not exceed \$500.00. The basis of selection shall be: financial need, enrollment in a medical curriculum, and a minimum 3.0 grade point average. The recipient must also show outstanding character and a desire to better himself or herself.

ROBERT K. HOWARD MEMORIAL SCHOLARSHIP – This scholarship was established in 1996 in memory of Robert K. Howard, a 1993 graduate of the practical nursing program. The scholarship is awarded to a student in the practical nursing program who has worked in a health-related job and who demonstrates a financial need.

ILR SCHOLARSHIP – This is a general scholarship established by the Institute for Learning in Retirement. The scholarship will be awarded to an in-district returning sophomore with a 3.0 average. Preference will be given to grandchildren of ILR members.

TOM EARL AND RUBY HOGG JAMES SCHOLARSHIP – The Tom Earl and Ruby Hogg James Scholarship was endowed with a bequest from Mrs. James through her nephew, Claude A. Walker of Laurel. The scholarship will be awarded to deserving students from the Copiah County area.

DARLENE JOHNSON MEMORIAL SCHOLARSHIP – The Co-Lin Trailblazers have established this scholarship in memory of Nancy Darlene Johnson. The scholarship will be awarded each year to a sophomore Trailblazer who has, in the opinion of fellow Trailblazers and advisors, represented Copiah-Lincoln in an outstanding manner, exemplifying the spirit of a Trailblazer.

JOHN “JACK” JOHNSON SCHOLARSHIP – Established in 1995 by friends of Jack Johnson, who worked at Co-Lin for over 45 years. The scholarship will be awarded to a deserving minority student.

DONALD AND SARAH JOHNSON SCHOLARSHIP – The Donald and Sarah Johnson Scholarship was established in 1988 to help young people who attend Copiah-Lincoln to develop their talents for a more productive and enjoyable life. The scholarship will be awarded each year to a returning sophomore who is planning to major in the field of engineering, pre-pharmacy, pre-dental, pre-medicine, or teacher-education with emphasis in science or mathematics.

THELMA HEMPHILL JONES SCHOLARSHIP – This scholarship has been established by Mrs. Thelma Jones in memory of her husband, the late Reverend Doctor Otis Jones. Preference for this scholarship will be given to a student pursuing religious training.

TOM AND DORIS KELLY SCHOLARSHIP – The Tom and Doris Kelly Scholarship was set up by the Kelly family in appreciation of what Co-Lin has meant to them. The interest from the principal of the scholarship will be awarded annually to a worthy academic student.

WAYNE KING MEMORIAL SCHOLARSHIP – This scholarship was established in 1999 in memory of Wayne King by his friends and family. Wayne was an avid outdoorsman and craftsman from Brookhaven who benefited from the Vo-Tech program at Copiah-Lincoln Community College. It will be awarded to a Lincoln County career-technical student who shows financial need.

PERIPATETIC CLUB SCHOLARSHIP – This scholarship was established in 2006. The gift from the final assets of the club established an endowed scholarship in the name of the Peripatetic Club. The club was a women's organization that existed in Brookhaven from 1905 until 1995.

DR. PHYLLIS H. LANIER MEMORIAL SCIENCE SCHOLARSHIP – This scholarship was established in November 2000 by friends and faculty members. Dr. Lanier taught chemistry at Co-Lin from 1963 until 2001 and served as chairperson of the science division. The scholarship will be awarded to a sophomore with a 3.0 GPA or better and must be an allied health or science teacher education major or pre-professional.

JAMES M. LEWIS SCHOLARSHIP – James M. Lewis, principal of Co-Lin High School from 1948 to 1968 and registrar of Co-Lin Junior College from 1963 to 1977, is honored by this scholarship. The scholarship recipient must be an incoming freshman on

the Wesson Campus.

JAMES ROBERT “JIM” LOWERY MEMORIAL SCHOLARSHIP – This scholarship was established in 1980 by the members of the 1978 Copiah-Lincoln High School Senior Class, his family and friends. This scholarship is awarded each year to a Wesson High School graduate who plans to attend Copiah-Lincoln Community College.

MICHAEL G. LUSK, SR. PRE-ENGINEERING SCHOLARSHIP – Michael G. Lusk, Sr. of Wesson and Houston, Texas, established this scholarship in the spring of 1991. The scholarship will be awarded to a deserving pre-engineering student.

H.F. McCARTY, JR. ENDOWED SCHOLARSHIP – This scholarship was established in 1999 by the Hyman F. McCarty, Jr. family to provide financial assistance for one or more students at Copiah-Lincoln Community College. This scholarship will be awarded to a student who is a resident of Simpson County and has demonstrated financial need. The recipient must be a student who is graduating in the top 10% of his/her high school class or is renewable to a sophomore college student who has maintained a 3.5 grade point average or better.

F. KENNETH MCCALIP MEMORIAL SCHOLARSHIP – This scholarship honors the memory of Kenneth McCalip, the deceased husband of Gwen McCalip, Director of Admissions and Records at the Natchez Campus. The recipient must be a sophomore on the Natchez Campus with a minimum GPA of 3.2.

SHERRY W. McDONALD MEMORIAL SCHOLARSHIP – This scholarship was established in memory of Mrs. Sherryn W. McDonald, a member of the Co-Lin/Natchez faculty at the time of her death. The scholarship is funded by donations from school, church, and other community members interested in furthering education in Adams County, Mississippi.

CHARLES W. “BILLY” McGEHEE SCHOLARSHIP – A 1960 Co-Lin graduate, Mr. McGehee is currently chairman of the Board of Croft Metals, Inc. in McComb. This scholarship is for an entering freshman from Franklin County seeking an associate degree.

JOHN WILLIAM “BILL” McGUIRE, SR. SCHOLARSHIP – The John William “Bill” McGuire, Sr. Scholarship was established in the spring of 1997 in memory of Mr. McGuire by his family. The scholarship will be awarded to a returning sophomore student at Co-Lin who resides in the Co-Lin district. The basis of selection will be: financial need, a 3.0 grade point average, and completion of at least eight (8) hours of laboratory science (not to include general biology) by the end of the freshman year.

MISSISSIPPI MEDIA PROFESSIONALS SCHOLARSHIP – This scholarship was established in 1996 for a sophomore student who is a media major (journalism, communications, public relations, etc.) and who shows promise in his or her field.

HATTIE LOU MONTGOMERY MIDDLETON SCHOLARSHIP – The Hattie Lou Montgomery Middleton Scholarship has been established by her family. The scholarship will be awarded to a second year student, preferably from Copiah County, who is planning to enter the field of education.

GRAYDON L. AND HELEN E. MULLEN MEMORIAL SCHOLARSHIP – The family and friends of Graydon L. and Helen E. Mullen have established this scholarship in memory of Mr. Mullen, who served as Co-Lin business manager from 1946 until his untimely death in 1966, and Mrs. Mullen, who served in many capacities from 1946-1994.

MALCOLM NESMITH MEMORIAL SCHOLARSHIP – This scholarship was established by the family and friends of Malcolm Nesmith, Copiah-Lincoln Community College head football coach at the time of his death. This award is reserved for an outstanding sophomore football player.

IDA B. OLSON NURSING SCHOLARSHIP – This scholarship has been established on Copiah-Lincoln Community College's Wesson Campus by Mr. and Mrs. Frank Pitts. The scholarship will be awarded annually to a student in Co-Lin's practical nursing program who has financial need and who has demonstrated hard work, kindness and patience while working and caring for patients in the clinical phase of the program. The recipient will have shown that the patient is the most important one to be cared for.

FRANK AND EVELYN OSWALT SCHOLARSHIP – This scholarship was established by the late Mr. and Mrs. Frank Oswalt. The Oswalts were long-time supporters of Copiah-Lincoln. Mrs. Oswalt, a retired librarian, had the library named in her honor. Mr. Oswalt was also a former employee of the college.

KEN AND RUTH PATTERSON SCHOLARSHIP – The late Mr. and Mrs. Ken Patterson, who were life-long residents of Wesson, Mississippi, established the Ken and Ruth Patterson Scholarship, to assist some worthy young person at Copiah-Lincoln Community College.

DR. JOEY H. PAUL MEMORIAL SCHOLARSHIP – A scholarship in memory of Joey H. Paul, a long-time Copiah-Lincoln Community College Computer Science and Mathematics instructor, is awarded annually to a Mathematics or Computer Science sophomore student enrolled full-time at the Natchez Campus with 28 credit hours scheduled to be earned by the fall semester of the sophomore year. The recipient(s) will not be eligible to hold a second academic scholarship for the same time period.

DR. REX R. PEARCE MEMORIAL SCHOLARSHIP – A scholarship was established in 1991 in memory of Dr. Rex Pearce by Mrs. Jodie Kyzar Greer George of Jackson and her sister, Mrs. Nina Kyzar Wallace of Jayess, and by other friends, former students, and family members. The scholarship will be awarded annually to a freshman social science major who has excelled, who plans to enter the teaching field and who plans to return to Co-Lin for the sophomore year.

HARDY PERRITT AWARD FOR EXCELLENCE IN WRITING – The family of the late Dr. Henry Hardy Perritt of Whitehouse, Texas, has established this scholarship in his memory. The scholarship will go each year preferably to a sophomore who has demonstrated excellence in writing and who plans to continue his/her education.

THE L. FRANK PITTS SCHOLARS FUND – This endowed scholarship fund was established by Mr. L. Frank Pitts of Dallas, Texas, to provide full tuition/fees scholarships to deserving students at Copiah-Lincoln. In order to be eligible for the award, the student must have a minimum ACT score of 25, be a resident of one of the seven counties within the Co-Lin service area, be a student on the Wesson Campus, and have a cumulative 3.0 grade point average with all course work completed at Copiah-Lincoln Community College, Wesson, Mississippi.

MARTHA AND FRANK PITTS SCHOLARSHIP – This scholarship was established by Mr. and Mrs. Frank Pitts of Dallas, Texas, to assist a worthy practical nursing student each year. Mr. and Mrs. Pitts are alumni of Copiah-Lincoln. Because of the late Mrs. Pitts' desire to be a nurse, this scholarship was established to be awarded to a practical nursing student.

REX POPPLEWELL SCHOLARSHIP – This scholarship was established by Mr. Popplewell for a student entering the two-year machine shop program who needs financial assistance. Should there be no request from such, the award may go to a student wishing to graduate from an automotive technology or welding program. The Scholarship Selection Committee of the college will choose the recipient annually.

MILDRED NEWMAN POWE SCHOLARSHIP – This scholarship was established by Mrs. Gaye Powe Platt to honor the memory of her mother, Mrs. Mildred Newman Powe.

RUSSELL RAY LEADERSHIP ENDOWMENT – This scholarship was established in 2002 by the Co-Lin Trailblazers and the Eta Omega Chapter of Phi Theta Kappa. It is to be awarded to a freshman for their sophomore year. The recipient must be a member of the Trailblazer recruitment team and Phi Theta Kappa.

E. A. REDD MEMORIAL SCHOLARSHIP – This scholarship is in memory of E. A. Redd, a long-time Board of Trustees member from Adams County. The scholarship will be awarded annually to a technical or career student enrolled full time at the Natchez Campus. Career or technical students who have maintained a 3.0 G.P.A. and who are active in campus activities will be eligible for this award. The recipient(s) will not be eligible to hold a second academic scholarship for the same time period.

TARA REYNOLDS MEMORIAL SCHOLARSHIP – This scholarship was established in memory of Tara Elizabeth Reynolds. The scholarship will be awarded annually to a graduating sophomore from Co-Lin with a 3.0 or better grade point average who is a Mississippi resident, is pursuing a bachelor of science in nursing degree, and has completed all the pre-nursing degree requirements at the time of graduation from Co-Lin. The recipient must show proof of acceptance into a school of nursing before the funds are

sent to the institution. The funds for this award will be divided equally between the two semesters of the recipient's junior year.

ALTON AND JEAN RICKS SCHOLARSHIP – This scholarship was established in 1992 in honor of Alton and Jean Ricks by their friends and family. The scholarship will be awarded annually to an education major from Copiah County, with preference given to a graduate from Wesson High School.

JOHN E. RUSSELL MEMORIAL SCHOLARSHIP – This scholarship was established in the fall of 1996 by former students of John Russell, a former choral director at the college. The scholarship is for a student enrolled in music courses and who is active in choral/music activities.

JESSE W. SANDIFER MEMORIAL SCHOLARSHIP – The will of the late Jesse W. Sandifer established this scholarship in 1988. Mr. Sandifer was retired from Copiah-Lincoln's physical plant staff where he had been a long-time dedicated employee.

J. EDGAR SIMMONS, JR. SCHOLARSHIP – This scholarship was established by Mr. and Mrs. Mayes McGehee in memory of her brother, Joseph Edgar Simmons, Jr., and his wife, Kathleen Floyd Simmons. This scholarship will be awarded to a returning sophomore student who has demonstrated a desire to excel in English or creative writing.

DONALD ASHLEY "CHICK" SMITH MEMORIAL SCHOLARSHIP – The family and friends of Donald Ashley "Chick" Smith, who at the time of his accidental death in October, 1979, was a sophomore student at Copiah-Lincoln Community College, established this scholarship.

LEXIE B. SMITH MEMORIAL SCHOLARSHIP – This scholarship was established by Mr. and Mrs. Harold H. Harris in memory of her sister, Lexie B. Smith. Miss Smith graduated from Copiah-Lincoln in 1938.

WILLIE H. SMITH SCHOLARSHIP – Mrs. Willie H. Smith of Brookhaven established this scholarship for a student majoring in the field of science and who is planning to return to Copiah-Lincoln Community College for the sophomore year (preferably from Lincoln County).

STATE BANK SCHOLARSHIP – State Bank and Trust Company of Brookhaven established this scholarship in the fall of 1995 to assist worthy Lincoln County students. High school seniors may apply to Co-Lin's financial aid for consideration. Two scholarships are given annually.

THE CO-LIN STATE FARM ENDOWMENT – Area State Farm Insurance agents and associates established this scholarship. The endowment is designed to award student scholarships and support faculty development. The first scholarships were awarded in the fall of 2004.

LULA STEVENS MEMORIAL SCHOLARSHIP – This scholarship was established by the Copiah-Lincoln Alumni Association and friends in memory of Miss Lula Stevens, Dean of Women at Copiah-Lincoln for forty years.

DR. JAMES H. STRIBLING MEMORIAL SCHOLARSHIP – This fund was established to honor Dr. Jim Stribling of Brookhaven. He served on Co-Lin's Board of Trustees from 1967 until his death in 2001 and was board chairman from 1974 until 2001. The scholarship is to be awarded to a deserving student who demonstrates financial need.

TAYLOR PRESIDENTIAL SCHOLARSHIP – This scholarship was established by Fred and Jewett Taylor of Oxford, Mississippi as a prestigious \$5,000 annual scholarship to be selected annually by the College President with the assistance of two committees. The first committee reviews application materials and forwards recommendations to a second committee which interviews the top applicants. The scholarship is funded through a \$1 million endowment given by Mrs. Jewett Taylor in 2003.

JAMES C. AND NEVA B. THAMES MEMORIAL SCHOLARSHIP – This scholarship was established in 1987 by the children and grandchildren of the late Mr. and Mrs. James C. Thames. This scholarship will be awarded each year to a returning sophomore who is planning to major in the field of engineering, pre-medicine, law, or teacher education with emphasis in science or mathematics. In addition, the student must be a resident of the State of Mississippi with preference given to a Copiah-Lincoln Community College District resident.

LENA W. AND FRED E. THOMPSON SCHOLARSHIP – This scholarship was established in the summer of 1996 in memory of long-time instructor Mrs. Lena Wood Thompson by Mr. Thompson, whose career spanned 36 years as instructor of accounting, business division chairperson, and in other positions, including manager of the college bookstore. The scholarship will be awarded annually to either a music, mathematics, or accounting major.

E. A. "BEBY" TURNAGE MEMORIAL SCHOLARSHIP – This scholarship fund was established in July, 1984, in memory of the late General E. A. "Beby" Turnage by the Lawrence County Chamber of Commerce, the citizens of Lawrence County and General Turnage's friends from the State of Mississippi and the nation. This scholarship will be awarded with preference to Lawrence County students.

ARLEE W. WALKER PRE-PROFESSIONAL SCIENCE MEMORIAL SCHOLARSHIP – This scholarship was established in the fall of 1980 by Dr. Phyllis Lanier, Chairperson of Copiah-Lincoln Community College's Science Division. The scholarship will be awarded to a sophomore pre-professional science major.

BURLIAN O'NEAL WALKER COMMUNICATIONS SCHOLARSHIP – This scholarship was established in 2002. Walker served as an administrator at Copiah-Lincoln from 1967 to his retirement in 1999 as executive director of the Foundation, public relations, and alumni affairs at various times. This general scholarship will be awarded annually to a graduating sophomore who is a broadcast, public relations, or journalism major planning to enter The University of Southern Mississippi the following semester.

Criteria for selection includes a 3.0 or better grade point average, a desire to succeed, and one who shows potential in his or her chosen field.

NOAH “CAP” WALLACE FAMILY SCHOLARSHIP – The children of Mr. and Mrs. Noah “Cap” Wallace established this scholarship in the memory of their parents.

LAURAZELLA WEEMS MEMORIAL SCHOLARSHIP FUND – This scholarship honors Miss Laura Zella Weems, who taught psychology at Co-Lin for 24 years, retiring in 1974. The fund is setup to provide financial assistance to an incoming freshman with a 2.5 cumulative grade point average and a minimum ACT score of 18.

ZELLE WEEMS FTA SCHOLARSHIP – The Future Teachers Association of Copiah-Lincoln Community College has established this scholarship in honor of Miss Zelle Weems, who was the FTA advisor for many years.

JOHNNIE E. AND PAULINE H. WELLS SCHOLARSHIP – The family of Johnnie E. Wells and Pauline H. Wells has established this scholarship in her honor and in memory of Mr. Wells. The scholarship is established to encourage young people to pursue their academic or career-technical endeavors. The recipient must be an academic or career-technical student from either Copiah or Lincoln Counties. Financial need should be given some consideration, but primarily the recipient should be based upon assessed potential for continued academic or vo-tech career success after Co-Lin.

NIGEL WENTWORTH MEMORIAL SCHOLARSHIP – This scholarship was established in 2008 by the parents of Nigel Wentworth in his memory. The scholarship is designated for a student who is a graduate of Franklin County High School and who is enrolled full-time at Copiah-Lincoln, Wesson Campus.

J. J. WESSON MEMORIAL SCHOLARSHIP – The family of J. J. Wesson, Saltillo, Mississippi, has established this scholarship in memory of Mr. Wesson, who was registrar at Copiah-Lincoln Community College from 1946 to 1953.

CALVIN WHITE MEMORIAL SCHOLARSHIP – This scholarship was established in memory of devoted Co-Lin fan, Calvin White, upon his death following a Co-Lin basketball game. The scholarship will be awarded annually to a Colette or a cheerleader as chosen by the Scholarship Selection Committee of the college.

DENNIS WHITE MEMORIAL SCHOLARSHIP – This scholarship was established in 2006 in memory of Dennis Ray White of Wesson, MS. White was a volunteer with the Copiah-Lincoln baseball and football programs for 13 years. White, 58, died of cancer in December 2005. The scholarship recipient must be an entering freshman at Co-Lin and a graduate of Wesson Attendance Center. He/she must have demonstrated leadership skills, have been involved in extra-curricular activities, and must have achieved academic excellence while in high school. The recipient must also exhibit Christian character. The recipient shall be selected by a committee of faculty, staff, and administration of Wesson Attendance Center.

N. B. AND CATHERINE WHITE MEMORIAL SCHOLARSHIP – This scholarship has been established for a Wesson High School senior to be used at Copiah-Lincoln Community College. The basis of selection will include that a student must have attended Wesson Elementary and High Schools for at least eight years, and must be planning to attend Copiah-Lincoln. The recipient will also be selected on scholarship, participation in high school activities, and need.

JOHN VERNON AND ALLYENE PITTS WILLIAMS MEMORIAL SCHOLARSHIP – This scholarship has been established by Ann Williams in memory of her parents, Mr. and Mrs. John Vernon Williams. This scholarship is to be awarded on an annual basis to a sophomore student who is a graduate of Wesson High School or its successor, who plans to major in Elementary Education for some related teacher education field when an Elementary Education major is not available.

LAURA COGHLAN WILLIAMS RADIOGRAPHY SCHOLARSHIP – The radiography students of 1991-92 and 1992-93 established the Laura Coghlan Williams Radiography Scholarship. Selection is to be made by the medical radiologic technology selection committee. The recipient must be a second year student who has successfully completed all first year courses in the curriculum and who has a 2.5 or better grade point average. Selection will also be based upon need and performance.

SIDNEY WAYNE WILLIAMS MEMORIAL SCHOLARSHIP – This scholarship was established by Mrs. Wayne Williams in memory of her son, Sidney Wayne Williams. This scholarship shall be awarded to a Lincoln County student majoring in auto mechanics.

VIRGIL D. YOUNGBLOOD SCHOLARSHIP – This scholarship was established by Mr. Virgil D. Youngblood in his will. Mr. Youngblood was one of the Wesson businessmen who was a primary leader in the movement to establish a joint agricultural high school supported by Copiah and Lincoln counties to be located in the town of Wesson.

GENERAL SCHOLARSHIPS

ARTHUR BOYTE MEMORIAL SCHOLARSHIP – The family of Arthur Boyte, a former student and outstanding baseball player at Copiah-Lincoln Community College, has established this scholarship. The basis of selection will be need, good character, spiritual influence, and a desire to serve fellow students. The scholarship is preferably for a Franklin County baseball player.

COPIAH-LINCOLN EDUCATORS ASSOCIATION SCHOLARSHIP – This scholarship was established in February, 1988, by the Copiah-Lincoln Educators Association (CLEA) to assist a returning sophomore.

COPIAH-LINCOLN/SOUTHWEST MISSISSIPPI COMMUNITY COLLEGES' REALTOR SCHOLARSHIP – The Co-Lin/Southwest Realtor Scholarship is established and sponsored by the Southwest Mississippi Board of Realtors. The recipients of this scholarship must be a resident of the districts of these community colleges. Criteria used

for the awarding of this scholarship will include academic record, citizenship, and future plans and goals of the student. The student must maintain an overall 2.50 grade point average on a 4.00 scale.

ENTERGY MISSISSIPPI INC.'S EXCELLENCE IN EDUCATION SCHOLARSHIP – This scholarship will be awarded on an annual basis to a career-technical student. The scholarship will cover tuition and fees up to \$1,200. The scholarship will be awarded to a student who meets the following criteria: 1.) Be a full-time Copiah-Lincoln Community College freshman or sophomore student pursuing a career or technical field of study. 2.) Have a 2.5 or better high school and/or Copiah Lincoln Community College grade point average. 3.) Be free of any disciplinary problems. 4.) Be a legal resident of Mississippi. 5.) Have demonstrated financial need. 6.) This scholarship may not duplicate other scholarships or financial assistance.

GEORGIA-PACIFIC CORPORATION SCHOLARSHIP – Given to a Lawrence County senior annually who plans to enroll in a career or technical program at Co-Lin, the scholarship was established in 1993.

SUNNY JEAN ZANGARA JONES MEMORIAL SCHOLARSHIP – The Brookhaven Little Theatre, Inc. has established a scholarship in memory of Sunny Jean Zangara Jones, who at the time of her death was a Copiah-Lincoln Community College student. This scholarship will be awarded to a returning sophomore in the performing arts field.

MISSISSIPPI ASSOCIATION OF SUPERVISORS SCHOLARSHIP – The Mississippi Association of Supervisors has set up a \$500 scholarship annually in all 15 community/junior colleges. The scholarship committee will select a freshman each year who shows potential for success in college with the recipient to be selected on a rotation basis between counties of the college districts in alphabetical order. The scholarship of \$250 per semester is renewable for second semester based on a 2.5 or better grade point average.

TRUSTMARK SCHOLARSHIPS – Trustmark National Bank has established a scholarship fund at Copiah-Lincoln Community College. Applicants must be recent high school graduates from a public, private, or parochial school. Applicants must be a resident of Copiah, Lincoln or Simpson counties. Two scholarships will be awarded per county. Applications and a detailed description of this scholarship can be obtained from the college's financial aid office.

B. R. UNDERWOOD MEMORIAL SCHOLARSHIP – Lodge 9 of the Woodmen of the World, Brookhaven, has established a \$750 scholarship to be awarded each year to a graduating senior from Lincoln County who plans to attend Copiah-Lincoln Community College. Preferably, the recipient should be pursuing a degree in law enforcement. However, this is not mandatory. Criteria for selection shall include need, a desire to succeed, and an outstanding high school record.

UNITED MISSISSIPPI BANK SCHOLARSHIP – UMB was the first to respond to Co-Lin's "Corporate Dollars for Scholars" to increase the number of scholarships on the Natchez Campus. The bank established a scholarship designed to pay nearly all of a student's costs including tuition, fees, and some book expenses for one school year. This scholarship was first awarded in the fall 2008 semester and will continue for four more years for a total of \$11,750.

FACULTY DEVELOPMENT SCHOLARSHIPS

These scholarship funds are available to faculty members and other approved college personnel to aid in the improvement of instruction at Copiah-Lincoln Community College. All the funds are open for contributions from those who are interested in assisting the faculty in their efforts to become more effective. Complete descriptions of these scholarships and information concerning the receipt of contributions are available in the office of the President of the college. Recipients for each of the scholarships are screened and selected by the Faculty Development Committee.

THE VIRGINIA FELDER FACULTY DEVELOPMENT SCHOLARSHIP FUND – This scholarship fund was established by Mr. and Mrs. Frank Pitts of Dallas, Texas, in honor of Dr. Virginia Felder, a former member of the mathematics faculty at Copiah-Lincoln Community College. Annual awards are made to faculty members to improve their teaching capabilities through advanced study, travel, or other educational opportunities.

LAURA BELL LINDSEY FACULTY DEVELOPMENT SCHOLARSHIP –

This scholarship was established by Mr. H. F. McCarty, Jr., in honor of Miss Laura Bell Lindsey, former high school principal, English Department Chairperson, and registrar at Copiah-Lincoln Community College. Funds from this scholarship are available to faculty members for advanced study, travel or other educational opportunities.

THE 854th MEDICAL COLLECTING COMPANY SCHOLARSHIP – This scholarship was established by Mr. and Mrs. Ben Durr of Denton, Texas, in honor and recognition of Lt. Colonel Grover Smith and the members of the 854th Medical Collecting Company which was activated during the Korean Conflict. This scholarship fund assists faculty members with the expenses of advanced study, travel, and other educational opportunities.

WILLIAM HOWELL AND MAGGIE LEE COLLIER GARNER FACULTY DEVELOPMENT SCHOLARSHIP – This fund was established by Dr. and Mrs. Howell C. Garner, president of the college, to honor his deceased parents. It is to provide professional development opportunities for Co-Lin faculty and staff. The fund is under the direction of the Faculty Development Committee at the Wesson Campus.

THE L. FRANK PITTS FACULTY ENRICHMENT FUND – This fund was established in 2003 by Mr. L. Frank Pitts of Dallas, Texas. It is designed to provide professional enrichment opportunities for the faculty/staff of Copiah-Lincoln. The fund is administered by the Copiah-Lincoln Foundation. Applications for awards from the fund

must be submitted to the Faculty Development Committee to determine eligibility. The Faculty Development Committee will select recipients of the scholarship fund.

J. C. AND ANNIE REDD FACULTY DEVELOPMENT SCHOLARSHIP – This faculty development scholarship honors J. C. Redd and his wife Annie. Mr. Redd was a 1932 graduate of Co-Lin and founder of Red Pest Control. He was named Co-Lin Alumnus of the Year in 1975. He served on the Foundation board of directors and was president of the Alumni Association in 1965.

WEBB FACULTY ENHANCEMENT SCHOLARSHIP FUND – The David Webb family of Franklin County established a Faculty Enhancement Scholarship Fund in 1987. The scholarship was established jointly by the Webb family through their newspaper, *The Franklin Advocate*, and by the Webb Travel Service. The interest from the principal in the scholarship fund will be used by faculty/staff members for advanced study, travel, and other educational opportunities. Applications for funds from the scholarship must be submitted to the Faculty Development Committee to determine eligibility. The Faculty Development Committee will select recipients of the scholarship fund.

HORACE AND JODIE GREER LIBRARY FUND – The Horace and Jodie Greer Library Fund was established in 1987 by Mrs. Greer, a 1937 graduate of Copiah-Lincoln Community College, in memory of her husband, Jesse Horace Greer. Mr. Greer, a 1931 graduate of Copiah-Lincoln. The fund is an endowment for the Evelyn W. Oswalt Library with the interest from the endowment to be used to purchase books, periodicals, and materials which will strengthen the library's collection above and beyond purchases made through the library's annual budget. Recommendations from the Library Director for purchases with these funds will be made to the Library Committee each year. Interest from the funds may accumulate for several years when needed to purchase an item of greater expense.

BILLY AND ANNE THAMES FACULTY DEVELOPMENT SCHOLARSHIP FUND – This scholarship was established in 1998 by friends of Dr. and Mrs. Thames. Dr. Billy B. Thames served as president of Copiah-Lincoln Community College from 1968-1997.

The scholarship recipients will be chosen by the Faculty Development Committee of the college in cooperation with the President of the College. Applicants should direct a letter to the Faculty Development Committee outlining their needs and interests in obtaining assistance from this scholarship fund. Awards may be made at any time of the school year provided funds are available. The interest will be awarded to one or more Copiah-Lincoln faculty/staff members each year for advanced study, travel, and other educational opportunities.

INSTRUCTIONAL INFORMATION

ACADEMIC RECORDS

Student record management is under the supervision of the Dean of Administrative Services at the Wesson Campus and includes a consistent retention and disposal policy. The records are the property of the college; however, the Office of Admissions and Records will honor a student's written request that his/her official academic record not be released or information contained in his/her record not be disclosed. Unless there is a written request to the contrary, the following directory information will be made available to parents, spouses, prospective employers, government security agencies, previous schools attended, campus organizations which require minimum scholastic averages for membership and organizations awarding financial assistance (grants, scholarships and loans): name, date and place of birth, address, dates of attendance, and major field of study. Transcripts are released only at the request of the student, and in compliance with the Privacy Act of 1974, or in compliance with Court order.

TRANSCRIPTS

One official transcript will be furnished each student free of charge. A fee of \$2 will be assessed for each additional transcript. Student copies are free if picked up in person.

A faxed transcript will be sent for an additional fee of \$5 if requested by the student either by faxed or written signature and student ID number. NOTE: Co-Lin considers faxed copies of transcripts as unofficial.

FACULTY

All teaching faculty at Copiah-Lincoln Community College must have special competence in the fields in which they teach. This special competence is attested to by advanced study, culminating in appropriate graduate degrees, or by extensive work experience in the teaching fields or in a professional practice.

In all academic areas the master's degree with specialization in the teaching field is considered the minimum standard. In specialized, professional, technical, or career fields, evidence of professional competency is acceptable in lieu of formal academic preparation. This competence must be based upon appropriate specialized training or successful experience as a practitioner in the occupational field.

All full-time faculty members are required to schedule a minimum of two hours per day in their offices, five days each week. Approved office hours will be posted on the office doors of all faculty members. Faculty members will be available during posted office hours to advise students and to meet other appointments.

Part-time faculty members are required to be accessible to their students. They are encouraged to arrive early for class and to stay after class. Other times for accessibility will be scheduled on an individual basis.

DISTANCE LEARNING

The community colleges within the state of Mississippi in conjunction with the State Board for Community and Junior Colleges have created a Distance Learning opportunity known as the Mississippi Virtual Community College (MSVCC). The intent of distance learning courses is to provide a quality program of instruction for students who are not available for traditional class attendance.

Students taking online courses are expected to fulfill admissions requirements, be regular in attendance, and generally meet the same requirements as persons attending traditional classes. Online courses require that the student be extremely computer literate, self-motivated, hard working, and have excellent time management and organization skills.

The calendar and available classes are listed at www.colin.edu/distancelearning. Although credit is issued through Copiah-Lincoln, the instructor may be employed by another community college within the state.

CLASSIFICATION

Students with fewer than 28 semester hours of credit are classified as freshmen; students with 28 semester hours or more are sophomores. The normal load of work is fifteen to eighteen semester hours. All dormitory students will be required to take at least twelve semester hours. The minimum full time load is twelve semester hours; the maximum load is nineteen semester hours. No student may carry hours above the maximum without approval of the appropriate instructional dean.

GRADE REGULATIONS

The regular session is divided into two semesters of approximately seventeen weeks each. Most three-hour credit courses meet 150 minutes each week for seventeen weeks. Each semester is divided into two eight-week periods. Mid-semester grades may be viewed online. Final grades are mailed to the home address of each student at the end of the semester.

GRADES	EXPLANATIONS	QUALITY POINTS
A	Excellent	4 for each sem. hr.
B	Good	3 for each sem. hr.
C	Average	2 for each sem. hr.
D	Passing	1 for each sem. hr.
F	Failure	0 for each sem. hr.
I	Incomplete	0 for each sem. hr.
W	Official Withdrawal	0 for each sem. hr.

The final grade in a course is based on the evaluation by the instructor of the work done by the student in the course during the semester.

Incomplete grades are assigned to a student if his/her inability to complete the work for the period was due to sickness or some unavoidable circumstance. This deficiency must be removed by the end of the succeeding semester excluding summer; otherwise, it will be recorded as an F.

NOTE: There will be no exemptions from final exams.

DROPPING A COURSE

Any course(s) properly dropped prior to the 12th week of the semester will constitute a "W". The grade "W" is not used in computing grade point average. After the 12th week, students may be administratively withdrawn for extenuating circumstances (hospitalization, military deployment, etc.) if approved by the appropriate instructional dean. Exception: Associate Degree Nursing Program (See A.D.N. Handbook).

NOTE: It is the student's responsibility to officially withdraw from a course in the Counseling Center at the Wesson Campus and the Admissions Office at the Natchez Campus and the Simpson County Center.

ACADEMIC PROBATION/SUSPENSION

Any student who does not earn at least a 1.5 GPA for work attempted during a given semester will be placed on Academic Probation at the end of that semester. The student will be placed on Academic Suspension at the end of the next semester if he/she does not earn at least a 1.5 GPA for work attempted during that semester. A student placed on Academic Suspension will not be eligible to attend the following semester. A student who is on Academic Probation at another institution will be admitted only on a probationary status at Copiah-Lincoln Community College. A student who is on Academic Suspension at another college or university will not be eligible to attend Copiah-Lincoln Community College until he/she is eligible to return to the other institution.

A student on Academic Suspension from Copiah-Lincoln Community College may be considered for summer term enrollment, at the discretion of the appropriate campus Vice President.

REPEATED COURSE POLICY

A student at Copiah-Lincoln Community College will be allowed to repeat any course to establish a higher grade for the course. There shall be no limit to the number of times a course may be repeated for this or any other purpose (see ADN section for exception to this policy). No grades will be removed from the transcript; however, only the highest grade will be used in determining overall grade point average (GPA) for that student at Copiah-Lincoln Community College.

NOTE: Most four year colleges have specific policies governing the transfer of credits which place a limit on the number of repeated courses which may be removed from consideration in calculating the GPA for transfer purposes.

ACADEMIC RESTART

There are many students who return to Copiah-Lincoln after having been out for several semesters to find that their earlier years at Co-Lin were not academically productive. These students are faced with a deficit in quality points and a low GPA. Sometimes this deficit in earlier grades is such that it prevents these students from graduating from Co-Lin.

In an effort to help these students gain a new start toward reaching their educational goals, Copiah-Lincoln has adopted an “Academic Restart” policy. Copies of the Academic Restart Policy are available in the Office of Admissions (Wesson and Natchez Campuses) and the Office of Student Services at the Simpson County Center.

WITHDRAWAL FROM COLLEGE

For an official withdrawal during a semester, the student must obtain a formal WITHDRAWAL PERMIT from the Counseling Center and have it signed by appropriate college personnel and presented to the Admissions Office by the 12th week of the semester. It is the STUDENT’S responsibility to complete the withdrawal process in the Admissions Office. Students failing to complete the withdrawal process as stated above will forfeit their right to any refund from the Business Office.

DEVELOPMENTAL STUDIES

Adequate skills in the areas of English, reading, and mathematics are vital for successful achievement in college-level courses. To assure that students are able to achieve to the greatest extent possible in their selected curricula, Copiah-Lincoln Community College offers programs in developmental studies to help elevate student skills according to individual needs. Institutional credit is awarded for developmental courses.

Students who enroll in developmental courses including Basic and Intermediate English (ENG 0113 and ENG 0123), Basic Math (MAT 0113), Elementary Algebra (MAT 0123), Basic and Intermediate Reading (REA 0113 and REA 0123), and Improvement of Study (LLS 1413) and receive a grade of “D” or “F” as a final grade for the course have not mastered the course competencies necessary to move to the next level of difficulty. The course must be repeated until a grade of “C” or higher has been obtained. A final grade of “C” or higher indicates the competencies have been mastered.

Developmental courses are not designed to take the place of regular college-level courses, but to prepare students to enroll in the regular courses. Developmental courses are non-transferable. Effective Fall 2009, developmental semester hours will NOT count toward meeting graduation requirements; however, they will count in computing GPA.

Students without an ACT score will complete the Compass Placement Test (by ACT) and will be placed accordingly. Prerequisites are required as students promote to the next level. A grade of “C” or higher is required for promotion.

CRITERIA FOR THE PLACEMENT OF STUDENTS
IN DEVELOPMENTAL COURSES

ENGLISH

<i>COMPASS Test</i>	<i>English ACT Score</i>	<i>Place In</i>
0 – 19.....	1 – 11.....	ENG 0113
20 – 51.....	12 – 15.....	ENG 0123
52 & Up.....	16 & Up.....	ENG 1113

READING

<i>COMPASS Test</i>	<i>Reading ACT Score</i>	<i>Place In</i>
0 – 63.....	1 – 13.....	REA 0113 LLS 1413
64 – 71.....	14 – 15.....	REA 0123
72 & Up.....	16 & Up.....	No Reading

MATHEMATICS

Pre-Algebra

<i>COMPASS Test</i>	<i>Math ACT Score</i>	<i>Place In</i>
0 – 18.....	12 & Below.....	MAT 0113
19-100	13-15	MAT 0123

Algebra

<i>COMPASS Test</i>	<i>Math ACT Score</i>	<i>Place In</i>
0-18	13 – 15.....	MAT 0123
19-38	16 – 18.....	MAT 1233
39-59	19 -25	MAT 1313
60-up	26 & up	Students may register for College Algebra, Trigonometry, or Calculus I

*COMPASS and ACT placement scores may be changed by the Instructional Council as necessary.

CLASS AUDITS

Students are allowed to audit lecture classes by paying one half the normal tuition rate. Students will be permitted to participate in class discussions; however, no tests/exams will be required and no grade will be assigned for an audited course. Courses that require laboratory hours, i.e. science, computer science, applied music, etc., or courses for which there is limited seating and a participation requirement are not available for audit without permission of the appropriate Dean or Vice President.

GRADUATION REQUIREMENTS

Candidates for graduation may pursue courses of study and complete requirements for an Associate in Arts Degree, Associate in Applied Science Degree, or Career Certificate.

Programs resulting in either the Associate in Arts (AA) or the Associate in Applied Science (AAS) degrees contain a combination of major courses and general education core courses. The general education courses are included in associate degree programs to ensure that graduates are competent in reading, writing, mathematics, oral communications, and computer literacy. Each student who completes an associate degree must: 1) demonstrate the ability to read and comprehend at a level commensurate with the reading level of the textbook and other reading assignments; 2) demonstrate proficiency in written communications. Writing competencies are developed in English Composition; 3) demonstrate proficiency in mathematics. Students earning the AA degree must successfully earn credit in college algebra or a higher difficulty level math course. Students earning the AAS degree must successfully earn credit in an approved mathematics course that will develop mathematical competencies; 4) be able to communicate his/her thoughts orally and intelligently. Competency in oral communications must be demonstrated through successfully completing Public Speaking I; and 5) demonstrate computer literacy by successfully completing 3 academic hours of credit in a computer course or a selected course that would require extensive computer skills clearly indicating computer literacy.

Candidates for the Associate in Arts Degree must complete a minimum of 64 academic semester hours. These students must complete: English composition, six hours; college algebra (or a higher math in complexity), three hours; laboratory science, eight hours; humanities (includes literature, history, philosophy), six hours; AND fine arts (includes music/art/theater appreciation), three hours; social science (includes psychology, sociology, American National Government, economics), three hours; computer science, three hours; public speaking, three hours; physical education, two hours; and elective subjects to complete the total 64 hours requirement. Exception: (1) An exception may be made by the Vice President of Instructional Services upon recommendation from instructional areas for students who need all their hours to meet the course requirements in their major field, as set up by the senior college for the first two years. Such exception would allow them to meet the senior college requirements in lieu of those stated above. Exception: (2) An exception to computer science requirement may be made by the Vice President of Instructional Services if competency is shown. NOTE: A student can count only four (4) semester hours of HPR activity courses (varsity sports/band/general activities) toward graduation. However, the GPA average will include the six (6) semester hours allowed.

1. Students completing the requirements for an **Associate in Arts Degree** must have a 2.0 cumulative grade point average for all hours attempted.
2. Candidates for the **Associate in Applied Science Degree** must complete a minimum of 64 semester hours. To be eligible to receive this degree a student must pass all courses and have a 2.0 quality point average in all courses in his/her curriculum.
3. Candidates for **Certificate Graduation** must pass all courses in the career curriculum in which they are enrolled and have a 2.0 quality point average in these courses.
4. Beginning in the fall of 2009, developmental semester hours will NOT count toward meeting graduation requirements.
5. A student must complete at least 25% of semester hours credit and the last regular semester at Copiah-Lincoln Community College in order to graduate. Any transfer credit applied to meet graduation requirements after the last regular semester must be approved by the appropriate Vice President of Dean.
6. Not more than one-fourth of the work required for graduation may be done by correspondence and/or extension. All correspondence courses used for graduation purposes must be from a regionally accredited institution and must have the written approval of the appropriate Dean or Vice President at the Wesson Campus, Natchez Campus, or Simpson County Center. Any correspondence credit to meet graduation requirements after the last regular semester must have the approval of the appropriate Dean or Vice President at the Wesson Campus, Natchez Campus, or Simpson County Center.
7. A student can count only four (4) semester hours of HPR activity courses (varsity sports/general activities) toward graduation. However, the GPA average will include the six (6) semester hours allowed.

Each student is responsible for checking on his/her credits, scheduling of subjects, and otherwise meeting requirements for graduation. The counselors and faculty advisors will assist in planning a schedule and program, but **the final responsibility rests with the student.**

Candidates for graduation should file their applications with the Office of Admissions and Records for diploma, or departmental certificate not later than the end of the first three weeks of the semester in which they plan to graduate, or if a summer graduate, not later than the beginning of the summer term in which they expect to graduate.

Students who wish to participate in graduation exercises but who lack hours may participate under the following stipulations:

1. have a minimum of 56 hours that will count toward graduation or be enrolled in specific career-technical programs designed to complete the curriculum in the summer term immediately following graduation.
2. agree to take the necessary hours at Co-Lin during the summer immediately following graduation. These hours must be taken at Co-Lin except in hardship cases which are approved by the appropriate Dean or Vice President.
3. have a 2.0 cumulative GPA on all work at Co-Lin and any other hours used for graduation purposes except for the Associate in Applied Science Degree and Certificate as previously described.
4. must meet all other graduation requirements, including the payment of the graduation

fee. NOTE: Failure of the student to complete the necessary hours during the summer immediately following the graduation exercise in which he/she participates will result in cancellation of the diploma order and forfeiture of the graduation fee.

All graduates are expected to participate in the practice for graduation and the graduation exercises.

HONORS

Each semester full-time students who achieve a 3.20 GPA are selected for the Honor Roll. Full-time students with a 3.60 GPA are placed on the Vice-President's List, and full-time students who have a 4.0 GPA are placed on the President's List.

Students who attain an average of 3.20 quality points for all semester hours are graduated with HONORS; those who have an average of 3.60 quality points for each semester hour are graduated with HIGH HONORS; and those who make 4.0 quality points with every semester hour are graduated with HIGHEST HONORS. A student graduating with honors will have the proper designation inscribed on his/her diploma and entered on his/her record.

HONORS PROGRAM

The purpose of the Honors Program is to provide enriched educational experiences for academically talented students. Specially designed honors classes in English, history, mathematics, and science are offered to stimulate the honor student's spirit of inquiry and to provide the opportunity for more in-depth study.

The Honors Program gives students the opportunity to engage in independent projects and research, to confront greater intellectual challenges, to participate in more intensive intellectual discussion, and to join with others of similar ability in an atmosphere of stimulation and camaraderie.

In order to enroll in the Honors Program a student should:

1. have a superior ACT score, or
2. have a superior grade point average, or
3. have a recommendation from Co-Lin teachers or counselors.

Honors courses are block scheduled so that honors students may register for all of these courses without conflict. Honors courses have numbers and titles especially selected to distinguish them from comparable regular courses. Transcripts designate credit earned in these courses as honors course credit.

CLASS ATTENDANCE POLICY

Policy Statement: Regular class attendance is very important to college success; therefore, students are expected to attend class unless it is absolutely necessary to be absent. Students are expected to make up all work missed due to absences. A penalty may be assessed for work not made up at the discretion of the instructor for the class missed. In no case shall the maximum penalty for each occurrence of work not made up result in more than a letter grade reduction for the course.

Each instructor will be responsible for explaining the attendance policy to students at the beginning of the semester. It is the students' responsibility to keep up with their number

of absences. Students should consult the *Student Handbook* for additional details regarding the attendance policy.

Special Programs/Activities: Certain programs/activities have special attendance requirements due to the nature of the subject matter taught, clinical component, and/or state/national accreditation. In these programs, attendance requirements will be communicated through course syllabi and/or program policies. Check with your instructor for special absentee policy in the following programs/activities:

Ambassadors	Cosmetology
Associate Degree Nursing	Health Care Assistant
Athletic Teams	Medical Laboratory Technology
Automotive Technology	Medical Radiologic Technology
Band (Concert, Jazz, and Marching)	Practical Nursing
Commercial Truck Driving	Respiratory Care Practitioner
Computer Networking Technology	Sojourners
Concert Choir	

Appeals Process: The College reserves the right to administratively withdraw a student who reaches the cut-out point due to excessive absences. When a student has been removed from class for excessive absences, that student will have the right to appeal his/her removal from the class to the appropriate Appeals Officer. No absence is considered free; therefore, students will be responsible for providing a justifiable reason for each absence to the Appeals Officer. Documentation should be provided to the Appeals Officer in written form where possible (doctor's excuse, obituary, legal documents, etc.). When considering appeals, the Appeals Officer will consider the following:

- Total number of absences
- Documentation for absences
- Whether the student has requested counseling or other assistance in finding a solution to class attendance problems
- Recommendations by instructors

All appeals must be made within 48 hours of the notification of removal from class for excessive absences. The Appeals Officer will have the authority to reinstate the student in the class for what he/she considers to be justifiable cause. The decision of the Appeals Officer will be final. The instructor will receive a notice of action taken.

In the event that an appeal is denied or a student fails to appeal, a grade of "W" will be recorded for courses in which excessive absences are reported prior to the 12th week of class, and the student will be dismissed by the Appeals Office. Being administratively withdrawn from a class may change a student's enrollment status and thereby affect, among other things, that student's scholarships and financial aid.

OFFICIAL ABSENCES

Official absences are absences caused by a student representing the college for an approved function. The number of these allowable absences will not count against total "allowable" absences; however, the number of official absences will be limited for each class.

When students are to miss classes for approved field trips, a list of names of students and drivers must be submitted to the Vice President of Instructional Services at the Wesson Campus, Vice President of the Natchez Campus, or the Vice President of the Simpson County Center at least one week prior to the trip/function.

1. **TEAM SPORTS** The head coach for any team sport will be responsible for providing to the Vice President of Instructional Services a list of team players (with ID#) and the schedule for that sport at least two weeks prior to the beginning of the season. Schedule should include periods for which official absences are requested on each date. Changes of the schedule which affect absences will be handled by the head coach in accordance with # 2 b. below. NOTE: Injuries which occur while a student is participating in a school athletic program and necessitates seeking a physician's care, will be considered an official absence. All related requests must be approved in advance by the Athletic Director and submitted to the Vice President of Instructional Services prior to the absence. Every effort will be made by staff to avoid the student athlete missing classes.
2. **CLUBS AND ORGANIZATIONS**
 - a. **Approval of Activity** The sponsor for each student organization is responsible for obtaining approval from the appropriate Vice President for each scheduled activity which requires students to miss classes. This approval must be obtained prior to making final plans for the activity;
 - b. **Approval of Student Absences** The sponsor of a student organization will sign an individual approval form for each student who missed class because of an approved activity.
 - c. **Approval for Student Winners to Attend Conventions and/or Conferences** The first and second place student winners in State Competition will be eligible to receive college funding for travel to national competition at the discretion of the college administration as funds allow.
3. **RELEASE OF OFFICIAL ABSENCE LIST** All official absences approved in accordance with the above will be released to faculty through the Vice President of Instructional Services at the Wesson Campus, the Vice President of the Natchez Campus, or the Vice President of the Simpson County Center.

ACADEMIC

DIVISION OF ASSOCIATE DEGREE NURSING

MRS. CANTERBURY, DIRECTOR

The philosophy, purpose, and objectives of the nursing program reflect those of the parent institution, Copiah-Lincoln Community College. The Division of Associate Degree Nursing is designed to advance the overall purpose of the college by providing educational opportunities to qualified students, for a career in nursing. The Associate Degree Nursing (ADN) program is accredited by the Board of Trustees of State Institutions of Higher Learning of Mississippi, and the National League for Nursing Accrediting Commission (61 Broadway, 33rd Floor, New York, NY 10006, 800/669-1656, Ext. 153.)

Upon successful completion of the program, the student is awarded an Associate in Applied Science Degree in Nursing. Graduates that meet the requirements of the State Board of Nursing are eligible to write the National Council Licensure Examination for Registered Nurses (NCLEX-RN®). The State Board of Nursing may deny any application for licensure due to, but not limited to, conviction of a felony, commission of deceit or fraud in the application process, or addiction to alcohol or other drugs (see most current State of Mississippi Law, Rules and Regulations, Mississippi Board of Nursing). The College assumes no responsibility for the successful completion of any type of standardized or professional examinations that the student is required or desires to take in order to complete requirements for professional licensure or certification.

ADMISSIONS CRITERIA

1. All applicants must be high school graduates or submit passing GED scores to apply for regular admission to the college.
2. The applicant must apply for regular admission and be accepted by the college, and must apply to the nursing division of the college. Applications to the nursing program are accepted January 1st to April 5th each spring.
3. Applications to the nursing program are accepted January 1st to April 5th each spring. All applications and related paperwork must be complete and on file in the ADN Office by April 5th each year to be considered for a position in the fall nursing class. The applicant is responsible for ensuring that the data in the file are received, correct, and complete.
4. All applicants must have a cumulative GPA of 2.50 or higher on a 4.00 scale for all previous college work attempted **AND** have an ACT composite score of 18 or higher. **Submission of an ACT score is required for this program.**
5. All prerequisite courses (Anatomy & Physiology I & II with labs, College Algebra, & Microbiology with lab) must be completed prior to entering the nursing program. Prerequisites must have been taken within 8 years of application year with a minimum grade of "C", and admissions criteria met by application deadline for an application to be considered. The applicant can be enrolled in final prerequisites at the time of applying. In exceptions, the applicant can be admitted into the program pending summer completion of final prerequisites.
6. If the applicant fails to complete the application, is not successful in prerequisite courses, is accepted and fails to enroll, or is not accepted, a new application must be submit-

ted to the Division of Associate Degree Nursing between January 1st and April 5th of the next year. A waiting list is not maintained.

7. All applicants that meet the admissions requirements are notified by letter of an interview date and time with the ADN Admissions Committee.
8. Selection for the ADN Program is based upon the applicant's cumulative grade point average on all college work attempted, ACT composite score, references, and interview score. Priority is given to in-district residents, out of district Mississippi residents, then, out of state residents, in that order. In-district counties are Adams, Copiah, Franklin, Lawrence, Lincoln, Jefferson, and Simpson. All applications are judged on a competitive basis. All applicants are notified by letter of their acceptance or non-acceptance into the nursing program. The number of applicants accepted each year is limited to available clinical facilities and available faculty.
9. If accepted, all applicants must participate in drug and alcohol testing, and a criminal history background check (Criminal history complies with MS Code Section 43-11-13(5)(a)(iii)).
10. If an applicant does not meet all of the minimal admissions criteria, admission is possible, but dependent upon nursing program accreditation standards set forth by the Mississippi Board of Trustees of State Institutions of Higher Learning.

PROGRESSION POLICY

To be eligible for progression in the nursing program, the student must maintain a grade of "C" in all course work attempted. If the student earns a grade of less than a "C" in a non-nursing core course required for graduation, the course must be repeated with a grade of "C" or better prior to graduation. If the student earns less than a "C" in a non-nursing core course required for graduation the Spring Semester prior to graduation, the student will not be eligible to graduate in May. Students are eligible to repeat a nursing course only once, and only two nursing courses may be repeated. Students are required to complete all nursing courses within a level before progression to the next level.

TRANSFER/ADVANCED PLACEMENT

There is no uniform curriculum among nursing programs. Therefore, a student's request for transfer or advanced placement in Co-Lin's ADN program will be evaluated by the ADN Admissions Committee and the Director on an individual basis. Only one semester of academic credit totaling 12 hours may be transferred. NOTE: It is the student's responsibility to provide appropriate materials, such as transcripts and course syllabi, for evaluation and review.

CLINICAL AFFILIATIONS

A wide variety of acute, community, and long-term health care facilities in the Copiah-Lincoln Community College district, and in the greater Jackson area, are utilized to promote the ADN program's teaching-learning objectives and outcomes. Students are responsible for transportation and expenses to and from these clinical facilities.

ADDITIONAL FEES AND EXPENSES

The regular college fees are listed in the General Information section of the catalog. There are additional costs specific to the Associate Degree Nursing Division. The following estimated costs do not include tuition expenses. These additional costs are an estimate only and are subject to change.

Books	\$3,400.00	Immunizations	\$300.00
*Graduation Fee.....	\$40.00	State Board Application	\$300.00

DIVISION OF BUSINESS

MR. MCINTYRE, DIVISION CHAIRPERSON (WESSON CAMPUS)
MR. TAYLOR, CAMPUS COORDINATOR(NATCHEZ CAMPUS)
MR. COOLEY, CAMPUS COORDINATOR (SIMPSON CENTER)

The primary objective of the Business Division is two-fold: (1) to provide parallel curricula for students desiring to prepare for programs in four-year colleges or universities; and (2) to provide business training in specific areas for students seeking employment upon the completion at the community college.

A student who is interested in a business-related curriculum may elect a program of study in Accounting or Business Administration. Additional business programs are offered through the Career-Technical Division. Students interested in other business offerings should consult the Business and Office Technology section of this catalog.

BUSINESS ADMINISTRATION

Mr. McIntyre, Program Coordinator/Advisor (Wesson Campus)
Mr. Taylor, Advisor (Natchez Campus)
Mr. Cooley, Advisor (Simpson Center)

Students who are interested in majoring in a specific area within the field of business

(e.g., management, marketing, finance, economics, etc.) should follow the Business Administration curriculum. At most colleges, the first two years in all business administration programs are basically the same, regardless of the student’s major.

DIVISION OF FINE ARTS

MR. JOHNSON, DIVISION CHAIRPERSON (WESSON CAMPUS)

Due to the additional hours required to earn a Bachelor Degree in Fine Arts at most four-year universities, the total number of hours at Co-Lin will be more than the traditional 64 hours.

ART

Mr. Ross, Program Coordinator/Advisor (Wesson Campus)

Mrs. J. C. Smith, Advisor (Wesson Campus)

The art curriculum consists of a two-year program. It is intended to meet such requirements as the department feels necessary to prepare those students interested in majoring in art or art related areas for junior and senior programs at a college or university level, leading to the B.F.A., B.A., or B.Ed. The Department of Art seeks to provide a studio situation where students are exposed to visual media and are made aware of the visual art processes.

MUSIC DEPARTMENT

The Music Department offers a curriculum designed to meet the requirements for the first two years of study leading to the Bachelor of Music degree with a major in Applied Music or Music Education and provides the following:

- 1. A variety of opportunities including performing groups, general courses in music, and private or class study in applied music for both music majors and those students interested in music as a cultural pursuit.
- 2. A course of study organized to meet the requirements of the first two years leading to a Bachelor of Music Degree in Piano, Voice, Instrumental Music, and Music Education. The graduates may matriculate with junior standing to senior colleges or universities.
- 3. A musical atmosphere for the whole campus and community through its instrumental and choral concerts, recitals, festivals, and the Community Arts Series.
- 4. Musical enrichment to the cooperating counties with musical programs for churches, schools, civic clubs, and community functions.

Students who enroll as majors or minors in music must satisfy the college entrance requirements. Music faculty members will counsel with those students and arrangements will be made during orientation or registration for them to be assigned to the proper courses in applied music and theory. Note: For a student to be considered a music major, he/she must continue to meet the specific requirements set up by the department.

Student recitals are presented throughout the year. Music majors are required to attend recitals given by students, faculty, and guests. Music majors are required to perform on recital in their major medium at least once a semester to remain a music major. A creditable graduation recital of 30 minutes duration is expected of music majors.

Participation in appropriate ensembles is required of all music majors during each fall and spring semester. Ensembles include the following: Concert Choir, Show Choir (Sojourners), Vocal Ensemble (Ambassadors), Men’s Vocal Ensemble, Women’s Vocal Ensemble, Basketball Pep Band, Concert Band, Marching Band, Jazz Ensemble, and Woodwind, Brass, Percussion, Guitar Ensembles.

APPLIED MUSIC

(Performance)

The following curriculum leads to the degree of Bachelor of Music with a major in Applied Music (piano, voice, guitar, woodwinds, brass, or percussion).

PIANO

Dr. LaRosa, Program Coordinator/Advisor (Wesson Campus)

For students pursuing a piano major or emphasis, requirements are in keeping with the degree programs of senior colleges. The student is expected to develop a technique and musicianship adequate for the creditable performance of piano literature representative of the various stylistic periods. Progress is expected each semester in the technical proficiency of major and minor scales, chords and arpeggios. Students may enroll in piano for elective credit by permission of the instructor, including a course for beginners. Students who are enrolled in piano are required to attend piano seminars scheduled regularly throughout the semester.

VOICE

Ms. Riley, Program Coordinator/Advisor (Wesson Campus)
Mr. Johnson, Advisor (Wesson Campus)

Applied vocal study offers training in tone production and breath control with drill on accuracy of rhythm, clear-enunciation, intonation, and artistic interpretation and expression. At the end of the second year the voice major should have acquired and developed to a much higher degree the principles of vocal training as stated above. The repertoire includes classics exhibiting a wide variety of art music, opera and oratorio arias, sacred music, and folk songs.

Dr. Duguid, Program Coordinator/Advisor (Wesson Campus)
Mr. Davis, Mr. O'Daniel, Mr. Sims, Advisors (Wesson Campus)
Mrs. McFarland, Advisor (Natchez Campus)
Dr. Middleton, Advisor (Simpson Center)

The physical education curriculum is designed for students who plan a career as an instructor of physical education, athletic coach, or director of recreation programs. A student who plans to teach should also refer to the teacher education program at the institution he/she plans to attend. It is strongly recommended that students complete the Praxis I examination prior to transferring (if required).

DIVISION OF HUMANITIES

MRS. BUSH, DIVISION CHAIRPERSON (WESSON CAMPUS)
MRS. PICKLE, CAMPUS COORDINATOR (NATCHEZ CAMPUS)
MRS. CRACE, CAMPUS COORDINATOR (SIMPSON CENTER)

GENERAL LIBERAL ARTS

Mrs. Bush, Program Coordinator/Advisor (Wesson Campus)
Mrs. Bonds, Ms. Silverii, Advisors (Wesson Campus)
Ms. Blissett, Mrs. Pickle, Advisors (Natchez Campus)
Mrs. Crace, Mr. Graves, Dr. Smith, Advisors (Simpson Center)

The Liberal Arts Curriculum will meet the pre-professional needs of many students who are planning a professional vocation. It may be selected by pre-law students, pre-ministerial students, and by those planning a career in journalism, social work, or other related fields.

DIVISION OF MATHEMATICS

MR. WILLIAMS, DIVISION CHAIRPERSON (WESSON CAMPUS)
DR. SULLIVAN, MRS. JONES CAMPUS COORDINATORS (NATCHEZ CAMPUS)
MRS. SULLIVAN, CAMPUS COORDINATOR (SIMPSON CENTER)

The Division of Mathematics includes instruction in the areas of mathematics and computer science. Courses are offered which allow students to tailor programs of study to fit specific educational and career objectives. The curricula in this division are designed to prepare students for challenging careers in mathematics, computer science, and the teaching profession.

COMPUTER SCIENCE

Mr. Williams, Program Coordinator/Advisor (Wesson Campus)
Mrs. Britt, (Wesson Campus)
Dr. Sullivan, Advisor (Natchez Campus)
Mr. Cooley, Advisor (Simpson Center)

This curriculum is designed for students who wish to pursue a career in computer science.

Other courses of study are available for students who are interested in a career in engineering, pre-architecture, or related fields. All prospective students are encouraged to complete as many high school courses as possible in mathematics, science, computer science, and mechanical drawing. Advisors should review the Articulation Agreement, and students should consult the catalog of the university to which they plan to transfer for specific requirements.

DIVISION OF SCIENCE

DR. MCKONE, DIVISION CHAIRPERSON (WESSON CAMPUS)

MR. BULLEN, CAMPUS COORDINATOR (NATCHEZ CAMPUS)

MRS. DUCKWORTH, CAMPUS COORDINATOR (SIMPSON CENTER)

The curricula in the science division are designed to promote insight into the sciences through understanding and utilization of their processes. Insight into these processes is brought about through problem solving, implementation of the experimental design, and relating science to the environment. The curricula provide the science and the non-science majors with content and the necessary skills to pursue their chosen fields.

BIOLOGY

- NOTE: Many B.S.N. curricula require MAT 2323 (or similar statistics course) for graduation.

DIVISION OF SOCIAL SCIENCE

MR. HARRELL, DIVISION CHAIRPERSON (WESSON CAMPUS)
MR. WIGGINS, CAMPUS COORDINATOR (NATCHEZ CAMPUS)
MR. GRAVES, CAMPUS COORDINATOR (SIMPSON CENTER)

The Social Science Division offers courses to all students at Copiah-Lincoln to meet needs in their curricula and for intellectual and cultural development. The division offers the first two years of work toward degrees in the following areas: elementary and secondary education, pre-law, social work, criminal justice, political science, sociology, psychology, paralegal, history, speech pathology/audiology/deaf education, and industrial arts.

CRIMINAL JUSTICE

Mr. Harrell, Program Coordinator/Advisor (Wesson Campus)

This major should be selected by those who wish to be employed in the law enforcement field. There are many career opportunities at the local, state, and federal levels. Students must consult the catalog of their chosen University or Senior College for course requirements for the first two years of college.

FRESHMAN YEAR

SECONDARY EDUCATION

Mr. Higgs, Program Coordinator/Advisor (Wesson Campus)
Mr. Wiggins, Advisor (Natchez Campus)
Dr. Smith, Advisor (Simpson Center)

Given the diversity of the various programs in education offered at different four-year institutions, there is no specific major entitled “secondary education” for those who wish to teach in grades seven through twelve. The students should major in their specific teaching area, such as: History, English, Mathematics, Biology, etc.

Students should:

- 1. Obtain the college catalog of the four-year institution to which they plan to attend after graduation from Copiah-Lincoln.
- 2. Obtain course requirements of their chosen teaching area from their faculty advisor.
- 3. Meet with their faculty advisor in order to obtain information regarding the Praxis Exam required by all Mississippi schools of education for enrollment in the various programs.

It is strongly recommended that students complete the Praxis I examination prior to transferring (if required).

ELEMENTARY EDUCATION/SPECIAL EDUCATION

Mrs. Leggett, Program Coordinator (Wesson Campus)
Mr. Wiggins, Mrs. McFarland, Advisors (Natchez Campus)
Dr. Smith, Advisor (Simpson Center)

An education curriculum should be selected by those who are planning to teach. In preparing a course of study for a major in education, the student and the advisor will be guided by the graduation requirements of Copiah-Lincoln and the requirements for graduation of the senior college to which the student plans to transfer after graduation from Copiah-Lincoln. Students must consult the catalog of their chosen university or senior college for course requirements for the first two years of college.

Students should meet with their faculty advisor in order to obtain information regarding the Teachers Praxis (PPST) Exam required by all Mississippi schools of education for the enrollment in the various programs.

It is strongly recommended that students complete the Praxis I examination prior to transferring (if required).

HISTORY AND POLITICAL SCIENCE

Mr. Danny Harrell, Program Coordinator/Advisor (Wesson Campus)
Mr. Higgs, Mr. Warren, Advisors (Wesson Campus)
Mr. Wiggins, Advisor (Natchez Campus)
Mr. Graves, Advisor (Simpson Center)

This curriculum is designed for students planning to major in either history or political science. There are some prerequisites depending on the selected major. History majors must take all four history courses while political science majors must take both government courses. Each advisor will assist the student in structuring a course schedule to fit individual needs. Students must consult the catalog of their chosen university or senior college for course requirements for the first two years of college.

* Political Science, History, and other Social Science majors may want to take State and Local Government to receive six hours in Political Science. American National Government (PSC 1113) is a prerequisite for this course.

PARALEGAL STUDIES

Mr. Harrell, Program Coordinator/Advisor (Wesson Campus)
Mr. Wiggins, Advisor (Natchez Campus)

Students who choose the Paralegal Studies Program will be able to aid attorneys in delivering legal services more efficiently. This major is selected by many in the pre-law area. Currently, private law firms, business and government offices hire legal assistants. Students must consult the catalog of their chosen university or senior college for course requirements for the first two years of college.

** Approved Social Science electives include:
GEO1113VA World Geography, ECO2113 Principles of Economics I,
PSC1113 American National Government, SOC2143 Marriage and Family,
PHI1113 Old Testament Survey, PHI1113 New Testament Survey

PRE-LAW

Law schools require a bachelor’s degree before a person can be admitted. The American Bar Association, as well as the law schools, does not recommend a specific major for a pre-legal program. However, traditional majors for pre-law students have been business administration, political science, history, paralegal, etc. Pre-law students should choose a major in which they have a particular interest and in which they can maintain a high grade point average. Pre-law students are encouraged to work closely with a pre-law advisor.

PSYCHOLOGY

Mr. Stovall, Program Coordinator (Wesson Campus)
Mr. Swoveland, Advisor (Natchez Campus)

This curriculum is designed for students majoring in psychology and working toward a Bachelor of Arts degree. Those desiring a Bachelor of Science degree may substitute approved courses for six hours of foreign language. Students must consult the catalog of their chosen university or senior college for course requirements for the first two years of college.

DIVISION OF CAREER AND TECHNICAL EDUCATION

DR. GAIL BALDWIN, DEAN OF CAREER, TECHNICAL AND WORKFORCE EDUCATION
MR. TIM LEA, ASSISTANT DEAN OF CAREER-TECHNICAL EDUCATION (WESSON CAMPUS)

Career education programs at Copiah-Lincoln are designed to prepare the student for entry-level employment in a specific occupation. Co-Lin awards a career certificate upon successful completion of the curriculum.

Technical education programs are designed to prepare students for employment upon completion of the specified program curriculum. Students are then eligible to receive the Associate in Applied Science Degree.

Several career and technical programs require students to meet special entrance requirements. These requirements are stated in the following curriculum descriptions.

CAREER AND TECHNICAL EDUCATION PROGRAMS

The primary objective of Copiah-Lincoln Community College is to provide career and technical education programs designed to prepare the student for immediate employment. In keeping with this objective, a wide variety of career and technical education programs is offered on both the Wesson and Natchez campuses and the Simpson County Center. ACT requirements are listed for each program.

ACT	Certificate Programs	
-	Automotive Technology	4 semesters
-	Commercial Truck Driving	8 weeks
-	Construction Equipment Operation	1 & 2 semesters
	Cosmetology	3 semesters
	Cosmetology Teacher Trainee	2 semesters
-	Diesel Equipment Technology	4 semesters
-	Food Production and Management Technology	1, 2 & 4 semesters
-	Health Care Assistant	1 semester
-	Heating and Air Conditioning Technology	4 semesters
-	Machine Tool Technology	4 semesters
14	Office Systems Technology	2 semesters
16	Practical Nursing	3 semesters
-	Welding	2 semesters

ACT	Associate Degree Programs (2-Year Programs)
14	Automation and Control Technology
	Industrial Maintenance Option
	Instrumentation Option
*	Automotive Technology
*	Business and Marketing Management Technology
14	Business and Office Technology

	Office Systems Option
	Medical Billing and Coding Option
	Medical Office Option
	Microcomputer Option
*	Child Development Technology
16	Computer Networking Technology
*	Diesel Equipment Technology
14	Drafting and Design Technology
14	Electronics Technology
	Electronics Option
	Telecommunications Option
*	Food Production and Management Technology
*	Heating and Air Conditioning Technology
*	Hospitality and Tourism Technology
*	Machine Tool Technology
18**	Medical Laboratory Technology
19**	Medical Radiologic Technology
19**	Respiratory Care Practitioner Technology

- No high school diploma or GED required (must meet minimum COMPASS requirements)

* ACT scores required (no minimum)

** Recommended ACT Score

Special interest and special short-term career courses and workshops are offered when the demand and interest are shown for offering such courses.

Students enrolled in technical programs must select from the following general education electives:

ELECTIVES

SPECIAL PROGRAMS

EMERGENCY MEDICAL TECHNICIAN - BASIC

Mr. Hart, Mr. Lea, Dr. Nichols, Advisors

The Emergency Medical Technician-Basic course is designed to prepare participants for employment upon completion.

Entrance into Emergency Medical Technician-Basic requires a high school diploma or equivalency, passing a physical examination, and having an ACT minimum score of 16 on file in the Office of Admissions. The EMT-Basic course consists of 120 classroom hours along with 10 hours of emergency room clinicals. Students must also make at least five runs on the ambulance before becoming certified in Mississippi. Most area hospitals require a criminal background check and a negative TB test before admittance into clinicals. Students who successfully complete the six-hour basic course and pass the National Registry EMT-Basic (NREMT) exam qualify as a certified EMT-Basic in Mississippi.

Students who plan to pursue EMT-Paramedic certification must have successfully completed Human Anatomy & Physiology I & II before applying for admission into a paramedic program.

NURSING ASSISTANT

Mr. Hart (Wesson/Natchez Campuses and Simpson County Center)

The Nursing Assistant program is designed to prepare participants for employment upon completion. Students are exposed to a program that will provide knowledge, skills and understanding needed to function as a nursing assistant. The program is taught four (4) days per week from 8 a.m. until 3:30 p.m. for six (6) weeks. Upon completion, the students will receive a certificate from Copiah-Lincoln Community College qualifying them to register with the Mississippi Department of Health for the Certified Nursing Assistant exam.

SERVICES FOR SPECIAL POPULATIONS

Mrs. Bodin, Mrs. Smith (Wesson Campus and Simpson County Center)

Mrs. Heard (Natchez Campus)

To ensure the success of all members of the special populations, Copiah-Lincoln Community College offers support services for students who have physical or learning disabilities, single parents, displaced homemakers, students enrolled in nontraditional fields of study, individuals with limited English proficiency, and economically disadvantaged students including foster children. The Special Populations personnel in the Career and Technical Education Division coordinate the identification of these targeted populations. Listed below are many of the services available.

- Personal and/or educational conferences
- Assessment of special needs
- Interest and aptitude surveys
- Career information
- Campus and community referral
- Financial aid advisement
- Program modifications
- Adaptive equipment
- Basic skills development in reading, mathematics, and language
- Career development including employability skills training
- Individual and group instruction

TECH PREP

Mrs. Martin, Coordinator

Tech Prep serves as a liaison between the secondary and post-secondary institutions, providing technical assistance and professional development to administrators, counselors, START (career center managers), student services coordinators, and instructors. The Tech Prep program combines rigorous academic courses with high-level technical training that prepares students for a seamless transition leading to technical proficiency, an industry-

recognized credential, a certificate, or a degree in a specific field.

WORK-BASED LEARNING

Ms. Knapp, Coordinator

The Work-Based Learning program creates an opportunity for career and technical student placement in worksites which parallel school-based education and training. Students must be enrolled in a career and technical program and must be employed in a related workplace environment.

The Work-Based Learning courses are structured worksite experiences for which the career and technical program area instructor, work-based learning coordinator, and worksite supervisor/mentor develop and implement a training agreement. The training agreement is designed to integrate the student’s academic and technical skills into a work environment. Regular meetings and seminars with school and business and industry personnel for supplemental instruction and feedback (progress reviews) will be included.

Students receive semester hour credit, transcript recognition for worksite experience and a Work-Based Learning Certificate.

CAREER AND TECHNICAL EDUCATION PROGRAMS

AUTOMATION AND CONTROL TECHNOLOGY

INDUSTRIAL MAINTENANCE TECHNOLOGY

Mr. Murray, Advisor (Wesson Campus)

Industrial Maintenance Technology is an instructional program that provides the student with technical knowledge and skills necessary for gaining employment as an industrial maintenance systems technician. This curriculum is designed as a two-year technical program. Upon completion of the program, an Associate in Applied Science Degree in Industrial Maintenance Technology will be awarded.

The Industrial Maintenance option on the Wesson campus focuses on basic skills necessary to enter the workforce in electrical, electro-mechanical, automation and maintenance fields. Graduates of the Industrial Maintenance option will be qualified for employment in the maintenance or engineering departments of various manufacturing operations.

Special admission requirements:

- 1. Minimum ACT composite of 14.
- 2. Meet requirements for Intermediate Algebra.

INSTRUMENTATION TECHNOLOGY

Mr. Hoggatt, Mr. Stroupe, Advisors (Natchez Campus)

Instrumentation Technology is an instructional program that provides the student with technical knowledge and skills necessary for gaining employment as an instrumentation systems technician. This curriculum is designed as a two-year technical program. Upon completion of the program, an Associate in Applied Science Degree in Instrumentation Technology will be awarded.

The Instrumentation option on the Natchez Campus focuses on the knowledge and skills necessary to prepare students to understand, calibrate, and install industrial instrumentation (i.e., pressure, level, flow, temperature and indicators, transmitters, sensors, transducers, etc.), to align and tune controllers and adjust valves. Graduates of the Instrumentation option will be qualified to function at the technician level in the area of instrumentation and control.

Special admission requirements:

- 1. Minimum ACT composite of 14.
- 2. Meet requirements for Intermediate Algebra.

AUTOMOTIVE TECHNOLOGY

Mr. Taylor, Advisor (Wesson Campus)

This instructional program prepares individuals to engage in the servicing and maintenance of all types of automobiles. Instruction includes the diagnosis of malfunctions and repair of engines, and fuel, electrical, cooling, brake, and drive train and suspension systems. Instruction is also provided in the adjustment and repair of individual components such as transmissions and fuel systems. This program is certified by the National Institute of Automotive Service Excellence.

BUSINESS AND MARKETING MANAGEMENT TECHNOLOGY

Mrs. Laird, Advisor (Natchez Campus)

The Business and Marketing Management Technology rogram of study is designed to provide specialized occupational instruction in all phases of marketing management including e-business, international marketing, and multimedia presentations. This program

prepares students for careers in dynamic marketing professions. A combination of classwork and practical experience is stressed.

BUSINESS AND OFFICE TECHNOLOGY

OFFICE SYSTEMS TECHNOLOGY

Mrs. Easterling, Mrs. Garrett, Mrs. Hart, Dr. Johnson, Advisors (Wesson Campus)
Mrs. Davis, Mrs. Savino, Mrs. Stutzman, Advisors (Natchez Campus)
Mrs. Mackey, Advisor (Simpson County Center)

The Office Systems Technology program is designed to give students a broad overview of the entire office function and provide students an opportunity to investigate the integration of systems. It exposes students to career options available within the office, which involve the management of people and equipment resources, as well as an opportunity to recognize the relationship between worker and supervisor.

Special admission requirements:

- 1. Must have a minimum ACT composite score of 14.
- 2. BOT 1013 Keyboarding or equivalent is strongly recommended.

MEDICAL BILLING AND CODING TECHNOLOGY

Mrs. Easterling, Mrs. Garrett, Mrs. Hart, Dr. Johnson, Advisors (Wesson Campus)
Mrs. Davis, Mrs. Savino, Mrs. Stutzman, Advisors (Natchez Campus)

The Medical Billing and Coding program includes a basic core of courses designed to prepare a student for entry-level employment in doctors’ offices, hospitals, outpatient facilities, mental health clinics, nursing home facilities, and insurance companies.

Medical Billing and Coding is a two-year program of study which requires courses in the career-technical core, designated areas of concentration, and the academic core. The Associate in Applied Science degree is earned upon the successful completion of the Medical Billing and Coding curriculum.

Special admission requirements:

- 1. Must have a minimum ACT composite score of 14.
- 2. BOT 1013 Keyboarding or equivalent is strongly recommended.

COMMERCIAL TRUCK DRIVING

Mr. Munn, Advisor (Wesson Campus)

The Commercial Truck Driving program is designed to prepare participants for employment in the field of transportation. The participant will learn Department of Transportation rules and regulations, Mississippi requirements for obtaining a commercial driver’s license, and the operations of a semi tractor-trailer. Course consists of classroom and hands-on equipment training. Employability/work maturity and basic educational skills will be taught. The program will operate six (6) hours per day, five (5) days per week for a maximum of 8 weeks. A counselor will be available for participant needs. Curriculum and course descriptions are available upon request.

Special admission requirements:

- 1. At least 21 years of age upon completion of the program.
- 2. Pass a Department of Transportation (D.O.T.) physical for Commercial Truck Drivers and have the physical capability of reaching clutch and brake pedals while in driver’s position.
- 3. Receive a negative test result on the D.O.T. drug test by a certified laboratory and have the results submitted directly to the college.
- 4. Official copy of driving record on file.
- 5. Have a current valid driver’s license.
- 6. Be able to drive manual transmission vehicle.

COSMETOLOGY

Mrs. Daniels, Mrs. Jones, Advisors (Wesson Campus)

The purpose of this program is to train students in all phases of cosmetology. Training includes one year of classroom and laboratory activities which are necessary to become proficient as a cosmetologist. The program is approved by the State Board of Cosmetology.

Instruction includes 230 hours of theory, 1200 hours of practical and 70 unassigned clock hours - a total of 1500 hours to be completed in a year.

Upon satisfactory completion of this training a student is eligible to request examination by State Board of Cosmetology to receive license. This course meets seven and one-half hours a day, five days per week.

Special admission requirements:

1. Complete and have on file a Copiah-Lincoln Community College official application.
2. Must have a transcript from an accredited high school showing graduation, or satisfactory scores on the GED test, or a transcript from previous college attendance on file.
3. Complete a Co-Lin Cosmetology Application on testing date
4. Take Cosmetology Aptitude Test (CSAT) and COMPASS Placement Test at Copiah-Lincoln Community College.
5. If accepted, the applicant must attend cosmetology orientation/pre-registration.

* Students who lack entry level skills in math, English, science, etc. will be provided related studies.

COSMETOLOGY TEACHER TRAINEE

The Cosmetology Teacher Trainee course is a special course designed to prepare a person to become a cosmetology instructor. To be eligible to make application for this course, one must meet the following requirements:

- 1. Hold a current Mississippi cosmetology license.
- 2. Be at least twenty-one years of age.
- 3. Have a high school education or the equivalent.
- 4. Be a graduate of an accredited beauty school.
- 5. Obtain twelve (12) semester hours credit in "Methods of Training."

To be eligible to complete the teacher trainee program, one must successfully complete 750 clock hours of cosmetology trainee instruction with a minimum of two years work experience prior to teacher trainee training or 2,000 clock hours without the work experience.

It should be noted that only one instructor trainee can be accepted into the program at a time.

The student will be required to register as a full-time student at the beginning of each semester. Twelve credit hours will be allowed for each semester.

Completion Award: Career Certificate
2 semesters

* Students who lack entry level skills in math, English, science, etc. will be provided related studies.

DIESEL EQUIPMENT TECHNOLOGY

Mr. Smith, Advisor (Wesson Campus)

The Diesel Equipment Technology program is an instructional program that provides students with competencies required to maintain and repair a variety of industrial diesel equipment, including agricultural tractors, commercial trucks, and construction equipment. The program includes instruction in inspection, repair, and maintenance of engines, power trains, hydraulic systems, and other components.

DRAFTING AND DESIGN TECHNOLOGY

Mr. Russell, Mr. Thomas, Advisors (Wesson Campus)

The Drafting and Design Technology program is a two-year technical program designed to give the student essential knowledge and skills required for efficient and productive performance in the drafting field. Copiah-Lincoln grants an Associate in Applied Science degree to students upon satisfactory completion of the curriculum and assists in placing students in gainful employment.

Special admission requirement: Minimum ACT composite of 14.

ELECTRONICS TECHNOLOGY

Mr. Turnage, Mr. Williamson, Advisors (Wesson Campus)
Mr. Hoggatt, Mr. Stroupe, Advisors (Natchez Campus)

The Electronics Technology program is a four-semester program with a combination of both theory and laboratory experience. The graduate will be capable of entry-level employment in the many fields of electronics. Some of these fields are communications, instrumentation and control, computers, business machines, and avionics.

Special admission requirements:

- 1. Minimum ACT composite of 14.
- 2. Meet requirements for Intermediate Algebra.

FOOD PRODUCTION AND MANAGEMENT TECHNOLOGY

Mrs. Hoff, Advisor (Wesson Campus)

The Food Production and Management Technology program offers an Associate in Applied Science Degree as well as a Professional Management Development Diploma through the Educational Foundation of the National Restaurant Association.

The primary objective is to prepare students for full-time employment in the foodservice industry upon graduation from the program.

The Food Production and Management certificate program offers three levels of completion.

HEATING AND AIR CONDITIONING TECHNOLOGY

Mr. Falvey, Advisor (Wesson Campus)
Mr. Savino, Advisor (Natchez Campus)

The productivity, comfort, and health of our nation are dependent upon the air conditioning, heating and refrigeration fields. The units, which together constitute an air

conditioning, heating, or refrigeration system, no matter how simple or complex, depend upon fundamental scientific principles. It is the objective of this course to present these basic principles, to develop correct work procedures, and to train in the basic skills necessary for advancement in this field. Upon satisfactory completion of this course, a student will be prepared to secure employment with businesses which install or service air conditioning, heating, or refrigeration systems and equipment or to become self-employed.

MACHINE TOOL TECHNOLOGY

Mr. Johnson, Advisor (Wesson Campus)

Machine Tool Technology is an instructional program that prepares individuals to shape metal parts on machines such as lathes, grinders, drill presses, and milling machines. Included is instruction in making computations related to work dimensions, testing, feeds, and speeds of machines; using precision measuring instruments such as layout tools, micrometers, and gauges; machining and heat-treating various metals; and laying out machine parts. Also included is instruction in the operation and maintenance of computerized equipment.

MEDICAL LABORATORY TECHNOLOGY

Mrs. Shivers, Program Director (Wesson Campus)
Mrs. Higgs, Advisor (Wesson Campus)
Robert Brien Britt, M.D., F.C.A.P., F.A.S.C.P.

The Medical Laboratory Technology program is designed to instruct students in the theoretical and practical skills required for the entry-level practice of clinical laboratory science.

The curriculum includes technical and academic courses taken on campus and 24 weeks of didactic instruction and skill development in an affiliated hospital. Upon successful completion of the technical program, the student will be awarded an Associate in Applied Science degree in Medical Laboratory Technology and will be eligible to take a national certification examination.

The Medical Laboratory Technology program is accredited by the National Accrediting Agency for Clinical Laboratory Sciences, 8410 West Bryne Mawr Avenue, Suite 670, Chicago, Illinois, 60631-3415, (773)714-8880.

Special admission requirements:

1. Must be 18 years of age upon entrance into the program.
2. Recommended ACT of 18 or higher.
3. Completed MLT Application Packet. Applications are accepted spring and fall semesters.
4. Developmental courses must be successfully completed prior to entrance into the program.

- 5. Acceptance will be based on completed MLT Application Packet, ACT score, GPA, and an interview by the selection committee.
- 6. If accepted, all applicants must participate in drug and alcohol testing and a criminal history background check.

NOTE: Application packets may be obtained from the Counseling Center or MLT department.

MEDICAL RADIOLOGIC TECHNOLOGY - RADIOGRAPHY

Mrs. Gaudin, Mrs. Sartin, Mrs. Thomas, Advisors (Wesson Campus)

The Medical Radiologic Technology program is a two-year program which is accredited by the Joint Review Committee on Education in Radiologic Technology. The program is designed to prepare the graduate for employment as a radiographer and/or advancement in the field of radiologic technology. Learning activities consist of a combination of theory, laboratory practice, and clinical experience. Classroom and laboratory activities are conducted on Copiah-Lincoln Community College's Wesson Campus with clinical experience being gained at affiliating hospitals. Successful completion of the program makes the graduate educationally eligible to write the American Registry of Radiologic Technologist (ARRT) exam and to receive an Associate in Applied Science degree.

The Medical Radiologic Technology program is accredited by Joint Review Committee on Education in Radiologic Technology, 20 N. Wacker Drive, Suite 2850, Chicago, IL 60606 -3182, (312) 704-5300.

Special admission requirements:

- 1. Must be 18 years of age upon entrance into the program.
- 2. Recommended ACT of 19 or higher.
- 3. Completed RGT Application Packet. Applications are accepted for the fall semester. Application deadline is March 10.
- 4. Acceptance will be based on completed RGT Application Packet, ACT score, GPA, and an interview by the selection committee.
- 5. If accepted, all applicants must participate in drug and alcohol testing and a criminal history background check.

PRACTICAL NURSING

Mrs. Brumfield, Advisor (Wesson Campus)
Mrs. Criswell, Advisor (Natchez Campus)
Mrs. Pearson & Mrs. Hawes, Advisors (Simpson County Center)

This is a one-year curriculum designed to provide the student with knowledge and skills necessary to function as a member of the health team in administering safe, effective nursing care. Students are exposed to a well-balanced program of scientific foundations to provide knowledge, skills and understanding needed to function as a practical nurse. Upon graduation, the student will receive a certificate and be eligible to write the National Council Licensure Examination (NCLEX) for Practical Nurses.

Special admission requirements:

- 1. Transcript verifying high school graduation or G.E.D.
- 2. A minimum ACT composite of 16 with a minimum of 12 in math and reading.
- 3. Must take the ATI TEAS® exam.
- 4. If accepted, submit the following:
 - a. A Health Occupations application submitted to a career-technical counselor.
 - b. A health form signed by a physician submitted to a career-technical counselor.
 - c. Cardio-Pulmonary Resuscitation Certification.
- 5. If accepted, attend a practical nursing orientation.
- 6. If accepted, all applicants must participate in drug and alcohol testing and a criminal history background check.

RESPIRATORY CARE PRACTITIONER TECHNOLOGY

Ms. Perkins, Advisor (Natchez Campus)

The Respiratory Care Practitioner Technology program prepares the individual to become a certified and registered respiratory therapist. Respiratory care practitioners are responsible for initiating cardiopulmonary resuscitation along with the setup and monitoring of life support systems. In addition, respiratory care practitioners provide treatment for heart and lung disorders by administering inhalation treatments, oxygen, and drugs under the direction of a physician.

Graduates of the Respiratory Care Practitioner Technology program will receive an Associate in Applied Science Degree, and an entry-level certificate and advanced-level certificate. Graduates will be qualified to take the National Board for Respiratory Care examinations for Certified Respiratory Therapist (CRT) and Registered Respiratory Therapist (RRT).

The Respiratory Care Practitioner Technology program is accredited by the Committee on Accreditation for Respiratory Care, 1248 Harwood Road, Bedford, TX 76021-4244, (817) 283-2835 Phone.

Special Entrance Requirements are:

- 1. ACT recommended composite score of 19.
- 2. TABE reading and math scores, at least 12th grade level.
- 3. Completed Health Occupations application.
- 4. Completed Health Occupations health certificate signed by a medical doctor.
- 5. Interview by instructor and/or committee.
- 6. Eight hours of clinical observation at a hospital-based Respiratory Care Department.
- 7. If accepted, all applicants must participate in drug and alcohol testing and a criminal history background check.

Prerequisites: Anatomy and Physiology I (Lecture & Lab) BIO 2513, BIO 2511

WELDING

Mr. Irvin, Advisor (Wesson Campus)
Mr. Flournoy, Advisor (Natchez Campus)

This course is designed to prepare the student for employment and advancement in an occupation which requires knowledge and skills of welding. The student receives instruction in construction type welding, x-ray welding for shipbuilding, construction, maintenance and custom shop welding. Instruction will include a study of welding equipment and safety practices. The student is taught welding using various electrodes: shielded metal arc welding, gas metal arc welding, oxyacetylene welding, gas tungsten arc welding, flux core arc welding, pipe welding, plasma arc cutting, oxyacetylene and carbon arc cutting.

**Completion Award: Career Certificate
Level I – 1 semester**

**Completion Award: Career Certificate
Level II – 2 semesters**

- * Students who lack entry level skills in math, English, science, etc. will be provided related studies.
- * Total hours required for completion of this program may be reduced through statewide local articulation agreements with high schools and career technical centers.

ACADEMIC COURSES

The academic courses offered by Copiah-Lincoln Community College follow the uniform course numbering system for public community/junior colleges in Mississippi. The numbers for university parallel courses carry four digits. The first digit indicates the year that the course is normally taught. Generally courses required or recommended for freshmen begin with a “1” and courses at the sophomore level begin with a “2”. The last of the four digits indicates semester hours credit carried by the course. The second and third digits are used to separate courses within departments. The course descriptions are those adopted in the uniform numbering system and are equivalent to those courses offered at the same level at four-year institutions.

ACCOUNTING (ACC)

ACC 1213 Principles of Accounting I

A study of the basic financial accounting principles that relate to business. The topics to be covered include the accounting cycle, accounting systems for service and merchandising businesses, assets, liabilities, and equity accounting systems for service and merchandising enterprises; accounting concepts for sole proprietorships, partnerships, and corporations. Three hours lecture per week. Credit, three semester hours.

ACC 1223 Principles of Accounting II

A continuation of ACC 1213. The topics to be covered include managerial accounting concepts and internal business decision making; accounting systems for manufacturing operations; concepts for planning and controlling operations and decision-making; financial analysis for management use. Three hours lecture per week. Credit, three semester hours.

ART (ART)

ART 1113 Art Appreciation

A course designed to provide an understanding and appreciation of the visual arts. Three hours lecture per week. Credit, three semester hours.

ART 1313 Drawing I

Includes the study of the basic elements and principles of organization in two dimensions and the selection, manipulation and synthesis of these components to create an organized visual expression. Black and white media will be stressed. Required of art majors. Six hours laboratory per week. Credit, three semester hours.

ART 1323 Drawing II

Continuation of rendering skills introduced in Drawing I with emphasis on color, composition and creative expression. Required of art majors. Six hours laboratory per week. Credit, three semester hours. (*Prerequisite: ART 1313*)

ART 1433 Design I

To provide students with an understanding of the elements and principles of design

to enable development of an informed, intuitive sense as well as a highly informed skills base/ methodology involving black and white design problems which apply principles and elements of visual design. Required of art majors. Six hours laboratory per week. Credit, three semester hours.

ART 1443 Design II

To provide students with an understanding of color theory and applications of color so that there begins to be an informed as well as intuitive sense of seeing, mixing, and applying color and light to design problems. Required of art majors. Six hours of laboratory per week. Credit, three semester hours. (*Prerequisite: ART 1433 or special permission of the instructor*)

ART 1453 Three Dimensional Design

To provide students with an understanding of spatial form in three dimensions through the use of applied design elements and principles to studio problems in mixed media. Three hours lecture per week. Credit, three semester hours.

ART 1913 Art for Elementary Teachers

Development of essential concepts of children's art education in compliance with the National Standards for Arts Education. Two hours of lecture and two hours of laboratory per week. Credit, three semester hours.

ART 2513 Painting I

Techniques used in painting media in a variety of subject matter. Six hours laboratory per week. Credit, three semester hours.

ART 2523 Painting II

Advanced problems in painting media. Six hours laboratory per week. Six hours laboratory per week. Credit, three semester hours.

ART 2613 Ceramics I

This course is directed toward an introduction to different aspects and materials of ceramic design. Instruction covers forming and shaping by hand and by mechanical means, various kiln operations, understanding the nature of clay and glazes and an appreciation of functional and non functional forms. Six hours laboratory per week. Credit, three semester hours.

ART 2623 Ceramics II

Continuation of skills introduced in Ceramics I. Emphasis on individual problem solving. Credit, three semester hours.

ART 2713 Art History I

Survey course of historical background of art forms from Prehistoric to Renaissance. Emphasis is on painting, architecture, and sculpture as related to history. Three hours lecture per week. Credit, three semester hours.

ART 2723 Art History II

Survey courses of historical background of art forms from Renaissance to present with special emphasis on contemporary expression. Three hours lecture per week. Credit, three semester hours.

BUSINESS ADMINISTRATION (BAD)**BAD 1113 Introduction to Business**

This course includes an introduction to the major divisions of study that will be followed in succeeding business courses such as Business Organization, Management, Marketing, Finance, Accounting, Business Law, and other related courses. Three hours lecture per week. Credit, three semester hours.

BAD 2323 Business Statistics

An introduction to statistical methods of collecting, presenting, analyzing, and interpreting quantitative data for business management and control. Three hours lecture per week. Credit, three semester hours.

BAD 2413 Legal Environment of Business

An introduction to the fundamental principles of law as they relate to the basic legal problems of business transactions in our economy. The topics will include an introduction to law; law of contracts; agencies and employment; negotiable instruments and commercial papers. Three hours lecture per week. Credit, three semester hours.

BAD 2533 Business Management and Microcomputers

An introduction to the main microcomputer software packages used in business and to the components of an information system to include spreadsheets, database management, word processing, computerized accounting, data entry and retrieval, records management, and electronic communications. Three hours lecture per week. Credit, three semester hours.

BAD 2713 Principles of Real Estate

The course deals with the nature of the real estate market, types of ownership of property, contracts, methods of transfer of title, instruments used in transfers, title closing, financing, property management, insuring, and appraising. Three hours lecture per week. Credit, three semester hours.

BAD 2723 Real Estate Law

Designed to give the student a general background in the law of real property and the law of real estate brokerage. Three hours lecture per week. Credit, three semester hours.

BAD 2853 Business Ethics

An exploration of the ethical problems faced in business theory and practice through which the student will recognize and analyze ethical dilemmas and implement ethical decisions within the context of today's business environment. Three hours lecture per week. Credit, three semester hours.

BIOLOGY (BIO)

BIO 1111 Principles of Biology I, Lab

A laboratory course for non-science majors that contains experiments and exercises that reinforce the principles introduced in BIO 1113 Principles of Biology I, Lecture. Two hours laboratory per week. Credit, one semester hour.

BIO 1113 Principles of Biology I

A lecture course for non-science majors that provides an introduction to the basic principles of modern biology and their relevance to modern life. Emphasis is placed on the nature and history of scientific thought, basic biological chemistry, cell structure and processes, and genetics. Three hours lecture per week. Credit, three semester hours.

BIO 1121 Principles of Biology II, Lab

A laboratory course for non-science majors that contains experiments and exercises that reinforce the principles introduced in BIO 1123 Principles of Biology II, Lecture. Two hours laboratory per week. Credit, one semester hour.

BIO 1123 Principles of Biology II

A lecture course for non-science majors that emphasizes the relationship of humans to their environment, classification of organisms, ecology and environmental concerns. Three hours lecture per week. Credit, three semester hours.

BIO 1131 General Biology I, Lab

A laboratory course for science majors that contains experiments and exercises that reinforce the principles introduced in BIO 1133 General Biology I, Lecture. Two hours laboratory per week. Credit, one semester hour.

BIO 1133 General Biology I

A lecture course for science majors that includes study of the scientific method, chemistry relevant to biological systems, cell structure and physiology, cell processes including photosynthesis and cellular respiration, cell division, genetics and molecular genetics. Three hours lecture per week. Credit, three semester hours.

BIO 1141 General Biology, II Lab

A laboratory course for science majors that contains experiments and exercises that reinforce the principles introduced in BIO 1143 General Biology II, Lecture. Two hours laboratory per week. Credit, one semester hour.

BIO 1143 General Biology II

A lecture course for science majors that reinforces concepts introduced in BIO 1133 General Biology I, Lecture, while emphasizing the diversity of life. Topics covered include adaptation by natural selection, classification, ecology, detailed consideration of each group of organisms and viruses, study of animals and plants including their basic anatomy and physiology. Three hours lecture per week. Credit, three semester hours.

BIOLOGY (BIO)

BIO 1111 Principles of Biology I, Lab

A laboratory course for non-science majors that contains experiments and exercises that reinforce the principles introduced in BIO 1113 Principles of Biology I, Lecture. Two hours laboratory per week. Credit, one semester hour.

BIO 1113 Principles of Biology I

A lecture course for non-science majors that provides an introduction to the basic principles of modern biology and their relevance to modern life. Emphasis is placed on the nature and history of scientific thought, basic biological chemistry, cell structure and processes, and genetics. Three hours lecture per week. Credit, three semester hours.

BIO 1121 Principles of Biology II, Lab

A laboratory course for non-science majors that contains experiments and exercises that reinforce the principles introduced in BIO 1123 Principles of Biology II, Lecture. Two hours laboratory per week. Credit, one semester hour.

BIO 1123 Principles of Biology II

A lecture course for non-science majors that emphasizes the relationship of humans to their environment, classification of organisms, ecology and environmental concerns. Three hours lecture per week. Credit, three semester hours.

BIO 1131 General Biology I, Lab

A laboratory course for science majors that contains experiments and exercises that reinforce the principles introduced in BIO 1133 General Biology I, Lecture. Two hours laboratory per week. Credit, one semester hour.

BIO 1133 General Biology I

A lecture course for science majors that includes study of the scientific method, chemistry relevant to biological systems, cell structure and physiology, cell processes including photosynthesis and cellular respiration, cell division, genetics and molecular genetics. Three hours lecture per week. Credit, three semester hours.

BIO 1141 General Biology, II Lab

A laboratory course for science majors that contains experiments and exercises that reinforce the principles introduced in BIO 1143 General Biology II, Lecture. Two hours laboratory per week. Credit, one semester hour.

BIO 1143 General Biology II

A lecture course for science majors that reinforces concepts introduced in BIO 1133 General Biology I, Lecture, while emphasizing the diversity of life. Topics covered include adaptation by natural selection, classification, ecology, detailed consideration of each group of organisms and viruses, study of animals and plants including their basic anatomy and physiology. Three hours lecture per week. Credit, three semester hours.

Student I.D. Number _____

Wesson Campus _____
Natchez Campus _____
Simpson Co. Center _____

P. O. Box 371
Wesson, MS 39191

Office of Admissions
11 Co-Lin Circle
Natchez, MS 39120

Office of Admissions
151 Co-Lin Drive
Mendenhall, MS 39114

APPLICATION FOR ADMISSION OR READMISSION

PLEASE PRINT

Social Security Number _____ Name: Last _____ First _____ Middle _____ (Other names previously used) _____

Mailing Address: Number and Street (or Rural Route Number) / P.O. Box _____

City _____ State _____ Zip Code _____ (Area Code) Home Telephone Number _____

Cellular Phone Number & Service Provider _____ County/Parish of Residence _____ Mississippi Resident? Yes _____ No _____ Email Address _____

PARENT _____ SPOUSE _____ GUARDIAN _____

Name of Parent/Spouse/Guardian _____

Address (Number and Street or Rural Route Number) _____

City _____ State _____ Zip Code _____ (Area Code) Home Telephone Number _____

PLEASE CHECK APPROPRIATE BOX

Birthdate: ____/____/____ Male _____ Female _____ If you have a disability that requires special accommodations, please contact the Special Populations Coordinator on the Wesson Campus, Erin Smith at (601) 643-8401; the Natchez Campus, Judy Heard at (601) 446-1174; or the Simpson Co. Center, Dr. Dewayne Middleton at (601) 849-0126.

(This information is voluntary and will not be used as a factor in the Admissions process.)

Religion: Baptist _____ Methodist _____ Catholic _____ Church of Christ _____ Other _____
Race: White _____ Black _____ American Indian _____ Hispanic _____ Non-Resident/Alien _____ Other _____

Semester/Year of Interest

Fall, _____ Spring, _____ Summer, (to continue Fall term) _____ Summer, (not to continue Fall term) _____

Entrance Status: I have not attended Co-Lin before _____ I attended Co-Lin previously _____ When? _____

If yes, list any names you may have attended under: _____

Classification: Freshman _____ Dual Enrollment (High school student enrolled in college courses) _____ Transfer _____ Re-Admit _____ Occupational Diploma _____

Name of high school attended: _____ City _____ State _____

Did you graduate? Yes _____ Date _____ No _____ If no, have you received a GED? Yes _____ Date _____ No _____

List your planned major: _____

List your previous college(s) attended: An official transcript from each institution must be submitted.

Name of Institution _____ City _____ State _____ Attended from Month/Year to Month/Year _____

I CERTIFY THAT ALL THE ANSWERS I HAVE GIVEN TO ALL QUESTIONS IN THIS APPLICATION ARE CORRECT AND COMPLETE TO THE BEST OF MY KNOWLEDGE. I AGREE TO ABIDE BY THE POLICIES, RULES AND REGULATIONS SET FORTH IN OFFICIAL PUBLICATIONS OF THE COLLEGE.

Signature: _____ Date: _____

Copiah-Lincoln Community College does not discriminate on the basis of race, color, national origin, sex, sexual orientation, gender identity, disability, religion, age or veteran status in the College's services, educational programs and activities, including, but not limited to, admissions to and employment by the College.

The Dean of Administrative Services has been designated to handle inquiries regarding the College's non-discrimination policies. For filing a complaint, contact the Dean of Administrative Services, P. O. Box 649, Wesson, Mississippi 39191, phone: (601) 643-8306.

**COPIAH - LINCOLN
COMMUNITY COLLEGE**

HOUSING APPLICATION

MUST BE COMPLETED AND RETURNED WITH A \$50.00 NON-REFUNDABLE DEPOSIT

Wesson Campus Only

Return To: Copiah-Lincoln Community College, Business Office, P.O. Box 649, Wesson, MS 39191

The reservation fee is NOT REFUNDABLE after August 1st, unless students pay one semester's room rent. Students losing a dormitory key will be assessed a fee of \$100.00 to have the key replaced and the lock changed.

BE SURE TO SIGN THE APPLICATION AND ENCLOSE THE \$50.00 HOUSING DEPOSIT.

Name: _____
Last First MI Social Security Number I.D. Number

Birth Date: _____ Sex: _____ Race: _____ Phone Number: _____

Address: _____ City: _____ State: _____ Zip Code: _____

I am applying for: Fall _____ Spring: _____ Entering Classification: Freshman _____ Sophomore: _____
Aug. (Year) Jan. (Year)

Parent / Guardian: _____

Major: _____ ACT Score: _____ Grade Point Average: _____

Do you have an athletic scholarship to attend Co-Lin: Yes _____ No _____ If yes, what sport: _____

Assignments to rooms are based on the date room reservation fee is paid. Returning sophomores have first priority provided they notify the housing office before the designated deadline. Assignments to a specific hall and/or room are honored, if possible, based on space availability. Men's dormitories are Ellzey, Franklin, Lincoln, Lawrence, and Simpson. Women's dormitories are Stevens, Copiah, Stevens Annex, Triplex Apartments and Ellis Apartments. Honors rooms are offered for men and women with an ACT score of 20 or above. The honors rooms for women are Ellis Apartments, Triplex Apartments, first floor and ground floor of Stevens Hall. The honors dormitories for men are Lincoln and Lawrence Halls. For more information about dormitories contact Janice Stricklin at (601) 643-8349 (women's dormitories) or Allen Kent (601) 643-8314 (men's dormitories).

Dormitory Preference: 1. _____ 2. _____ 3. _____

If you have a disability that would require special accommodations in the residence halls, please contact the Erin Smith, Special Populations Coordinator at (601) 643-8401.

PLEASE READ THE FOLLOWING INFORMATION BEFORE LISTING ROOMMATE PREFERENCE

If roommate preference is requested, it is very important to send BOTH applications together and deposits of the two (2) students who wish to be roommates. **If you and your roommate apply on different dates, then the later date will be used to make both assignments.**

Roommate Preference: _____

Signature of Applicant: _____ Date: _____

FOR OFFICE USE ONLY

Date Deposit Received _____ Room Reserved _____

BIO 1311 Botany I, Lab

A laboratory course that contains experiments and exercises that reinforce the principles introduced in BIO 1313 Botany I, Lecture. Two hours laboratory per week. Credit, one semester hour.

BIO 1313 Botany I

A lecture course covering the representative groups of the plant kingdom, their anatomy, physiology, taxonomy, and economic importance. Three hours lecture per week. Credit, three semester hours.

BIO 1321 Botany II, Lab

A laboratory course that contains experiments and exercises that reinforce the principles introduced in BIO 1323 Botany II, Lecture. Two hours laboratory per week. Credit, one semester hour.

BIO 1323 Botany II

A lecture course that emphasizes classification and identification of plants. Three hours lecture per week. Credit, three semester hours.

BIO 1511 Principles of Anatomy and Physiology I, Lab

For Allied Health Majors only. A laboratory course that contains experiments and exercises to reinforce the principles taught in BIO 1513 Principles of Anatomy and Physiology I, Lecture. Two hours laboratory per week. Credit, one semester hour.

BIO 1513 Principles of Anatomy and Physiology I

For Allied Health Majors only. A lecture course that provides an introduction to the anatomical and physiological study of the human body at the molecular, cellular, tissue, and organ systems. Organ systems covered in this course are the integumentary, muscular, skeletal, and nervous system. Three hours lecture per week. Credit, three semester hours.

BIO 1613 Nutrition

A lecture course covering the nutrients required for normal growth and prevention of major chronic diseases, and applied to the selection of food for ingestion, the metabolic process of digestion, assimilation, and absorption, and their applications for health care providers. Three hours lecture per week. Credit, three semester hours.

BIO 2313 Dendrology

A lecture course concerning the taxonomy, morphology, ecology, and identification of woody plants. Two hours lecture and two hours laboratory per week. Credit, three semester hours. (*Prerequisite: BIO 1314*)

BIO 2411 Zoology I, Lab

A laboratory course that contains experiments and exercises that reinforce the principles introduced in BIO 2413 Zoology I, Lecture. Two hours laboratory per week. Credit, one semester hour.

BIO 2413 Zoology I

A lecture course that includes in-depth studies of phylogeny and classification systems, protozoa and major invertebrate phyla. Three hours lecture per week. Credit, three semester hours.

BIO 2511 Anatomy and Physiology I, Lab

A laboratory course that contains experiments and exercises that reinforce the principles introduced in BIO 2513 Anatomy and Physiology I, Lecture. Two hours laboratory per week. Credit, one semester hour.

BIO 2513 Anatomy and Physiology I, Lecture

A lecture course that covers the anatomical and physiological study of the human body as an integrated whole. The course includes detailed studies of biological principles; tissues; and the integumentary, skeletal, muscular and nervous systems. Three hours lecture per week. Credit, three semester hours. (*Prerequisite: ACT composite of 18 or higher or successful completion of a lower level BIO lecture/laboratory course.*)

BIO 2521 Anatomy and Physiology II, Lab

A laboratory course that contains experiments and exercises that reinforce the principles introduced in BIO 2523 Anatomy and Physiology II, Lecture. Two hours laboratory per week. Credit, one semester hour.

BIO 2523 Anatomy and Physiology II

A lecture course that includes detailed studies of the anatomy and physiology of the human special senses and the endocrine, circulatory, respiratory, digestive, and urinary systems, as well as reproduction and development. Three hours lecture per week. Credit, three semester hours. (*Prerequisite: BIO 2513*)

BIO 2921 Microbiology, Lab

A laboratory course devoted to lab safety and gaining hands-on experience in the areas of microscopy, culturing techniques (pure culture and isolation and media preparation), staining techniques, aseptic technique, diagnostic procedures and effectiveness of antimicrobial agents. Two hours laboratory per week. Credit, one semester hour.

BIO 2923 Microbiology

A lecture course providing a survey of the microbes (microscopic organisms) with emphasis on those affecting other forms of life, especially man. Three hours lecture per week. Credit, three semester hours. (*Prerequisite: ACT composite of 18 or higher or successful completion of BIO 2513/2511 or CHE 1213/1211.*)

BUSINESS AND OFFICE ADMINISTRATION**BOA 1413 Keyboarding**

This course will develop your basic keyboarding skills which will enable you to operate a microcomputer to input and retrieve information. Three hours lecture per week. Credit, three semester hours.

CHEMISTRY (CHE)

CHE 1113 General Chemistry Survey (Basic)

A basic chemistry lecture course that covers terminology, measurements, atomic structure, nomenclature, chemical equations and basic stoichiometry. (Does not satisfy core requirements in science and math majors). Three hours lecture per week. Credit, three semester hours.

CHE 1211 General Chemistry I, Lab

A laboratory course that contains experiments and exercises that reinforce the principles introduced in CHE 1213 General Chemistry I, Lecture. Two hours laboratory per week. Credit, one semester hour.

CHE 1213 General Chemistry I

A lecture course that covers atomic and molecular structure, nomenclature and chemical formulas, chemical reactions, mole concept and stoichiometry, bonding and gases. Three hours lecture per week. Credit, three semester hours. (*Prerequisite: Must have completed or be currently enrolled in College Algebra.*)

CHE 1221 General Chemistry II, Lab

A laboratory course that contains experiments and exercises that reinforce the principles introduced in CHE 1223 General Chemistry II, Lecture. Two hours laboratory per week. Credit, one semester hour.

CHE 1223 General Chemistry II

A lecture course that covers solutions, kinetics, equilibria, thermodynamics, acid-base chemistry, and electrochemistry. Three hours lecture per week. Credit, three semester hours. (*Prerequisite: CHE 1213*)

CHE 1311 Principles of Chemistry I, Lab

A laboratory course that contains experiments and exercises that reinforce the principles introduced in CHE 1313 Principles of Chemistry I, Lecture. Two hours laboratory per week. Credit, one semester hour.

CHE 1313 Principles of Chemistry I

A lecture course that emphasizes basic terminology, measurement, atomic structure, periodic table, chemical bonding, stoichiometry, energy and states of matter. Three hours lecture per week. Credit, three semester hours. (*Prerequisite: MAT 1203*)

CHE 2421 Organic Chemistry I, Lab

A laboratory course that acquaints students with important manipulations, procedures, and the preparation and study of organic compounds being introduced in CHE 2423 Organic Chemistry I, Lecture. Six hours laboratory per week. Credit, one semester hour.

CHE 2423 Organic Chemistry I

A lecture course that covers carbon chemistry, bonding structure and behavior, aliphatic compounds, stereochemistry, and reaction mechanisms. Three hours lecture per week.

Credit, three semester hours. (*Prerequisite: CHE 1223*)

CHE 2431 Organic Chemistry II, Lab

A laboratory course that acquaints students with important manipulations and procedures and the preparations and study of aromatic and complex organic compounds being introduced in CHE 2433 Organic Chemistry II, Lecture. Six hours laboratory per week. Credit, one semester hour.

CHE 2433 Organic Chemistry II

A lecture course that covers spectroscopy, aromatic compounds, carbonyl compounds and other complex compounds, with emphasis on reactions, reaction mechanisms, and nomenclature. Three hours lecture per week. Credit, three semester hours. (*Prerequisite: CHE 2423*)

COMMUNICATIONS (COM)

COM 1423 Introduction to Broadcasting

A historical overview of the development and operation of electronic and film media, including a brief survey of mass communication theory and effects research. Three hours lecture per week. Credit, three semester hours.

COM 1463 TV Production

Practical experience in production of television programs, the techniques of production programs and the techniques of production including camera, audio, lighting, staging, graphics and on-campus appearance. Three hours lecture per week. Credit, three semester hours.

COM 1511 Radio/TV Production Lab I

Lab experience in radio or television production. Two hours laboratory per week. Credit, one semester hour.

COM 2463 Writing for the Electronic Media

An introductory course to teach the basic skills of broadcast writing, reporting and production. Three hours lecture per week. Credit, three semester hours.

COM 2483 Introduction to Mass Communications

A study of the history, organization, and mechanics of various mass media. Designed to help the student understand the roll of mass media in life and in society. Three hours lecture per week. Credit, three semester hours.

COMPUTER SCIENCE (CSC)

CSC 1113 Computer Concepts

A computer competency course which introduces concepts, terminology, operating systems, electronic communications, and applications. Concepts are demonstrated and supplemented by hands-on computer use. Three hours lecture/lab per week. Credit, three semester hours.

CSC 1123 Computer Applications I

This course is designed to teach computer applications to include: word-processing, electronic spreadsheet, database management, presentation design, and electronic communications with integration of these applications. Three hours lecture/lab per week. Credit, three semester hours. (*Prerequisite: CSC 1113 highly recommended*)

CSC 1213 Visual Basic Computer Programming I

This course is designed to introduce the writing of event-driven programs using the VISUAL BASIC computer programming language with emphasis on problem solving, documentation, program statements, algorithms, and common routines. Three hours lecture/lab per week. Credit, three semester hours.

CSC 1613 Computer Programming I

Introduction to problem-solving methods and algorithm development which emphasizes the imperative first approach; designing, debugging, looping, scope rules, functions, and a variety of applications in an object-oriented programming language. Three hours lecture/lab per week. Credit, three semester hours. (*Prerequisite: CSC 1213*)

CSC 2133 Programming I with “C++”

An introduction to problem solving methods, algorithm development, designing, debugging, and documentation in C++ language with a variety of applications including: I/O statements, arithmetic, logical, conditional, looping, methods/functions, and array processing. Three hours lecture/lab per week. Credit, three semester hours.

CSC 2143 Programming II with “C++”

Continued program and algorithm development and analysis; search/sort methods; abstract data types and object-oriented design; designing and debugging larger programs using C++ language. Three hours lecture/lab per week. Credit, three semester hours. (*Prerequisite: CSC 2133*)

CRIMINAL JUSTICE (CRJ)

CRJ 1313 Introduction to Criminal Justice

A study of the history, development, and philosophy of law enforcement in a democratic society including an introduction to agencies involved in the administration of criminal justice as well as a career orientation. Three hours lecture per week. Credit, three semester hours.

CRJ 1323 Police Administration and Organization I

Principles of organization and administration in law enforcement as applied to law enforcement agencies; introduction to concepts of organizational behavior. Three hours lecture per week. Credit, three semester hours.

CRJ 1363 Introduction to Corrections

An overview of the correctional field, its origins, historical and philosophical background, development, current status, relationship with other facets of the criminal justice system and future prospects. Three hours lecture per week. Credit, three semester hours.

CRJ 2513 Law Enforcement and the Juvenile

The role of police in juvenile delinquency and control. Organizational, functions, and jurisdiction of juvenile agencies. Processing, detention, and disposition of cases. Statutes and court procedures applied to juveniles. Three hours lecture per week. Credit, three semester hours.

ECONOMICS (ECO)**ECO 2113 Principles of Economics I (Macroeconomics)**

An introduction to macroeconomics. Topics to be covered include free enterprise principles, institutions, policies, monetary system, national income, employment, output, inflation, and business cycles. Three hours lecture per week. Credit, three semester hours.

ECO 2123 Principles of Economics II (Microeconomics)

A continuation of Economics 2113 with an introduction to microeconomics. Topics to be covered include an emphasis on price and production theory and international trade. Three hours lecture per week. Credit, three semester hours.

ENGINEERING (EGR)**EGR 2413 Engineering Mechanics**

A lecture course covering the equilibrium of point objects and extended objects in two and three dimensions using vector algebra. Also discussed are distributed forces, structures, friction, and moments of inertia in three dimensions. Pre- or corequisite MAT 1613, and PHY 2313 or PHY 2414. Three hours lecture per week, Credit, three semester hours. (*Pre or Corequisite: MAT 1613 and PHY 2313 or PHY 2414*)

ENGLISH (ENG)**ENG 0113 Beginning English**

This course is designed to meet the needs of students whose skills in written communication require some standardization. Emphasis is on Basic English grammar through varied writing assignments with a review of mechanics, sentence patterns, and correct usage. Three hours lecture per week. Institutional Credit, three semester hours.

ENG 0123 Intermediate English

This course is designed to prepare students for English Composition. Concepts covered include paragraph and essay development with an emphasis on content and structure. Grammar skills related to the writing process are reviewed. Three hours lecture per week. Institutional Credit, three semester hours.

ENG 1113 English Composition I

This course is designed to prepare the student for writings required in college and the workplace with an emphasis on effective paragraph and essay development. Three hours lecture per week. Credit, three semester hours.

ENG 1123 English Composition II

A continuation of ENG 1113 with emphasis on research and composition. Readings, essays and a research paper are required. Three hours lecture per week. Credit, three semester hours. (*Prerequisite: A passing grade in English 1113*)

ENG 2133 Creative Writing I

This course involves writing poetry, short fiction, creative nonfiction, and drama. Three hours lecture per week. Credit, three semester hours. (*Prerequisite: six semester hours in Freshman Composition*)

ENG 2143 Creative Writing II

This course is a continuation of writing poetry, short fiction, creative nonfiction, and drama. Three hours lecture per week. Credit, three semester hours. (*Prerequisite: six semester hours in Freshman Composition*)

ENG 2153 Traditional Grammar

This is a course for serious writers and teachers of writing, focuses on the basic elements of English grammar. Beginning with parts of speech, it covers sentence patterns, pronouns, troublesome verbs, subject-verb agreement, spelling, diction, punctuation, and mechanics: all of the aspects of traditional grammar that writers--including elementary teachers introducing language skills to children--may encounter. Three hours lecture per week. Credit, three semester hours.

ENG 2223 American Literature I

Surveys representative prose and poetry of the United States from its beginnings to the Civil War. Three hours lecture per week. Credit, three semester hours. (*Pre-requisite: six semester hours in Freshman Composition*)

ENG 2233 American Literature II

Surveys representative prose and poetry of the United States from Civil War to the present. Three hours lecture per week. Credit, three semester hours. (*Prerequisite: six semester hours in Freshman Composition*)

ENG 2323 British Literature I

Surveys British Literature from the Anglo-Saxon Period through the Restoration and Eighteenth Century. Three hours lecture per week. Credit, three semester hours. (*Prerequisite: six semester hours in Freshman Composition*)

ENG 2333 British Literature II

Surveys British Literature from the Romantic Period through the Twentieth Century. Three hours lecture per week. Credit, three semester hours. (*Prerequisite: six semester hours in Freshman Composition*)

ENG 2423 World Literature I

Surveys literature from the ancient world through the Renaissance. Three hours lecture per week. Credit, three semester hours. (*Prerequisite: six semester hours in Freshman Composition*)

ENG 2433 World Literature II

Surveys literature from the Neoclassical Period through the Twentieth Century. Three hours lecture per week. Credit, three semester hours. (*Prerequisite: six semester hours in Freshman Composition*)

ENG 2523 African-American Literature I

Surveys African-American literature from its beginnings to the present. Three lectures per week. Credit, three semester hours. (*Prerequisite: six semester hours in Freshman Composition*)

ENG 2533 African-American Literature II

Surveys African-American literature from the Harlem Renaissance to the present. Three hours lecture per week. Credit, three semester hours. (*Prerequisite: six semester hours in Freshman Composition*)

ENG 2613 Film as Literature

This course involves the study of current and classic motion pictures as a form of literary, historic, and cinematic expression. Three hours lecture per week. Credit, three semester hours.

ENG 2923 Professional Writing

This course is designed for students who are interested in writing as a marketable skill and in writing as a profession. Emphasis is given to meeting specific publishing requirements for novels, short fiction, poetry, drama, television scripts, and newspaper and magazine articles. Three hours workshop sessions per week. Credit, three semester hours.

EDUCATIONAL PSYCHOLOGY (EPY)**EPY 2513 Child Psychology**

A course which deals with the various aspects of human growth and development. Problems studies include physical, mental, social and emotional development from infancy through preadolescence. Special attention is given to the implications for education. Three hours lecture per week. Credit, three semester hours.

EPY 2533 Human Growth and Development

A study of the growth and development of the human organism from conception through old age to death. Topics include changes in abilities and interests, social and emotional adjustments of each maturity level, and implications of growth and development to health professionals and others who work with people. Three hours lecture per week. Credit, three semester hours.

FAMILY AND CONSUMER SCIENCE (FCS)**FCS 1253 Nutrition**

A lecture course covering the nutrients required for normal growth and prevention of major chronic diseases, and applied to the selection of food for ingestion, the metabolic process of digestion, assimilation, and absorption, and the applications for healthcare pro-

viders. Three hours lecture per week. Credit, three semester hours.

GEOGRAPHY (GEO)

GEO 1113 World Geography

A regional survey of the basic geographic features and major new developments of the nations of the world. Three hours lecture per week. Credit, three semester hours.

GRAPHICS AND DRAWING (GRA)

GRA 1113 Engineering Drawing I

The use of instruments, geometric construction, orthographic projections, sectional views, and lettering. One hour lecture and five hours laboratory per week. Credit, three semester hours.

GRA 1143 Graphic Communications

Orthographic projections, multi-view projections, general use of instruments, points, line, planes, and identities. Computer assisted design and drawing on computer. One hour lecture and four hours lab. Credit, three semester hours.

HISTORY (HIS)

HIS 1163 World Civilization I

A survey of man's struggle for civilization from early times through the Protestant Reformation in the 16th Century. Covers all major areas of the globe with all receiving appropriate attention. Three hours lecture per week. Credit, three semester hours.

HIS 1173 World Civilization II

A continuation of HIS 1163 from the Age of Absolutism through a survey of Modern World Problems. Emphasis again placed, as appropriate, on all areas of the world. Three hours lecture per week. Credit, three semester hours.

HIS 1613 Survey of African American History

This is a survey of African-American History from the study of one or more African civilizations to the present day. Attention will also be given to the activities of other minority groups. Three hours lecture per week. Credit, three semester hours.

HIS 2213 American (U.S.) History I

A survey of U.S. history from the period of discovery and exploration through Reconstruction. Three hours lecture per week. Credit, three semester hours.

HIS 2223 American (U.S.) History II

A survey of U.S. history from Reconstruction to the present. Three hours lecture per week. Credit, three semester hours.

HEALTH, PHYSICAL EDUCATION AND RECREATION (HPR)

HPR 1111 General Activities I

This course is designed to give students a modern concept of physical education and recreations by developing body skills. It includes individual and team sports, rhythms and recreational activities and is divided into units that coincide with the school term. Two hours per week. Credit, one semester hour.

HPR 1121 General Activities II

A course designed to give students a modern concept of physical education and recreation by developing body skills. It includes individual and team sports, rhythms and recreational activities and is divided into units that coincide with the school term. Two hours per week. Credit, one semester hour.

HPR 1131 Varsity Sports I

Participation in varsity sport. Credit, one semester hour.

HPR 1141 Varsity Sports II

Participation in varsity sport. Credit, one semester hour.

HPR 1213 Personal and Community Health

Application of principles and practices of healthful living to the individual and community; major health problems and the mutual responsibilities of home, school and health agencies. Three hours lecture per week. Credit, three semester hours.

HPR 1313 Introduction to Health, Physical Education & Recreation

Introduction to the objectives, literature, and organizations of the profession. Analysis of successful teaching with discussion of the responsibilities and opportunity of professional personnel. Orientation of students to opportunities in the field. Three hours lecture per week. Credit, three semester hours.

HPR 1551 Fitness & Conditioning Training I

Lecture and practice in fitness conditioning and body mechanics. One hour lecture per week. Credit, one semester hour.

HPR 1561 Fitness & Conditioning Training II

Lecture and practice in fitness conditioning and body mechanics. One hour lecture per week. Credit, one semester hour.

HPR 1751 Nutrition and Weight Control

A survey course designed to expose the student to the importance and significance of nutrition in health and physical education. One hour lecture per week. Credit, one semester hour.

HPR 1761 Wellness and Weight Control

A survey course that places emphasis on the various aspects of wellness and their relationship to weight control and therapeutic exercise. A study of the relationship between

the various lifestyle components and levels of wellness is included. One hour lecture per week. Credit, one semester hour.

HPR 2111 General Activities III

A course designed to give students a modern concept of physical education and recreations by developing body skills. It includes individual and team sports, rhythms and recreational activities and is divided into units that coincide with the school term. Two hours per week. Credit, one semester hour.

HPR 2121 General Activities IV

A course designed to give students a modern concept of physical education and recreations by developing body skills. It includes individual and team sports, rhythms and recreational activities and is divided into units that coincide with the school term. Two hours per week. Credit, one semester hour.

HPR 2131 Varsity Sports III

Participation in varsity sport. Credit, one semester hour.

HPR 2141 Varsity Sports IV

Participation in varsity sport. Credit, one semester hour.

HPR 2213 First Aid and CPR

Instruction and practice in methods prescribed in the American Red Cross standard and advanced courses. (Does not transfer to some school as a physical education course). Three hours lecture per week. Credit, three semester hours.

HPR 2423 Football Theory

Theoretical study of football from an offensive and defensive standpoint including the fundamentals of blocking, passing, tackling, charging, punting, generalship, rules and team play. Three hours lecture per week. Credit, three semester hours.

HPR 2443 Athletic Training and Treatment of Injuries

A practical study of safety and first aid, taping, bandaging, and use of massage, and the uses of heat, light, and water in the treatment and prevention of injuries; conditioning of athletes as to diet, rest, work, and proper methods of procedures in training for sports. Three hours lecture per week. Credit, three semester hours.

HONORS (HON)

HON 1911 Honors Forum I

Students select from a list of fifty interdisciplinary topics compiled by the faculty, eight topics to be research and discussed during the semester. A short paper is required on each topic. Admission is by invitation only. Credit, one semester hour.

HON 1921 Honors Forum II

Students select from a list of fifty interdisciplinary topics compiled by the faculty, eight topics to be research and discussed during the semester. A short paper is required on

each topic. Admission is by invitation only. Credit, one semester hour.

HON 2911 Honors Forum III

A continuation of HON 1921 Honors Forum II. Credit, one semester hour.

HUMANITIES (HUM)

HUM 1113 Introduction to Humanities

A humanistic approach to man's creative achievements in art, literature, music, and philosophy in western civilization. This course consists of a tour studying the culture of European man. Students who complete the tour and the instructional requirements earn three semester hours credit as a Humanities elective. Three hours lecture per week. Credit, three semester hours.

JOURNALISM (JOU)

JOU 1111 College Publications I

A laboratory course designed to give practical experience in working with college newspaper and yearbook production. News, feature, editorial writing, makeup and layout, editing, advertising and photography will be emphasized according to student need. Two hours laboratory per week. Credit, one semester hour,

JOU 1121 College Publications II

A continuation of JOU 1111. Two hours laboratory per week. Credit, one semester hour.

JOU 1313 Principles of Journalism I

Introductory journalism, news reporting, construction of the news story, sources, and the types and methods of handling elementary study of typography and headline writing. Typing is recommended. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

JOU 1323 Principles of Journalism II

The preparation of advertising copy and layouts for newspapers, agencies, and retail advertising. Types of layouts; copy writing and proofreading, with emphasis on proof marks. Two hours lecture and two hours laboratory per week. Credit, three semester hours.
(Prerequisite: JOU 1313)

JOU 2111 College Publications III

Open to journalism majors only who successfully completed JOU 1111, 1121, 1313, and 1323. Consent of instructor. Laboratory work will include coverage of news events on campus, photography, sports writing, and editorial writing. Advancement in skill of headline writing, copy editing, and make-up and design will also be stressed. Two hours laboratory per week. Credit, one semester hour.

JOU 2121 College Publications IV

Open to journalism majors only who have successfully completed JOU 1111, 1121,

1313, 1323, and 2111. Consent of instructor. Laboratory work will include coverage of news events on campus, photography, and editorial writing. Advancement in skills in headline writing, copy editing, and make-up and design will be stressed. Two hours laboratory per week. Credit, one semester hour.

LEARNING AND LIFE SKILLS (LLS)

LLS 1311 Orientation

This course is designed to help the new college student adjust to college life. It includes a study of personal and social adjustments. It teaches effective study habits, reading methods, use of the library, note taking and report writing, and gives the student guidance in collegiate life. One hour lecture per week. Credit, one semester hour.

LLS 1413 Improvement of Study

This course is designed to aid the student in three basic areas: adjustment to college life, development of good study skills, and the formation of good test-taking skills. Three hours lecture per week. Credit, three semester hours.

LLS 1423 College Study Skills

An advanced course in study skills that fosters insight and practice of critical reading skills and study techniques needed for efficient and effective perusal of college level courses, both graduate and undergraduate. Three hours lecture per week. Credit, three semester hours.

MATHEMATICS (MAT)

MAT 0113 Fundamentals of Mathematics

A review of fundamental arithmetic skills. A study of the four basic operations with whole numbers, fractions, decimals, and percentages. Also covered are ratio and proportions, order of operations, and applications. Three hours lecture per week. Institutional Credit, three semester hours.

MAT 0123 Beginning Algebra

A course in algebra to include operations with real numbers, linear equations, the coordinate system, linear inequalities, exponents, operations with polynomials, and factoring. Three hours lecture per week. Institutional Credit, three semester hours.

MAT 1233 Intermediate Algebra

The topics include linear equations and their graphs; inequalities and number line graphs; rational expressions; factoring; exponents; radicals; polynomials. Three hours lecture per week. Credit, three semester hours. (*Prerequisite: ACT Math score of 16 - 18 or successful completion of MAT 1203*)

MAT 1313 College Algebra

This course includes inequalities; functions; linear and quadratic equations, circles, and their graphs; applications; polynomial and rational functions; logarithmic and exponential functions; systems of equations. Three hours lecture per week. Credit, three semester hours. (*Prerequisite: ACT Math score of 19 or above or successful completion of MAT*

1233)

MAT 1323 Trigonometry

This course includes trigonometric functions and their graphs; functions of composite angles; fundamental relations; trigonometric equations; radian measurement; solutions of right and oblique triangles; inverse trigonometric functions; applications. Three hours lecture per week. Credit, three semester hours. (*Prerequisite: MAT 1313*)

MAT 1343 Pre-Calculus

A review of college algebra and trigonometry in preparation for Calculus I. Topics include functions; solving equations; logarithmic and exponential functions; trigonometric functions; solving trigonometric equations. Three hours lecture per week. Credit, three semester hours.

MAT 1513 Business Calculus I

A study of functions, limits, continuity, derivatives, and their applications to business and economics. Three hours lecture per week. Credit, three semester hours. (*Prerequisite: MAT 1313*)

MAT 1613 Calculus I

This course includes the following topics: limits; continuity; the definition of the derivative; differentiation; applications; anti-derivatives. Three hours lecture per week. Credit, three semester hours. (*Prerequisite: MAT 1313 and MAT 1323 or high school advanced mathematics with ACT Math Score of 26 or above*)

MAT 1623 Calculus II

This course includes the following topics: the definite integral; differentiation and integration of transcendental functions, techniques of integration; applications. Three hours lecture per week. Credit, three semester hours. (*Prerequisite: MAT 1613*)

MAT 1723 The Real Number System

Designed for elementary and special education majors, this course includes set theory, numeration systems, foundations of number theory, and properties and operations of real numbers. Three hours lecture per week. Credit, three semester hours. (*Prerequisite: MAT 1313*)

MAT 1733 Geometry, Measurement, and Probability

Designed for elementary and special education majors, this course includes geometric definitions, shapes, and formulas; linear and angular measurements; unit conversions, statistics and probability. Three hours lecture per week. Credit, three semester hours.

MAT 1743 Problem Solving with Real Numbers

Designed for elementary and special education majors, this course includes logic, applications of real numbers, probability, and statistics. Three hours lecture per week. Credit, three semester hours.

MAT 2323 Statistics

Introduction to statistical methods of describing, summarizing, comparing, and interpreting data to include probability distributions, sampling, estimation, confidence intervals, and hypothesis testing. Three hours lecture per week. Credit, three semester hours. (*Prerequisite: MAT 1313*)

MAT 2613 Calculus III

This course includes the following topics: analytical geometry; parametric equations; polar coordinates; improper integrals, infinite series. Three hours lecture per week. Credit, three semester hours. (*Prerequisite: MAT 1623*)

MAT 2623 Calculus IV

This course includes the following topics: partial differentiation; multiple integration; vector calculus; quadric surfaces. Three hours lecture per week. Credit, three semester hours, (*Prerequisite: MAT 2613*)

MAT 2913 Differential Equations

This course includes the following topics: solution of first and higher order differential equations, existence theorems, Laplace transforms; applications. Three hours lecture per week. Credit, three semester hours. (*Prerequisite: MAT 1623*)

MODERN AND FOREIGN LANGUAGE (MFL)**MFL 1113 French I**

An oral-aural approach, stresses conversation, pronunciation, comprehension, reading, writing, and functional grammar with emphasis on the practical aspects of the language. Three hours lecture per week. Credit, three semester hours.

MFL 1123 French II

A continuation of MFL 1113 with wider vocabulary and more complex structures and functions. Three hours lecture per week. Credit, three semester hours. (*Prerequisite: MFL 1113*)

MFL 1213 Spanish I

An oral-aural approach stresses conversation, pronunciation, comprehension, reading, writing, and functional grammar with emphasis on the practical aspects of the language. Three hours lecture per week. Credit, three semester hours.

MFL 1223 Spanish II

A continuation of MFL 1213 with wider vocabulary and more complex structures and functions. Three hours lecture per week. Credit, three semester hours. (*Prerequisite: MFL 1213*)

MFL 2213 Spanish III

A continuation of MFL 1223 with additional materials of literary and cultural value. Three hours lecture per week. Credit, three semester hours. (*Prerequisite: MFL 1223 or instructor's approval*)

MFL 2223 Spanish IV

A continuation of MFL 2213 with additional literary and cultural readings and compositions as well as a review of essential elements of grammar. Three hours lecture per week. Credit, three semester hours. (*Prerequisite: MFL 2213*)

MFL 2243 Spanish Conversation I

This course is an advanced-level course designed to further develop language proficiency. Three hours lecture per week. Credit, three semester hours.

MFL 2253 Spanish Conversation II

A continuation of MFL 2243 and is an advanced-level course designed to further develop language proficiency. Three hours lecture per week. Credit, three semester hours. (*Prerequisite: MFL 2243*)

MFL 2613 Foreign Language Study Abroad

This course is a unique language and culture learning opportunity designed and provided by individual colleges. Location, duration, and requirements may vary by institution. Credit, three semester hours.

MUSIC APPLIED (MUA)**(Brass, Guitar, Percussion, Piano, Voice, and Woodwinds)**

All music majors desiring enrollment in Applied Music course must audition prior to registration so that the proper course numbers can be assigned. Applied Music courses may be scheduled for elective credit by non-music majors at the discretion of the instructor. One hour practice is required daily for each Applied Music hour credit.

MUA 1111, 1121, 2111, 2121 Class Brass I, II, III, & IV

Brass Instruction for music majors. Designed to teach the fundamental principles of playing, explore varied levels of literature and develop the student's knowledge of brass instruction and performance. Credit, one semester hour each.

MUA 1141, 1151, 2141, 2151 Brass For Non Majors (Elective Brass) I, II, III, & IV

Brass instruction for non-brass/music education majors. Designed to teach the fundamental principles of playing, explore moderate levels of literature and develop the student's interest in playing. Credit, one semester hour each.

MUA 1172, 1182, 2172, 2182 Brass For Music Education Majors I, II, III, & IV

Brass instruction for music education majors with an emphasis on brass instrumental playing. Designed to teach the fundamental principles of playing, explore moderate to advanced levels of literature, develop the student's interest in playing and strengthen the student's playing ability. Credit, two semester hours each.

MUA 1173, 1183, 2173, 2183 Brass For Music Majors I, II, III, & IV

Brass instruction for performance majors. Designed to teach the fundamental principles of playing, explore advanced levels of literature, develop the student's interest in playing and strengthen the student's playing ability. Credit, three semester hours each.

MUA 1211, 1221, 2211, 2221 Class Guitar I, II, III, & IV

Instruction for beginning guitar player's that includes basic accompanying styles and an introduction to classical guitar technique. Credit, one semester hour each.

MUA 1241, 1251, 2241, 2251 Guitar For Non Majors(Elective Guitar) I, II, III, & IV

Guitar instruction for music education majors with guitar as a secondary area of emphasis. Introduction to classical guitar technique, literature, and performance of standard literature. Credit, one semester hour each.

MUA 1272, 1282, 2272, 2282 Guitar For Music and Music Education Majors I, II, III, & IV

Guitar instruction for music education majors with guitar as their area of emphasis. Introduction to classical guitar technique, literature and performance of standard literature. Credit, two semester hours each.

MUA 1411,1421,2411,2421 Class Percussion I, II, III, & IV

Percussion instruction for music majors. Designed to teach the fundamental principles of playing, explore varied levels of literature and develop the student's knowledge of percussion instruction and performance. Credit, one semester hour each.

MUA 1441, 1451, 2441, 2451 Percussion For Non Majors I, II, III, & IV

Percussion instruction for non-percussion/music education majors. Designed to teach the fundamental principles of playing, explore moderate levels of literature and develop the student's interest in playing. Credit, one semester hour each.

MUA 1472, 1482, 2472, 2482 Percussion For Music Education I, II, III, & IV

Percussion instruction for music majors, with an emphasis on percussion instrumental playing. Designed to teach the fundamental principles of playing, explore moderate to advanced levels of literature and develop the student's interest in playing. Credit, two semester hours each.

MUA 1473, 1483, 2473, 2483 Percussion For Music Majors I, II, III, & IV

Percussion instruction for music majors. Designed to teach the fundamental principles of playing, explore advanced levels of literature and develop the student's interest in playing. Credit, three semester hours each.

MUA 1511, 1521, 2511,2521 Class Piano I, II, III & IV

Class study in keyboard training is designed for students who have had no previous piano instruction. Fundamentals are taught through class participation and discussion, including major and minor scales, chord progressions, harmonization of melodies, open score reading, accompanying, transposition and elementary repertoire. This plan may, upon arrangement with the instructor, include individual instruction. Credit, one semester hour each.

MUA 1541, 1551, 2541, 2551 Piano For Non Majors I, II, III, & IV

Piano instruction for music education majors with piano as a secondary area of emphasis. Introduction to technique, literature, and performance of standard literature. Credit, one

semester hour each.

MUA 1572, 1582, 2572, 2582 Piano For Music Education Majors I, II, III, & IV

Private lessons include fundamental techniques, reading, interpretation and performance. Compositions are selected to suit the individual's background and ability. Credit, two semester hours each.

MUA 1573, 1583, 2573, 2583 Piano For Music Majors I, II, III, & IV

Piano instruction for piano majors with piano with a performance emphasis. Introduction to technique, literature, and performance of standard literature. Credit, three semester hours each.

MUA 1711, 1721, 2711, 2721 Class Voice I, II, III, & IV

Class voice is designed to teach the fundamental principles of singing, explore elementary to moderate levels of vocal literature and develop and improve the student's vocal ability in a group setting. Credit, one semester hour each.

MUA 1741, 1751, 2741, 2751 Voice For Non Majors I, II, III, & IV

Voice for non-major/music education majors is designed to teach the fundamental principles of singing, explore moderate levels of vocal literature and develop and improve the student's vocal ability. Credit, one semester hour each.

MUA 1772, 1782, 2772, 2782 Voice For Music Education Majors I, II, III, & IV

Voice for majors is designed to teach the fundamental principles of singing, explore varied vocal repertoire, and develop and improve the student's vocal ability. Credit, two semester hours each.

MUA 1773, 1783, 2773, 2783 Voice For Music Majors I, II, III, & IV

Voice for performance majors is designed to teach the fundamental principals of singing, explore advanced vocal literature, develop and improve the student's vocal ability and strengthen the singer's performance ability. Credit, three semester hours each.

MUA 1811, 1821, 2811, 2821 Class Woodwinds I, II, III, & IV

Woodwind instruction for music majors. Designed to teach the fundamental principles of playing, explore varied levels of literature, and develop the student's knowledge of woodwind instruction and performance. Credit, one semester hour each.

MUA 1841, 1851, 2841, 2851 Woodwinds For Non Majors I, II, III, & IV

Woodwind instruction for non-woodwind/music education majors. Designed to teach the fundamental principles of playing, explore moderate levels of literature, and develop the student's interest in playing. Credit, one semester hour each.

MUA 1872, 1882, 2872, 2882 Woodwinds For Music Education Majors I, II, III, & IV

Woodwind instruction for music education majors with an emphasis on woodwind instrumental playing. Designed to teach the fundamental principles of playing, explore moderate to advanced levels of literature, develop the student's interest in playing, and

strengthen the student's playing ability. Credit, two semester hours each.

MUA 1873, 1883, 2873, 2883 Woodwinds For Music Majors I, II, III, & IV

Woodwind instruction for performance majors. Designed to teach the fundamental principles of playing, explore advanced levels of literature, develop the student's interest in playing, and strengthen the student's playing ability. Credit, three semester hours each.

MUSIC ORGANIZATIONS (MUO)

(Band, Small Band Groups, Stage Band, Choir, Small Singing Groups)

MUO 1111, 1121, 2111, 2121 Band I, II, III, & IV

Designed to teach the fundamental principles of playing musical instruments, explore varied levels of literature and develop the student's knowledge of performance techniques. Five hours laboratory per week. Credit, one semester hour each. (Wesson Campus) (*Prerequisite: Consent of instructor*)

MUO 1141, 1151, 2141, 2151 Small Band Groups I, II, III, & IV

Designed to teach the fundamental principles of playing musical instruments, explore varied levels of literature and develop the student's knowledge of performance techniques in small ensembles and auxiliary groups. Participation by audition or consent of director. Credit, one semester hour each. (Wesson Campus)

MUO 1171, 1181, 2171, 2181 Stage Band I, II, III, & IV

A course designed for members selected from marching band members by audition to perform instrumental music from a variety of style periods. Emphasis on jazz. Credit, one semester hour each. (Wesson Campus) (*Prerequisite: consent of instructor*)

MUO 1211, 1221, 2211, 2221 Choir I, II, III, & IV

A course for music majors and non-majors focused on performing choral music from a variety of style periods. Membership with consent of instructor. Four hours laboratory per week. Credit, one semester hour each. (Wesson Campus)

MUO 1241, 1251, 2241, 2251 Small Singing Groups I, II, III, & IV

A course for select singers focused on performing from one or more genres of music. Groups less than concert choir size, such as show choirs (Sojourners), chamber choirs (Ambassadors), or other small vocal ensembles. Membership by auditions. Credit, one semester hour each. (Wesson Campus)

MUSIC FOUNDATIONS (MUS)

(Education, History, Literature and Theory)

MUS 1113 Music Appreciation

A listening course designed to give the student, through aural perception, understanding and appreciation of music as a moving force in Western Culture. Three hours lecture per week. Credit, three semester hours.

MUS 1123 Music Survey (Majors)

Advanced listening course, designed to acquaint the music major with a broad overview of musical style and repertoire from antiquity to the present. Three hours lecture per week. Credit, three semester hours.

MUS 1133 Fundamentals of Music

Provides the student with basic knowledge of notations, scales, keys, rhythm, intervals, triads, and their inversions. Three hours lecture per week. Credit, three semester hours.

MUS 1211 Music Theory I, Lab

Lab instruction. Sight-singing, ear training and dictation. Credit, one semester hour.

MUS 1213 Music Theory I

Study of functional harmony through analysis and part writing, sight-singing, and ear training. Three hours lecture per week. Credit, three semester hours.

MUS 1221 Music Theory II, Lab

Lab instruction. Sight-singing, ear training and dictation. Credit, one semester hour.
(Prerequisite: Minimum grade of "C" in MUS 1211)

MUS 1223 Music Theory II

Continued study of functional harmony through analysis and part writing, sight-singing, and ear training. Three hours lecture and one laboratory hour per week. Credit, three semester hours.

MUS 1911 Recital Class I

Required performance of solo and ensemble literature by students majoring in music. Attendance at a prescribed minimum number of departmentally approved musical performances per semester also required. Credit, one semester hour.

MUS 1921 Recital Class II

Attendance at a prescribed minimum number of departmentally approved musical performances per semester also required. Credit, one semester hour.

MUS 2211 Music Theory III, Lab

Lab instruction. Sight-singing, ear training, and dictation. Credit, one semester hour.
(Prerequisite: Minimum grade of "C" in MUS 1221)

MUS 2213 Music Theory III

Continuation study of functional harmony through analysis and part writing, sight-singing, and ear training. Three hours lecture and one laboratory hour per week. Credit, three semester hours.

MUS 2221 Music Theory IV, Lab

Lab instruction. Sight-singing, ear training, and dictation. Credit, one semester hour.
(Prerequisite: Minimum grade of "C" in MUS 2211)

MUS 2223 Music Theory IV

Continued study of functional harmony through analysis and part writing, sight-singing, and ear training. Three hours lecture per week. Credit, three semester hours.

MUS 2513 Music for Elementary Teachers

Designed for the needs of the elementary education student. Essentials of public school music; study of the fundamentals of music. Reading music notations and terminology. Three hours lecture per week. Credit, three semester hours.

MUS 2911 Recital Class III

Attendance at a prescribed minimum number of departmentally approved musical performances per semester also required. Credit, one semester hour.

MUS 2921 Recital Class IV

Attendance at a prescribed minimum number of departmentally approved musical performances per semester also required. Credit, one semester hour.

ASSOCIATE DEGREE NURSING (NSG)

NSG 1113 Pharmacology

A didactic course that focuses on major drug groups and fundamental principles of pharmacotherapeutics. Emphasis is placed on the nursing aspect of medication administration, including the nursing process, client teaching, legal and cultural considerations. Credit, three semester hours. (*Prerequisites: Admission to the ADN Program, completion of ADN prerequisites. Corequisite: NSG 1119*)

NSG 1119 Fundamentals of Nursing

A didactic and clinical course that introduces the learner to the basics of nursing theory including the nursing process, health assessment, critical thinking, and selected nursing skills. Physiological, psychosocial, developmental, ethnic-cultural, and socioeconomic factors are introduced and examined. Learners begin to utilize and apply these concepts and theories into the practice of nursing in a variety of structured settings. This course also introduces the functions and roles of the associate degree nurse within the nursing profession and health care delivery system. Credit, nine semester hours, (*Prerequisites: Admission to the ADN program, completion of ADN prerequisites. Corequisite: NSG 1113*)

NSG 1219 Medical-Surgical Nursing I

A didactic and clinical course that focuses on the holistic care of medical-surgical clients with acute and chronic health alterations. Emphasis is placed on the synthesis of relevant theories, concepts and principles from nursing, social, behavioral, and natural sciences when making nursing judgments. Learners utilize the nursing process to plan nursing actions to assist medical-surgical clients to maximize their potential for wellness. Physiological, psychosocial, developmental, ethnic, cultural, and socioeconomic factors are examined. This course is also designed to enhance professional knowledge and understanding of the functions and roles of the associate degree nurse within medical-surgical and selected community settings. Selected clinical experiences are provided within the environment of hospital based and community settings. Credit, nine semester hours. (*Pre-*

requisites: NSG 1113, NSG 1119)

NSG 1953 Nursing Externship

A nursing elective course that provides the learner with additional opportunity to enhance knowledge and skills in the practice of nursing while under the direct supervision of a registered nurse preceptor. Affiliating hospitals provide preceptors along with monetary compensation for the learner during the summer externship program. Credit, three semester hours. (*Prerequisites: NSG 1113, NSG 1119, NSG 1219*)

NSG 2316 Maternal-Newborn Nursing

A didactic and clinical course designed to assist the learner to develop the knowledge and skills necessary to meet the needs of the child bearing family. Physiological, psychological, socioeconomic, moral, ethical, legal, developmental, and ethnic-cultural factors involved in maternal-newborn nursing are emphasized. The learner is required to utilize critical thinking skills when applying the nursing process to the prioritization of care for members of the childbearing family. Selected clinical experiences are provided at a variety of community agencies. Credit, six semester hours. (*Prerequisites: NSG 1113, NSG 1119, NSG 1219, EPY 2533. Corequisite: NSG 2326*)

NSG 2326 Nursing Care and the Pediatric Client

A didactic and clinical course. This course is designed to provide the learner with the knowledge and experience related to the nursing care of the pediatric client (birth through adolescence). Theories of development and content related to the various life stages of this age group within the context of the family will be considered. Content also includes the role of the associate degree nurse in caring for the pediatric client with common health problems along the wellness-illness continuum considering physiological, psychological, sociological, developmental, socioeconomic, and ethnic-cultural factors. The learner is required to utilize critical thinking skills when applying for the nursing process to the prioritization of care for the pediatric client. Selected clinical experiences are provided in a variety of clinical/community settings. Credit, six semester hours. (*Prerequisites: NSG 1113, NSG 1119, NSG 1219, EPY 2533. Corequisite: NSG 2316*)

NSG 2414 Psychiatric Mental Health Nursing

A didactic and clinical course that focuses on the holistic care of clients experiencing mental health alterations in varying degrees along the health continuum. Emphasis is placed on the synthesis of relevant theories, concepts and principles from nursing, social, behavioral, and natural sciences when making nursing judgments. Learners are required to utilize critical thinking to develop therapeutic nursing interventions to assist psychiatric mental health clients to maintain their dignity and rights while maximizing their potential toward wellness. This course is also designed to enhance professional knowledge and understanding of the functions and roles of the associate degree nurse within mental health settings. Content includes a variety of components including moral/ethical/legal issues that impact nursing care, interdisciplinary collaboration, and empowered nursing practice when providing care to psychiatric mental health clients. Selected clinical experiences are provided within the environment of inpatient, outpatient, and community settings. Credit, four semester hours. (*Prerequisites: NSG 1113, NSG 1119, NSG 1219, NSG 2316, NSG 2326.*)

Corequisite: NSG 2426)

NSG 2426 Medical Surgical Nursing II

A didactic and clinical course that focuses on the holistic care of medical-surgical clients of varying acuity levels: those with recurring health problems, those who are critically ill and in need of specialized care, and those in need of emergency care. Emphasis is placed on the synthesis of relevant theories, concepts and principles from nursing, social, behavioral, and natural sciences when making nursing judgments. Learners are required to utilize the nursing process to assist medical-surgical clients to maintain their dignity and rights while maximizing their potential for wellness within their physiological, psychosocial, ethnic, cultural, and socioeconomic environments. This course is also designed to enhance professional knowledge and understanding of the functions and roles of the associate degree nurse candidate. Content includes a variety of components including management and delegation, role identity, successful role transition, teaching/learning, use of technology, moral/ethical/legal issues impacting nursing care, interdisciplinary collaboration, and empowered nursing practice. Selected clinical experiences are provided within the environment of various structure health care delivery settings. Credit, six semester hours. (*Prerequisites: NSG 1113, NSG 1119, NSG 1219, NSG 2316, NSG 2326. Corequisite: NSG 2414*)

NSG 2432 NCLEX-RN® Preparation

This nursing elective course is designed to prepare learners to take the National Council Licensure Examination for Registered Nurses (NCLEX-RN®). Content includes critical thinking activities, test-taking strategies, and review of selected nursing core content. Credit, two semester hours. (*Prerequisites: NSG 1113, NSG 1119, NSG 1219, NSG 2316, NSG 2326. Corequisites: NSG 2414, NSG 2426*)

PHILOSOPHY AND BIBLE (PHI)

PHI 1113 Old Testament Survey

A study of the Old Testament covering the recorded events prior to Abraham and the history of the Hebrew nation as revealed in the books of history, prophecy and poetry. Three hours lecture per week. Credit, three semester hours.

PHI 1133 New Testament Survey

A study of the New Testament covering the life of Christ and the establishment of the early church as presented in the Gospels, Acts and the other New Testament books. Three hours lecture per week. Credit, three semester hours.

PHYSICS (PHY)

PHY 1114 Introduction to Astronomy

A lecture course that includes surveys of the solar system, our galaxy, and the universe. Four hours lecture per week. Credit, four semester hours.

PHY 1213 Survey of Physics

A lecture course covering the concepts of mechanics, sound, light fluids, and waves.

Non-calculus based. Three hours lecture per week. Credit, three semester hours.

PHY 2241 Physical Science I, Lab

A laboratory course that contains experiments in areas covered in PHY 2243 Physical Science Survey I, Lecture. Two hours laboratory per week. Credit, one semester hour.

PHY 2243 Physical Science I

A lecture course that includes studies of measurements and units, electricity, mechanics, heat, sound, light, and astronomy. Three hours lecture per week. Credit, three semester hours.

PHY 2251 Physical Science II, Lab

A laboratory course that contains experiments in areas covered in PHY 2253 Physical Science Survey II. Two hours laboratory per week. Credit, one semester hour.

PHY 2253 Physical Science II

A lecture course that includes studies of chemistry, geology and meteorology. Three hours lecture per week. Credit, three semester hours.

PHY 2313 Physics I (Engineering Physics I)

A combined lecture and laboratory course covering mechanics, conservation laws, heat, sound, electricity, magnetism, and waves. This is a calculus-based course primarily for engineering, science, and mathematics majors. Two hours lecture and two hours laboratory per week. Credit, three semester hours. (*Pre or corequisite MAT 1613*)

PHY 2323 Physics II (Engineering Physics II)

A combined lecture and laboratory course covering magnetism, electricity, optics, and gravity. This is a calculus-based course primarily for engineering, science, and mathematics majors. Two hours lecture and two hours laboratory per week. Credit, three semester hours. (*Pre or corequisite MAT 1623*)

PHY 2333 Physics III (Engineering Physics III)

A combined lecture and laboratory course covering harmonic motion, waves, optics, electronics, relativity, and quantum physics. This is a calculus-based course primarily for engineering, science, and mathematics majors. Two hours lecture and two hours laboratory per week. Credit, three semester hours. (*MAT 2613 and MAT 2913 highly recommended*)

PHY 2411 General Physics I, Lab

A laboratory course that contains experiments and exercises that reinforce the principles introduced in PHY 2413 General Physics I, Lecture. Two hours laboratory per week. Credit, one semester hour.

PHY 2413 General Physics I

A lecture course covering mechanics, heat, waves, and sound. This is a non-calculus based course primarily for pre-professional majors. Three hours lecture and two hours laboratory per week. Credit, three semester hours. (*Pre or corequisite MAT 1313, MAT*

1323 is highly recommended)

PHY 2421 General Physics II, Lab

A laboratory course that contains experiments and exercises that reinforce the principles introduced in PHY 2423 General Physics II, Lecture. Two hours laboratory per week. Credit, one semester hour,

PHY 2423 General Physics II

A lecture course covering electricity, magnetism, optics, and modern physics. This is a non-calculus based course primarily for pre-professional majors. Labs associated with this course contain experiments and exercises that reinforce the principles introduced in lecture classes. Three hours lecture. Credit, three semester hours.

POLITICAL SCIENCE (PSC)

PSC 1113 American National Government

A survey of the organization, political aspects of and basis for American Government. Three hours lecture per week. Credit, three semester hours.

PSC 1123 American State and Local Government

The relationship between states and federal government and between states and their subdivisions; organizations, function, and operation of executive, legislative and judiciary; elections and suffrage generally, Mississippi particularly. Three hours lecture per week. Credit, three semester hours. (*Prerequisite: PSC 1113*)

PSYCHOLOGY (PSY)

PSY 1513 General Psychology I

An introduction to the scientific study of human behavior. Includes history and methods of psychology; growth and development; principles of learning; sensation and perception; thinking; statistics; personality; and intelligence. Three hours lecture per week. Credit, three semester hours.

READING (REA)

REA 0113 Reading Comprehension I

A laboratory course designed to offer special reading instruction to students deficient in reading skills. Three hours lecture per week. Institutional Credit, three semester hours.

REA 0123 Reading Comprehension II

A continuation of REA 0113 Reading Comprehension I. Three hours lecture per week. Institutional Credit, three semester hours.

SOCIOLOGY (SOC)

SOC 2113 Introduction to Sociology

A study in human relationships. Students will receive a synopsis of the whole field of sociology, including the social world, the social and cultural processes within this world,

and the integration of these processes in relation to the individual, the group, and the institution. Three hours lecture per week. Credit, three semester hours.

SOC 2143 Marriage and Family

A study of the family as a cultural unit, the institution of marriage, the problems of parenthood and of social-economic adjustments to society. Three hours lecture per week. Credit, three semester hours. (*Prerequisite: Sociology 2113 and sophomore standing*)

SOC 2213 Introductory Anthropology

A survey of major fields and basic principles in the comparative study of mankind. Three hours lecture per week. Credit, three semester hours.

SOC 2243 Cultural Anthropology

The course examines the process of culture and personality development, as well as methods and techniques employed by the anthropologist. Included are studies of primitive cultures, demonstrations of the precision required in archaeological excavation, film interviews and anthropologists. Three hours lecture per week. Credit, three semester hours.

SPEECH AND THEATRE (SPT)

SPT 0113 Basic Speaking

Focuses on basic communication skills, basic communication models, pronunciation and articulation, and dealing with stage fright. 3 credit hours. Will not substitute for the speech requirements in any curriculum. Three hours lecture per week. Institutional Credit, three semester hours.

SPT 1113 Public Speaking I

Study and practice in making speeches for a variety of public forums. Major emphasis is placed on speech preparation and delivery. Three hours lecture per week. Credit, three semester hours.

SPT 2233 Theatre Appreciation

An introduction of the cultural, historical and social aspects of drama. Class content provides an appreciation of theatre and performance art to develop audience standards through demonstration of the unique characteristics of theatre. A fine arts elective. Three hours lecture per week. Credit, three semester hours.

SOCIAL WORK (SWK)

SWK 1113 Introduction to Social Work

A survey of the history and contemporary development of social work. Relation of social work to other social problems, poverty, child welfare, aging, family needs, juvenile delinquency, etc. Three hours lecture per week. Credit, three semester hours.

CAREER-TECHNICAL EDUCATION COURSES

HEATING AND AIR CONDITIONING TECHNOLOGY (ACT)

ACT 1125 Basic Compression Refrigeration

This course is an introduction to the field of refrigeration and air conditioning. Emphasis is placed on principles of safety, first aid thermodynamics, heat transfer, recovery, lubricants, and EPA certification. Two hours lecture and six hours laboratory per week. Credit, five semester hours.

ACT 1133 Tools and Piping

This course is an introduction to various tools and pipe connecting techniques. Covers tools and test equipment required in heating, ventilation, air conditioning, and refrigeration. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

ACT 1213 Controls

Fundamentals of gas, fluid, electrical, and programmable controls. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

ACT 1313 Refrigeration System Components

This course is an in-depth study of the components and accessories of a sealed system including metering devices, evaporators, compressors, and condensers. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

ACT 1713 Electricity for Heating, Ventilation, Air Conditioning and Refrigeration

This course includes basic knowledge of electricity, power distribution, components, solid state devices, and electrical circuits. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

ACT 1813 Professional Service Procedures

A course to introduce students to business ethics necessary to work with both the employer and customer. Includes resumé, record keeping, and service contracts. One hour lecture and four hours laboratory per week. Credit, three semester hours.

ACT 2324 Commercial Refrigeration

A study of various commercial refrigeration systems including installation, servicing, and maintaining systems. Two hours lecture and four hours laboratory per week. Credit, four semester hours.

ACT 2414 Air Conditioning I

A study of various types of residential and commercial air conditioning including hydronic, absorption, and desiccant systems. Two hours lecture and four hours laboratory per week. Credit, four semester hours.

ACT 2424 Air Conditioning II

An in-depth course in the installation, start-up, maintenance, and air quality of complete

heating and air conditioning systems. Two hours lecture and four hours laboratory per week. Credit, four semester hours.

ACT 2433 Refrigerant, Retrofit, and Regulations

A study of regulations and standards for new retrofit and government regulations including OSHA regulations, EPA regulations, local, and state codes. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

ACT 2513 Heating Systems

Introduction to various types of residential and commercial heating systems including gas, oil, electric, compression, and hydroponic heating systems. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

ACT 2625 Heat Load and Air Properties

This course introduces the student to heat load calculations for residential and light commercial heating, ventilation, air conditioning, and refrigeration systems. Included are air distribution, duct sizing, selection of grills and registers, types of fans, air velocity, and fan performance. An introduction is provided to air testing instruments and computer usage. Two hours lecture and four hours laboratory per week. Credit, five semester hours.

ACT 2913 Special Project in Heating and Air Conditioning Technology

A course designed to provide the student with practical application of skills and knowledge gained in the courses. The instructor works closely with the student to insure that the selection of a project will enhance the student's learning experience. Six hours laboratory per week. Credit, three semester hours.

ACT 2923 Supervised Work Experience in Heating and Air Conditioning

A course which is a cooperative program between industry and education and is designed to integrate the student's technical studies with industrial experience. Variable credit is awarded on the basis of one semester hour per 45 industrial contact hours. Three hours externship. Credit, three semester hours.

AUTOMOTIVE TECHNOLOGY (ATT)

ATT 1114 Electrical Systems

A course to provide advanced skills and knowledge related to all components of the vehicle electrical system including lights, instruments, and charging components. Two hours lecture and four hours laboratory per week. Credit, four semester hours.

ATT 1214 Brakes

A course to provide advanced skills and knowledge related to the repair and maintenance of brake systems on automobiles. Includes instruction and practice in diagnosis of braking systems problems and the repair of brake systems. Two hours lecture and four hours laboratory per week. Credit, four semester hours.

ATT 1315 Manual Drive Trains/Transaxles

A course to provide advanced skills and knowledge related to the maintenance and

repair of manual transmissions, transaxles and drive train components. Includes instruction in the diagnosis of drive train problems and the repair and maintenance of transmissions, transaxles, clutches, CV joints, differentials and other components. Two hours lecture and six hours laboratory per week. Credit, five semester hours.

ATT 1414 Basic Engine Performance

A course to provide advanced skills and knowledge related to the maintenance and adjustment of gasoline engines for optimum performance. Includes instruction and practice in the diagnosis and correction of problems associated with poor performance. Two hours lecture and four hours laboratory per week. Credit, four semester hours.

ATT 1513 Basic Fuel Systems

A course to provide advanced skills and knowledge related to the repair, maintenance, and adjustment of basic fuel systems and emission control systems. Includes instruction in the diagnosis and repair/adjustment of fuel injection systems, carburetor systems, and conventional control systems. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

ATT 1715 Engine Repair

A course to provide advanced skills and knowledge related to the repair and rebuilding of automotive-type engines. Includes instruction and practice in the diagnosis and repair of engine components, including valve trains, blocks, pistons and connecting rods, crankshafts, and oil pumps. Two hours lecture and six hours laboratory per week. Credit, five semester hours.

ATT 2325 Automatic Transmissions/Transaxles

A course to provide technical skills and knowledge related to the diagnosis and repair of automotive-type automatic transmissions and transaxles. Includes instruction and practice in testing and inspecting these devices and in disassembly, repair, and reassembly. Three hours lecture and four hours laboratory per week. Credit, five semester hours.

ATT 2334 Steering and Suspension Systems

A course to provide advanced skills and knowledge related to the inspection and repair of steering and suspension systems on automobiles. Includes instruction and practice in the diagnosis of steering systems problems and the repair/replacement of steering systems components. Two hours lecture and four hours laboratory per week. Credit, four semester hours.

ATT 2343 Wheel Alignment

A course to provide technical skills and knowledge related to the alignment of both front and rear wheels on automobiles. Includes instruction and practice in the inspection, detection, and correction of wheel alignment problems. One hour lecture and four hours laboratory per week. Credit, three semester hours.

ATT 2524 Computer Controlled Emissions

A course to provide technical skills and knowledge related to the inspection and repair/adjustment of automobile fuel and emission systems. Includes instruction and practice in

the diagnosis and correction of problems associated with electronic fuel injection systems, emission control systems, and spark timing controls found on newer model fuel systems. Two hours lecture and four hours laboratory per week. Credit, four semester hours.

ATT 2535 Computer and Engine Controls

A course to provide technical skills and knowledge associated with computer controls and electronic fuel injection systems found in many newer cars. Includes instruction and practice in the diagnosis and correction of problems associated with computer controls of the ignition and fuel injection system. Two hours lecture and six hours laboratory per week. Credit, five semester hours.

ATT 2614 Heating and Air Conditioning

A course to provide advanced skills and knowledge associated with the maintenance and repair of automotive heating and air conditioning systems. Includes instruction and practice in the diagnosis and repair of air conditioning system components, heater lines and cores, and control systems. Two hours lecture and four hours laboratory per week. Credit, four semester hours.

MEDICAL BILLING AND CODING TECHNOLOGY (BCT)

BCT 2123 CPT Coding

This course is an introduction to the field of procedural coding and requirements for insurance reimbursement. Two hours lecture and two hours laboratory per week. Credit, three semester hours. (*Prerequisites: BOT 1613 Medical Office Terminology I, BOT 1623 Medical Office Terminology II, or by consent of instructor*)

BCT 2133 ICD Coding

This course is an introduction to the field of diagnostic coding. Two hours lecture and two hours laboratory per week. Credit, three semester hours. (*Prerequisites: BOT 1613 Medical Office Terminology I, BOT 1623 Medical Office Terminology II, or by consent of instructor*)

BCT 2143 Advanced Coding

This course includes advanced analysis of diagnostic and procedural coding systems. Two hours lecture and two hours laboratory per week. Credit, three semester hours. (*Prerequisites: BCT 2123 CPT Coding and BCT 2133 ICD Coding*)

BCT 2153 Medical Insurance Billing

This course is a culmination of skills and knowledge of appropriate procedures for generating, processing, and submitting health insurance claims to private and governmental health insurance programs. Two hours lecture and two hours laboratory per week. Credit, three semester hours. (*Prerequisites: BCT 2123 CPT Coding and BCT 2133 ICD Coding*)

BUSINESS AND OFFICE TECHNOLOGY (BOT)

BOT 1013 Keyboarding

This course provides an introduction and essential skill development using the touch system on the alphabetic keyboard. Course emphasis will be on speed and accuracy when

keying simple documents and timed writings. Basic word processing commands will be learned. One hour lecture and four hours laboratory per week. Credit, three semester hours.

BOT 1113 Document Formatting

This course emphasizes improving keyboard techniques using the touch method. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

BOT 1123 Keyboard Skillbuilding

This course develops speed and accuracy on the keyboard. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

BOT 1133 Microcomputer Applications

This course will introduce an operating system and word processing, spreadsheet, database, and presentation software applications. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

BOT 1143 Word Processing Applications

This course focuses on production of complex documents using advanced word processing functions. Production with accuracy is stressed and practice is given through a variety of documents for skill building. Two hours lecture and two hours laboratory per week. Credit, three semester hours. (*Prerequisite: BOT 1113 Document Formatting*)

BOT 1213 Professional Development

This course is designed to develop an awareness of interpersonal skills essential for job success. Topics include positive self-image, professional ethics, stress management, and human relations skills. Three hours lecture per week. Credit, three semester hours.

BOT 1313 Applied Business Mathematics

This course is designed to develop competency in mathematics for business use. Ten-key touch method on the electronic desktop calculators is stressed. Three hours lecture per week. Credit, three semester hours.

BOT 1413 Records Management

This course focuses on the systems approach to managing recorded information in any form. Emphasis is placed on the three categories into which records generally fall--paper, image, and digital--and the treatment of these categories in proper management, storage, and retrieval. Three hours lecture per week. Credit, three semester hours.

BOT 1433 Business Accounting

This course is designed to develop an understanding of recording, classifying, and summarizing business transactions and events with insight into interpreting and reporting the resulting effects upon the business. Three hours lecture per week. Credit, three semester hours.

BOT 1513 Machine Transcription

This course is designed to teach the students to transcribe a wide variety of business

communications from machine dictation Two hours lecture and two hours laboratory per week. Credit, three semester hours. (*Prerequisite: BOT 1143 Word Processing*)

BOT 1613 Medical Office Terminology I

This course is a study of medical language relating to the various body systems including diseases, procedures, clinical specialties, and abbreviations. In addition to term definitions, emphasis is placed on correct spelling and pronunciation. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

BOT 1623 Medical Office Terminology II

This course presents medical terminology pertaining to human anatomy in the context of body systems. The emphasis is directed toward medical terminology as it relates to Medical Office Technology. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

BOT 1713 Mechanics of Communication

This course is designed to develop the basic English competencies necessary for success in the business world. A study of the parts of speech, sentence structure, sentence types, capitalization, punctuation, and spelling is emphasized. Three hours lecture per week. Credit, three semester hours.

BOT 1813 Electronic Spreadsheet

This course focuses on advanced applications of the electronic spreadsheet as an aid to management decision-making. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

BOT 2133 Desktop Publishing

This course presents graphic design techniques, principles of page layout and design, and electronic publishing terminology and applications to create a variety of documents such as flyers, brochures, newsletters, and business cards. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

BOT 2323 Database Management

This course applies concepts for designing and manipulating data files and formatting output as complex documents and reports. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

BOT 2413 Computerized Accounting

This course applies basic accounting principles using a computerized accounting system. Two hours lecture and two hours laboratory per week. Credit, three semester hours. (*Prerequisite: BOT 1433 Business Accounting or ACC 1213 Principles of Accounting I*)

BOT 2523 Medical Machine Transcription I

This course is designed to teach transcription of various medical documents. One hour lecture and four hours laboratory per week. Credit, three semester hours. (*Prerequisites: BOT 1613 Medical Office Terminology I, and BOT 1623 Medical Office Terminology II*)

BOT 2533 Medical Machine Transcription II

This course is designed to continue teaching transcription of various medical documents including dictation given by doctors with foreign accents and additional medical specialties. One hour lecture and four hours laboratory per week. Credit, three semester hours. (*Prerequisite: BOT 2523 Medical Machine Transcription I*)

BOT 2723 Administrative Office Procedures

This course will provide comprehensive coverage and integration of business skills and issues, develop critical-thinking and problem-solving skills, and establish a foundation in business procedures. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

BOT 2743 Medical Office Concepts

This course will provide coverage and integration of medical office skills and issues using knowledge of medical terminology. Problem solving will be emphasized. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

BOT 2753 Medical Information Management

This course will continue coverage of medical office issues with emphasis on health insurance filing and medical office software. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

BOT 2813 Business Communications

This course develops communication skills with emphasis on principles of writing business correspondence and reports, and analyzing and summarizing information in a logical arrangement of written presentation. Three hours lecture per week. Credit, three semester hours. (*Prerequisite: BOT 1713 Mechanics of Communication*)

BOT 2823 Communication Technology

This course will present an overview of the resources available for online communications. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

BOT 2833 Integrated Computer Applications

This course integrates activities using applications software including word processing, database, spreadsheet, graphics, and multimedia. Two hours lecture and two hours laboratory per week. Credit, three semester hours. (*Prerequisites: BOT 2323 Database Management, and BOT 1813 Electronic Spreadsheet*)

CHILD DEVELOPMENT TECHNOLOGY (CDT)**CDT 1113 Early Childhood Profession**

This course provides an introduction to the profession of early childhood, types of early childhood programs, and theories of child development. Students are required to observe, assess, and record child behavior through laboratory experience. Room arrangements, software, play, and safety are explored. Two hours lecture, two hours laboratory per week. Credit, three semester hours.

CDT 1214 Child Development I

This course provides knowledge concerning the care and development of infants and toddlers in group settings. Practice is given in group settings through laboratory or collaborative centers. Three hours lecture and two hours lab per week. Credit, four semester hours.

CDT 1224 Child Development II

The cognitive, physical, emotional, and social development characteristics of young children ages three through eight. Concentration is placed on all children including the exceptional child. Three hours lecture, two hours laboratory per week. Credit, four semester hours.

CDT 1314 Creative Arts for Young Children

This course includes planning and developing creative art experiences for the young child. Lab activities with the children are implemented during Technical Practicum I and II. Four hours lecture per week. Credit, four semester hours.

CDT 1343 Child Health and Safety

Health and safety practices in the care and education of young children. Includes health and safety issues such as first aid, CPR, universal precautions, communicable diseases, and child abuse. Three hours lecture per week. Credit, three semester hours.

CDT 1513 Nutrition for Young Children

This course focuses on fundamental principles of child nutrition and the practical application of this knowledge in the selection of balanced diets. Three hours lecture per week. Credit, three semester hours.

CDT 1713 Language & Literature Development for Young Children

Planning, developing, and presenting language arts activities for preschool children. Lab activities with the children are implemented during Technical Practicum I and II. Three hours lecture per week. Credit, three semester hours.

CDT 2233 Guiding Social and Emotional Behavior

Identifying and practicing effective techniques in guiding young children's behavior. Lab activities with the children are implemented during Technical Practicum I and II. Three hours lecture per week. Credit, three semester hours.

CDT 2413 Atypical Child Development

This course provides information concerning growth and development, identification, intervention strategies, and management of atypical children. Legal, ethical, and legislative issues will be explored. Family issues will be explored. Two hours lecture and two hours laboratory per week. Credit, three semester hours. (*Prerequisites: CDT 1214 Child Development I and CDT 1224 Child Development II*)

CDT 2613 Methods and Materials

Appropriate methods and materials for young children in a learning environment. Lab activities with the children are implemented during Technical Practicum I and II. Three hours lecture per week. Credit, three semester hours.

CDT 2713 Social Studies, Math, and Science for Young Children

Planning developmentally appropriate activities in social studies, math, and science for the preschool child. Lab activities with the children are implemented during Technical Practicum I and II. Three hours lecture per week. Credit, three semester hours.

CDT 2813 Administration of Programs for Young Children

Development and administration of programs for young children to include an emphasis on evaluation of policies and procedures, organizational structure, and management. Three hours lecture per week. Credit, three semester hours. (*Prerequisites: First three semesters of core courses*)

CDT 2915 Practicum I

This course allows advanced early childhood students to implement knowledge and experience in preparing and implementing positive experiences for young children. Completion of the competencies provides opportunities for students to implement experiences planned in the prerequisites and ensures a balance of all curriculum areas. Not all competencies will be achieved at the end of this course due to the variance that exists in the childhood settings used for student experiences. Other competencies will be achieved and documented by the end of the two-year program of study. All competencies will be achieved and documented by the completion of the two practicum courses. Ten hours laboratory per week. Credit, five semester hours. (*Prerequisites: CDT 1314 Creative Art for Young Children, CDT 1713 Language and Literacy Development for Young Children, and CDT 1343 Child Health and Safety. Corequisite: CDT 1513 Nutrition for Young Children*)

CDT 2925 Practicum II

This course is a continuation of Practicum I which allows advanced early childhood students to implement knowledge and experience in preparing and implementing positive experiences for young children. Completion of the competencies provides opportunities for students to implement experiences planned in the prerequisites and ensures a balance of all curriculum areas. All competencies will be achieved and documented by the completion of the two practicum courses. Ten hours laboratory per week. Credit, five semester hours. (*Prerequisites: CDT 2233 Guiding Social and Emotional Behavior, CDT 2613 Methods and Materials, CDT 2714 Social Studies, Math, and Science for the Preschool Children. Corequisite: CDT 2813 Administration of Preschool Programs*)

CONSTRUCTION EQUIPMENT OPERATION (CEV)

CEV 1212 Safety I

Personal safety, fire safety, traffic safety rules, and rules for safety of each machine to include pre-start, operational, and post-operation. One hour lecture and two hours laboratory per week. Credit, two semester hours.

CEV 1222 Safety II

Pedestrian safety, safety communications, and safety procedures in working near utilities. One hour lecture and two hours laboratory per week. Credit, two semester hours.

CEV 1313 Service and Preventive Maintenance I

This course includes instruction in characteristics of oils and greases, fuel handling procedures, and performing minor mechanical maintenance. Practice includes servicing a fuel filter system and changing engine oil. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

CEV 1323 Service and Preventive Maintenance II

This course includes lubrication procedures, servicing air filters, servicing cooling systems, servicing hydraulic systems, and installation, removal, and storage of batteries. One hour lecture and four hours laboratory per week. Credit, three semester hours.

CEV 1416 Equipment Operation I

This course includes operation of the backhoe, scraper, and grader. Includes operating the controls and basic skills done with each machine and perform assignments by verbal and written instructions. One hour lecture and ten hours laboratory per week. Credit, six semester hours.

CEV 1426 Equipment Operation II

This course includes operation of the dozer, loader, and excavator; and an introduction to crane operation. Includes the controls and basic skills performed with each machine and completing assignments by verbal and written instructions. One hour lecture and ten hours laboratory per week. Credit, six semester hours.

CEV 1514 Grade Work I

Setting and checking grade stakes which are used on job sites. Instruction and practice of transferring elevations are also included. One hour lecture and six hours laboratory per week. Credit, four semester hours.

CEV 1524 Grade Work II

This course includes additional instruction and practice regarding the setting and checking grades. Also instruction and practice on the compaction of various materials. One hour lecture and six hours laboratory per week. Credit, four semester hours.

COMPUTER NETWORKING TECHNOLOGY (CNT)

CNT 1413 Fundamentals of Data Communications

This course presents basic concepts of telephony, local area networks, wide area networks, data transmission, and topology methods. Two hours lecture and two hours laboratory each week. Credit, three semester hours.

CNT 1523 Network Components

This course presents local area network and wide area network connectivity. It focuses on architectures, topologies, protocols, and transport methods of a network. Two hours lecture and two hours laboratory each week. Credit, three semester hours. (*Prerequisite: CNT 1413 Fundamentals of Data Communications*)

CNT 1614 Network Administration Using Novell

This course focuses on the management of a computer network using the Novell network operating system. Emphasis will be placed on daily administrative tasks performed by a network administrator. Two hours lecture and four hours laboratory each week. Credit, four semester hours. (*Prerequisites: CNT 1413 Fundamentals of Data Communications and CPT 1333 Operating Platforms*)

CNT 1624 Network Administration Using Microsoft Windows Server

This course focuses on the management of a computer network using the Microsoft Windows Server network operating system. Emphasis will be placed on daily administrative tasks performed by a network administrator. Two hours lecture and four hours laboratory each week. Four hours credit each week. Credit, four semester hours. (*Prerequisites: CNT 1413 Fundamentals of Data Communications and CPT 1333 Operating Platforms*)

CNT 1654 Network Administration Using Linux

This course focuses on the management of a computer using the Linux operating system. Emphasis is placed on installation, configuration, implementation, and administrative tasks of a functional server. Credit, four semester hours. (*Prerequisites: CNT 1413 Fundamentals of Data Communications and CPT 1333 Operating Platforms*)

CNT 2423 System Maintenance

This course covers the diagnosis, troubleshooting, and maintenance of computer components. Topics include hardware compatibility, system architecture, memory, input devices, video displays, disk drives, modems, and printers. Two hours lecture and two hours laboratory each week. Credit, three semester hours. (*Prerequisite: CPT 1333 Operating Platforms*)

CNT 2533 Network Planning and Design

This course involves applying network concepts in planning and designing a functioning network. Emphasis is placed on recognizing the need for a network, conducting analysis, and designing a solution. Two hours lecture and two hours laboratory each week. Credit, three semester hours. (*Prerequisite: Any Network Operating Systems Elective and CNT 1523 Network Components*)

CNT 2544 Network Implementation

This course is the culmination of all concepts learned in the network curriculum. Topics include the planning, installing, evaluation, and maintenance of a network solution. Two hours lecture and four hours laboratory each week. Credit, four semester hours. (*Prerequisite: CNT 2533 Network Planning and Design*)

CNT 2553 Network Security

This course provides an introduction to network and computer security. Topics such as ethics, security policies, legal issues, vulnerability testing tools, firewalls, and operation system hardening will be discussed. Students will receive a deeper understanding of network operations and protocols through traffic capture and protocol analysis. Two hours lecture and two hours laboratory each week. Credit, three semester hours. (*Prerequisites:*

WDT 1123 Web Development Concepts and CNT 1523 Network Components)

CNT 2644 Advanced Network Admin. Using Microsoft Windows Server

This course is a continuation of Network Administration using Microsoft Windows Server. Emphasis is placed on installation, configuration, and implementation of a functional server. Two hours lecture and four hours laboratory each week. Credit, four semester hours. *(Prerequisites: CNT 1413 Fundamentals of Data Communication and CNT 1624 Network Administration Using Microsoft Windows Server)*

CNT 2654 Advanced Network Administration Using Linux

This course is a continuation of Network Administration Using Linux. This is an advanced administration course in network services for Linux users who wish to increase their skills. Students will learn how to apply security to network users and resources, manage and compile the Linux kernel, manage network clients, and troubleshoot network processes and services. Two hour lecture and four hours laboratory each week. Credit, four semester hours. *(Prerequisites: WDT 1123 Web Development Concepts, CNT 1523 Network Components and CNT 1654 Network Administration Using Linux)*

COSMETOLOGY (COV)

COV 1122 Cosmetology Orientation

This course will cover the history, career opportunities, life skills, professional image, Mississippi Cosmetology laws, rules and regulations and communicating for success in the cosmetology industry. Included are classroom theory and lab practice as governed by Mississippi cosmetology laws, rules and regulations involved in cosmetology practices and safety precautions associated with each. Two hours lecture per week. Credit, two semester hours.

COV 1245 Cosmetology Sciences I

This course consists of the study of bacteriology, sterilization, and sanitation. Included are classroom theory and lab practice as governed by Mississippi cosmetology laws, rules, and regulations involved in cosmetology practices and safety precautions associated with each. Three hours lecture and six hours laboratory per week. Credit, five semester hours.

COV 1255 Cosmetology Sciences II

This course consists of the study of anatomy and physiology. Included are classroom theory and lab practices as governed by and safety precautions associated with each. Three hours lecture and six hours laboratory per week. Credit, five semester hours.

COV 1263 Cosmetology Sciences III

This course consists of the application and demonstration of chemistry and electricity. Included are classroom theory and lab practice as governed by Mississippi cosmetology laws, rules, and regulations involved in cosmetology practices and safety precautions associated with each. Two hours lecture and three hours laboratory per week. Credit, three semester hours.

COV 1426 Hair Care I

This course consists of the study of properties of the hair and scalp; principles of hair design; shampooing, rinsing, and conditioning; haircutting; braiding and braid extensions; wigs and hair enhancements; chemical texture services; and hair coloring. Included are classroom theory and lab practice as governed by Mississippi cosmetology laws, rules, and regulation involved in cosmetology practices and safety precautions associated with each. Two hours lecture and twelve hours laboratory per week. Credit, six semester hours.

COV 1436 Hair Care II

This course consists of the advanced study of properties of the hair and scalp; principles of hair design; shampooing, rinsing, and conditioning; haircutting; hairstyling; braiding and braid extensions; wigs and hair theory and lab practice as governed by Mississippi cosmetology practices and safety precautions associated with each. Two hours lecture and twelve hours laboratory per week. Credit, six semester hours.

COV 1443 Hair Care III

This course consists of the practical applications of the study of properties of the hair and scalp; principles of hair design; shampooing, rinsing, and conditioning; haircutting; hairstyling; braiding and braid extensions; wigs and hair enhancements; chemical texture services; and hair coloring. Included are classroom regulations involved in cosmetology practice as governed by Mississippi cosmetology laws, rules, and regulations involved in cosmetology practices and safety precautions associated with each. Nine hours laboratory per week. Credit, three semester hours.

COV 1522 Nail Care I

This course consists of basic nail care services including nail structure and growth, manicuring and pedicuring, and advanced nail techniques. Included are classroom theory and lab practice as governed by Mississippi cosmetology laws, rules, and regulations involved in cosmetology practices and safety precautions associated with each. One hour lecture and three hours laboratory per week. Credit, two semester hours.

COV 1532 Nail Care II

This course consists of basic nail care services including nail structure and growth, manicuring and pedicuring, and advanced nail techniques. Included are classroom theory and lab practice as governed by Mississippi cosmetology laws, rules, and regulations involved in cosmetology practices and safety precautions associated with each. One hour lecture and three hours laboratory per week. Credit, two semester hours.

COV 1542 Nail Care III

This course consists of basic nail care services including nail structure and growth, manicuring, and pedicuring, and advanced nail techniques. Included are classroom theory and lab practice as governed by Mississippi cosmetology laws, rules, and regulation involved in cosmetology practices and safety precautions associated with each. Six hours laboratory per week. Credit, two semester hours.

COV 1622 Skin Care I

This course consists of basic skin care services including anatomy of the skin, disorders of skin, hair removal, facials, and facial makeup. Included are classroom theory and lab practice as governed by Mississippi cosmetology laws, rules, and regulations involved in cosmetology practices and safety precautions associated with each. One hour lecture and three hours laboratory per week. Credit, two semester hours.

COV 1632 Skin Care II

This course consists of basic skin services including anatomy of skin, disorders of skin, hair removal, facials, and facial makeup. Included are classroom theory and lab practice as governed by Mississippi cosmetology laws, rules, and regulations involved in cosmetology laws, rules, and regulations involved in cosmetology practices and safety precautions associated with each. One hour lecture and three hours laboratory each week. Credit, two semester hours.

COV 1642 Skin Care III

This course consists of advanced skin care services including anatomy of skin, disorders of skin, hair removal, facials, and facial makeup. Included are classroom theory and lab practice as governed by Mississippi cosmetology law, rules, and regulations involved in cosmetology practices and safety precautions associated with each. Six hour laboratory per week. Credit, two semester hours.

COV 1722 Salon Business I

This course will cover preparing to operate a successful salon. Included are classroom theory and lab practice as governed by Mississippi cosmetology law, rules, and regulations involved in cosmetology practices and safety precautions associated with each. One hour lecture and three hours laboratory per week. Credit, two semester hours.

COV 1732 Salon Business II

This course will cover operating a successful salon and seeking employment. Included are classroom theory and lab practice as governed by Mississippi cosmetology laws, rules, and regulation involved in cosmetology practices and safety precautions associated with each. One hour lecture and three hours laboratory per week. Credit, two semester hours.

COV 2816 Cosmetology Teacher Training I

Instruction will be given in developing appropriate communication skills, effective use of visual aids, identification of various teaching styles, and practical application of cosmetology instruction. Three hours lecture and nine hours laboratory per week. Credit, six semester hours. *(Pre or corequisite: Students who have at least two years active practical experience as a licensed cosmetologist and currently hold a valid Mississippi cosmetology license.)*

COV 2826 Cosmetology Teacher Training II

Instruction will be given in development of instructional methods, development of visual aids, development of effective evaluation, and practical application of cosmetology instruction. Three hours lecture and nine hours laboratory per week. Credit, six semester hours. *(Pre or corequisites: COV 2816 Cosmetology Teacher Training I)*

COV 2836 Cosmetology Teacher Training III

Instruction will be given in development of appropriate lesson plans and practical application of cosmetology instruction. Three hours lecture and nine hours laboratory per week. Credit, six semester hours. (*Pre or corequisites: COV 2826 Cosmetology Teacher Training II*)

COV 2846 Cosmetology Teacher Training IV

Instruction will be given in classroom management techniques; cosmetology laws, rules, and regulations; and practical application of cosmetology instruction. Three hours lecture and nine hours laboratory per week. Credit, six semester hours. (*Pre or corequisites: COV 2836 Cosmetology Teacher Training III*)

COMPUTER PROGRAMMING TECHNOLOGY (CPT)**CPT 1213 Visual BASIC Programming Language**

Introduction to the Visual BASIC Programming Language. Introduces the student to object-oriented programming and a graphical integrated development environment. Two hours lecture and two hours laboratory each week. Credit, three semester hours.

CPT 1323 Survey of Microcomputer Applications

This course will introduce word processing, spreadsheet, and database management software with integration of these applications. Two hours lecture and two hours laboratory each week. Credit, three semester hours.

CPT 1333 Operating Platforms

This course will provide experience in a variety of operating platforms. Emphasis will be placed on support personnel interaction with the platform to assist users in business environments. Two hours lecture and two hours laboratory each week. Credit, three semester hours.

CPT 2373 Network Fundamentals

This course focuses on the fundamentals of computer networking. Two hours lecture and two hours laboratory each week. Credit, three semester hours.

COMPUTER SERVICING TECHNOLOGY (CST)**CST 2113 Computer Servicing Lab I**

This course provides training in the fundamentals of computer servicing. This course includes configuration, test equipment usage, basic disassembly and assembly methods, preliminary tests and diagnostics, schematic interpretation, and building cables. Six hours laboratory per week. Credit, three semester hours.

DRAFTING AND DESIGN TECHNOLOGY (DDT)**DDT 1114 Fundamentals of Drafting**

Course designed to give drafting major the background needed for all other drafting courses. Emphasis is placed upon maintaining correct techniques while developing speed. Two hours lecture and four hours laboratory per week. Credit, four semester hours.

DDT 1123 Computational Methods for Drafting

Study of computational skills required for the development of accurate design and drafting methods. One hour lecture and four hours laboratory per week. Credit, three semester hours.

DDT 1133 Machine Drafting I

Emphasizes methods, techniques, and procedures in presenting screws, bolts, rivets, springs, thread types, symbols for welding, materials, finish and heat treatment notation, working order preparation, routing, and other drafting room procedures. One hour lecture and four hours laboratory per week. Credit, three semester hours. (*Prerequisite: DDT 1114 Fundamentals of Drafting*)

DDT 1143 Geometric Dimensioning & Tolerancing

This course is a continuation of conventional dimensioning with emphasis on concepts as adopted by the American National Standards Institute (ANSI). A study of international dimensioning symbols used to control tolerances of form, profile, orientation, runout, and location of features on an object. Two hours lecture and two laboratory each week. Credit, three semester hours.

DDT 1153 Descriptive Geometry

Theory and problems designed to develop the ability to visualize points, lines, and surfaces in space. One hour lecture and four hours laboratory each week. Credit, three semester hours.

DDT 1213 Construction Materials

A course designed to familiarize the student with the physical properties of the materials generally used in the erection of structure, with a brief description of their manufacture. One hour lecture and four hours laboratory per week. Credit, three semester hours.

DDT 1313 Principles of CAD

This course will use CAD system to design and draw various problems in the architectural, mechanical, and civil drafting areas. Emphasis will be placed on the operations of the CAD system to solve these problems. One hour lecture and four hours laboratory per week. Credit, three semester hours.

DDT 1323 Intermediate CAD

This course is designed as a continuation of Principles of CAD. Subject areas will include dimensioning, sectional views, and symbols. One hour lecture and four hours laboratory per week. Credit, three semester hours. (*Prerequisite: DDT 1313 Principles of CAD*)

DDT 1413 Elementary Surveying

Basic course dealing with principles of geometry, theory and use of instruments, mathematical calculations, and the control and reduction of errors. One hour lecture and four hours laboratory each week. Credit, three semester hours.

DDT 1613 Architectural Design I

Presentation and application of architectural drafting room standards. One hour lecture and four hours laboratory per week. Credit, three semester hours. (*Prerequisites: DDT 1114 Fundamentals of Drafting and DDT 1313 Principles of CAD*)

DDT 2153 Civil Drafting

This course deals with basic principles of surveying and the development of topographical maps. Two hours lecture and two hours laboratory per week. Credit, three semester hours. (*Prerequisites: DDT 1323 Intermediate CAD and DDT 1114 Fundamentals of Drafting*)

DDT 2163 Machine Drafting II

This course is a continuation of Machine Drafting I with emphasis on advanced techniques and knowledge employed in the planning of mechanical objects. Includes instruction in the use of tolerancing and dimensioning techniques. One hour lecture and four hours laboratory per week. Credit, three semester hours. (*Prerequisite: DDT 1133 Machine Drafting*)

DDT 2233 Structural Drafting

Structural section, terms and conventional abbreviations, and symbols used by structural fabricators and erectors are studied. Knowledge is gained in the use of A.I.S.C. Handbook. Problems are studied that involve structural designing and drawing of beams, columns, connections, trusses, and bracing. One hour lecture and four hours laboratory per week. Credit, three semester hours. (*Prerequisites: DDT 1114 Fundamentals of Drafting and DDT 1313 Principles of CAD*)

DDT 2244 Cost Estimating

Preparation of material and labor quantity surveys from actual working drawings and specifications. Two hours lecture and four hours laboratory per week. Credit, four semester hours. (*Prerequisite: Consent of Instructor*)

DDT 2253 Statics and Strengths of Materials

This course is a study of forces acting on bodies; moments of forces; stress of materials; basic machine design; beams, columns, and connections. Two hours lecture and two hours laboratory each week. Credit, three semester hours.

DDT 2263 Quality Assurance

This course is an application of statistics and probability theory in quality assurance programs. Various product sampling plans will be studied as well as the development of product charts for defective units. Two hours lecture and two hours laboratory each week. Credit, three semester hours.

DDT 2343 Advanced CAD

This course is designed as a continuation of Principles of CAD. Emphasis is placed on attributes, slide shows, the user coordinate system, 3-D faces, and solid modeling. One hour lecture and four hours laboratory per week. Credit, three semester hours. (*Prerequisite: DDT 1323 Intermediate CAD*)

DDT 2353 CAD Management

Course topics include technical and business aspects of CAD. Standards, customization, networking, Internet integration, and employee support will be covered. One hour lecture and four hours laboratory per week. Credit, three semester hours.

DDT 2423 Mapping and Topography

Selected drafting techniques are applied to the problem of making maps, traverses, plot plans, plan and profile drawing using maps, field survey data, aerial photographs and related references, materials including symbols, notations, and other applicable standardized materials. Two hours lecture and two hours laboratory each week. Credit, three semester hours.

DDT 2523 Pipe Drafting

Pipe Drafting is designed to provide the student with the basic knowledge needed to create process piping drawings using individual piping components. One hour lecture and four hours laboratory per week. Credit, three semester hours. (*Prerequisites: DDT 1114 Fundamentals of Drafting and DDT 1313 Principles of CAD*)

DDT 2623 Architectural Design II

This course emphasizes standard procedures and working drawings. Details involving architectural, mechanical, electrical, and structural drawings are covered, along with presentation of drawings and computer aided design assignments. One hour lecture and four hours laboratory per week. Credit, three semester hours. (*Prerequisite: DDT 1613 Architectural Design I*)

DDT 2713 Fundamentals of Multimedia

A general overview of current issues in multimedia. Study of how multimedia can assist in the work environment; provides a basis for further study in multimedia design and production. One hour lecture and four hours laboratory per week. Credit, three semester hours.

DDT 2913 Special Project

A course designed to provide the student with practical application of skills and knowledge gained in other drafting courses. The instructor works closely with the student to ensure that the selection of a project will enhance the student's learning experience. Six hours laboratory per week. Credit, three semester hours. (*Prerequisite: Consent of the Instructor*)

DIESEL EQUIPMENT TECHNOLOGY (DET)**DET 1114 Fundamentals of Equipment Mechanics**

A course to review and update student skills and knowledge related to safety procedures; tools and equipment usage; handling, storing, and disposing of hazardous materials; operating principles of diesel engines; and selection of fuels, oils, other lubricants, and coolants. Four hours lecture per week. Credit, four semester hours.

DET 1213 Hydraulic Brake Systems

A course to develop skills and knowledge related to the diagnosis and repair of hydraulic brake systems. Includes instruction in hydraulic and mechanical systems, power assist units, and anti-lock braking systems. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

DET 1223 Electrical/Electronic Systems I

A course to develop skills and knowledge related to the diagnosis, service, and repair of electrical and electronic systems on diesel engines. Includes instruction in general systems diagnosis, starting and charging system repair, and auxiliary electrical systems repair. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

DET 1263 Electrical/Electronic Systems II

Diagnosis, service, and repair of electrical and electronic systems on diesel engines. Includes instruction on lighting systems, gauges and warning devices, and related electrical systems. One hour lecture and four hours laboratory per week. Credit, three semester hours.

DET 1364 Diesel Systems I

Diagnosis, service, and repair of basic engine operating principles, with an emphasis on cylinder head and valve train engine block. Two hours lecture and four hours laboratory per week. Credit, four semester hours.

DET 1513 Hydraulics

A course to provide instruction and practice in the basic operation and maintenance of hydraulic systems associated with diesel powered equipment. Includes instruction in safety, system operation, seals and cylinders, and filters. One hour lecture and four hours laboratory per week. Credit, three semester hours.

DET 1614 Preventive Maintenance and Service

A course to provide practice in the preventive maintenance of diesel powered equipment. Includes instruction in general preventive maintenance of vehicles and equipment. Two hours lecture and four hours laboratory per week. Credit, four semester hours.

DET 1713 Power Trains

A course to develop skills and knowledge related to the diagnoses, service, maintenance, and repair of power train units on diesel equipment. Includes instruction on clutch, manual transmissions, drive shafts, and drive axles. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

DET 2113 Welding for Diesel Equipment Technology

A basic course in welding and cutting techniques for diesel equipment mechanics. Includes instruction in fundamental procedures and safety, oxyacetylene welding and cutting, shielded metal-arc welding, and metal inert gas welding procedures. One hour lecture and four hours laboratory per week. Credit, three semester hours.

DET 2253 Steering and Suspension Systems

A course to provide skills and knowledge related to operation, maintenance, and repair of heavy duty steering and suspension systems. Includes instruction in steering column and steering gear, power steering unit, steering linkage, suspension, wheel alignment, and related components diagnosis and repair. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

DET 2273 Electrical/Electronic Systems III

Diagnosis, service, and repair of electrical and electronic systems on diesel engines. Includes instruction in electronic fuel management systems. One hour lecture and four hours laboratory per week. Credit, three semester hours.

DET 2374 Diesel Systems II

Diagnosis, service, and repair of lubrication systems, cooling system, and air induction and exhaust systems. Two hours lecture and four hours laboratory per week. Credit, four semester hours.

DET 2383 Diesel Systems III

Diagnosis, service, and repair of general engine operations and fuel system operations. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

DET 2623 Advanced Brake System (Air)

A course to provide instruction and practice in the maintenance and repair of air brake systems commonly used on commercial diesel powered equipment. Includes instruction in maintenance and repair of the air supply system, mechanical system, anti-lock braking system, and traction control system. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

DET 2813 Air Conditioning and Heating Systems

A course to provide skills and knowledge related to operation, maintenance, and repair of air conditioning and heating systems used in commercial equipment. Includes instruction in theories and operating principles, A/C system diagnosis and repair, clutch and compressor repair, evaporator and condenser repair, and heating system repair. One hour lecture and four hours laboratory per week. Credit, three semester hours. (*Prerequisite: Completion of certification requirements to service and repair air conditioning systems*)

DET 2913 Special Project in Diesel Equipment Technology

A course to provide students with practical application of skills and knowledge related to a specific instructor-approved topic. Instructor and student work closely together in planning and conducting the project. Six hours laboratory per week. Credit, three semester hours. (*Prerequisite: Consent of the instructor*)

COMMERCIAL TRUCK DRIVING (DTV)

DTV 1114 Commercial Truck Driving I

A course that provides fundamental instruction on safety, rules and regulations, driving practices, air brakes, hazardous materials, and emergencies. Includes instruction

and practice in performing vehicle inspections, coupling and uncoupling, maneuvering, backing, and driving a tractor-trailer truck under varying road and climate conditions. Fifteen hours per week. Credit, four semester hours.

DTV 1124 Commercial Truck Driving II

A course that provides continuation of Commercial Truck Driving I with additional instruction on safety, rules and regulations, driving practices, air brakes, hazardous materials, and emergencies. Includes instruction and practice in performing vehicle inspections, coupling and uncoupling, maneuvering, backing, and driving a tractor-trailer truck under varying road and climate conditions. Fifteen hours per week. Credit, four semester hours.

ELECTRONICS TECHNOLOGY (EET)

EET 1114 DC Circuits

This course is designed for students to know the principles and theories associated with DC circuits. This course includes the study of electrical circuits, laws and formulae, and the use of test equipment to analyze DC circuits. Two hours lecture and four hours laboratory per week. Credit, four semester hours.

EET 1123 AC Circuits

This course is designed to provide students with the principles and theories associated with AC circuits. This course includes the study of electrical circuits, laws and formulae, and the use of test equipment to analyze AC circuits. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

EET 1192 Fundamentals of Electronics

This course is designed to provide fundamental skills associated with all electronics courses. This course includes safety, breadboarding, use of calculator, test equipment familiarization, soldering, electronic symbols, and terminology. One hour lecture and two hours laboratory per week. Credit, two semester hours.

EET 1214 Digital Electronics

A course designed to introduce the student to number systems, logic circuits, counters, registers, memory devices, combination logic circuits, Boolean algebra, and a basic computer system. Three hours lecture and two hours laboratory per week. Credit, four semester hours.

EET 1324 Microprocessors

A course designed to provide students with skills and knowledge of microprocessor architecture, machine and assembly language, timing, interfacing, and other hardware applications associated with microprocessor systems. Two hours lecture and four hours laboratory per week. Credit, four semester hours.

EET 1334 Solid State Devices and Circuits

A course designed to introduce the student to active devices which include PN junction diodes, bipolar transistors, bipolar transistor circuits, and unipolar devices with emphasis on low frequency application and troubleshooting. Two hours lecture and four hours

laboratory per week. Credit, four semester hours.

EET 1613 Computer Fundamentals for Electronics/Electricity

This course introduces the student to basic computer science as used in electricity/electronics areas. Computer nomenclature, logic numbering systems, coding, operating system commands, editing, and batch files are covered. (This course may be substituted for Introduction to Computers.) Two hours lecture and two hours laboratory per week. Credit, three semester hours.

EET 1713 Drafting for Electronics/Electrical Technology

A course designed to provide instruction on the preparation and interpretation of schematics. One hour lecture and four hours laboratory per week. Credit, three semester hours.

EET 2334 Linear Integrated Circuits

A course designed to provide the student with skills and knowledge associated with advanced semiconductor devices and linear integrated circuits. Emphasis is placed on linear integrated circuits used with operational amplifiers, active filters, voltage regulators, timers, and phase-locked loops. Three hours lecture and two hours laboratory per week. Credit, four semester hours.

EET 2414 Electronic Communications

A course designed to provide the student with concepts and skills related to analog and digital communications. Topics covered include amplitude and frequency modulations, transmission, and reception, data transmission formats and codes, the RS-232 interface, and modulation-demodulation of digital communications. Two hours lecture and four hours laboratory per week. Credit, four semester hours.

EET 2423 Fundamentals of Fiber Optics

A course designed to provide skills and knowledge to students concerning the use of fiber optic cable in modern industry applications. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

EET 2514 Interfacing Techniques

A study of data acquisition devices and systems including their interface to microprocessors and other control systems. Two hours lecture and four hours laboratory per week. Credit, four semester hours.

EET 2813 Video Systems

This course is a study of the circuits and systems used in the production, transmission, and reception of video information to include color systems and computer-video interfacing. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

EET 2911 Special Project

A course designed to provide the student with practical application of skills and knowledge gained in other electronics or electronics-related technical courses. The instructor works closely with the student to insure that the selection of a project will

enhance the student's learning experience. Two hours laboratory per week. Credit, one semester hour.

EET 292(3-4) Supervised Work Experience

This course is a cooperative program between industry and education and is designed to integrate the student's technical studies with industrial experience. Credit is awarded on the basis of one semester hour per 45 industrial contact hours. Credit, three to four semester hours.

ELECTRICAL COURSES (ELT)

ELT 1123 Commercial and Industrial Wiring

A course to provide instruction and practice in the installation of commercial and industrial electrical services including the types of conduit and other raceways, NEC code requirements, and three-phase distribution networks. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

ELT 1213 Electrical Power

A course to provide skills related to electrical motors and their installation. Includes instruction and practice in using the different types of motors, transformers, and alternators. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

ELT 1223 Motor Maintenance and Troubleshooting

A course to provide instruction in the principles and practice of electrical motor repair. This course includes topics on the disassembly/assembly and preventive maintenance of common electrical motors. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

ELT 1413 Motor Control Systems

This is a course in the installation of different motor control circuits and devices. Emphasis is placed on developing the student's ability to diagram, wire, and troubleshoot the different circuits and mechanical control devices. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

ELT 2424 Solid State Motor Controls

A course that deals with the principles and operation of solid state motor control. This course includes instruction and practice in the design, installation, and maintenance of different solid state devices for motor control. Two hours lecture and four hours laboratory per week. Credit, four semester hours.

ELT 2613 Programmable Logic Controllers

A course to provide instruction and practice in the use of programmable logic controllers (PLCs) in modern industrial settings. Includes instruction in the operating principles of PLCs and practice in the programming, installation, and maintenance of PLCs. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

ELT 2623 Advanced Programmable Logic Controllers

An advanced PLC course which provides instruction in various operations, installations, and maintenance of electric motor controls. Also, information in such areas as sequencer, program control, block transfer used in analog input and output programming, and logical and conversion instructions. Two hours lecture and two hours laboratory each week. Credit, three semester hours.

EMERGENCY MEDICAL TECHICIAN-BASIC**EMT 1116 Emergency Medical Technician – Basic**

This course integrates the theory of emergency medical care with the practical skills necessary to provide basic life support with an ambulance service or other specialized rescue services. 110 hours of theory, 10 hours emergency room lab, 5 emergency ambulance runs. Credit, six semester hours.

FOOD PRODUCTION AND MANAGEMENT TECHNOLOGY (FPT)**FPT 1113 Fundamentals of Operational Procedures in Foodservice**

Operational procedures for foodservice personnel with emphasis on using math skills for standard and metric weights and measures, portion control, converting recipes, production formulas, and utilizing manual and computerized applications. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

FPT 1123 Management Procedures and Recordkeeping

A continuation of Fundamentals of Operational Procedures in Foodservice. Essentials in food service recordkeeping and management. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

FPT 1213 Foodservice Sanitation

Instruction in the area of sanitation to aid in the prevention of food poisoning and food-borne diseases including the Hazard Analysis Critical Control Point (HACCP) system. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

FPT 1315 Culinary Arts I

This course is a study of principles, techniques, and practices of food preparation and their effects on food products with emphasis on the performance of culinary techniques, use of equipment, and quality controls in preparing and serving meals. Two hours lecture and six hours laboratory per week. Credit, five semester hours.

FPT 1326 Culinary Arts II

A continuation of the study of principles, techniques, and practices of food preparation and their effects on food products with emphasis on the performance of culinary techniques, use of equipment, and quality controls in preparing and serving meals. Two hours lecture and eight hours laboratory per week. Credit six semester hours.

FPT 1413 Front of House Operations

Management of the front of the house in order to fulfill the needs of the guest and the

establishment. Emphasis is placed on the types and styles of dining service merchandising, customer service, and employee training techniques. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

FPT 2223 Purchasing and Storage

An introduction to selection and procurement of food and nonfood materials in hospitality and related industries. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

FPT 2336 Bakery Production and Management

This course introduces the student to skills needed for baking and bakery merchandising including emphasis on preparation, advertising, marketing, decorating, costing, and serving baked products. Two hours lecture and eight hours laboratory per week. Credit, six semester hours.

FPT 2515 Catering Management

This course introduces the student to an overview of the background of catering and banquet management. Offers options in catering styles, pricing, menu design, operational controls, computerized management programs, and marketing. Two hours lecture and six hours laboratory per week. Credit, five semester hours.

FPT 2613 Menu Planning and Cost Control

A study of the principles of menu management and cost control with emphasis on nutritional adequacy, trends, cost analysis, and profit as they relate to menu design. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

FPT 2714 Nutrition

A study of nutrients as related to personal health, foods and food preparation, recipe or menu modification for special customer needs, and merchandising techniques associated with nutritious meals. Two hours lecture and four hours laboratory per week. Credit, four semester hours.

FPT 2813 Foodservice Management

This course will explore the process by which the manager can enable his/her employees to function efficiently and effectively. These processes will include incentive and benefit programs, discipline, and termination. Management duties include recruiting, interviewing, hiring, scheduling, job evaluations, employee orientation and training, payrolls, and rating employee performance. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

FPT 2913 Supervised Work Experience in Food Production and Management Technology I

This course which is a cooperative program between industry and education and is designed to integrate the student's technical studies with industrial experience. Credit is awarded on the basis of one semester hour per 45 industrial contact hours. Three hours externship. Credit, three semester hours.

FPT 2923 Supervised Work Experience in Food Production and Management Technology II

This is a course which is a cooperative program between industry and education and is designed to integrate the student's technical studies with industrial experience. Credit is awarded on the basis of one semester hour per 45 industrial contact hours. Three hours externship. Credit, three semester hours.

GEOGRAPHICAL INFORMATION TECHNOLOGY (GIT)

GIT 2123 Fundamentals of Geographical Information Systems (GIS)

This course includes the use of computer mapping and databases in multiple applications. Included are incorporation of imagery and data into a graphical oriented database system. Also included are the fundamentals of geographical information systems techniques, approaches, and applications. One hour lecture and four hours laboratory per week. Credit, three semester hours. (*Prerequisite: DDT 1313 Principles of CAD*)

HEALTH CARE ASSISTANT (HCA)

HCA 1115 Basic Health Care Assisting

This course includes orientation to program policies, developing employability and job seeking skills, applying legal aspects of health care, applying safety considerations, communication and observation skills, medical terminology, and basic health care procedures. Two hours lecture, four hours laboratory, three hours clinical each week. Credit, five semester hours.

HCA 1125 Special Care Procedures

This course includes admitting, transferring, and discharging patients; assisting with diagnostic procedures for patients, assisting with treatments for patients; assisting with elimination needs of patients; basic knowledge and skills required to care for the long-term care resident; and CPR/first aid. Safety is emphasized throughout each procedure. Two hours lecture, two hours laboratory, six hours clinical each week. Credit, five semester hours.

HCA 1214 Body Structure and Function

This course includes study of the structure, function, common disorders, and normal aging-related changes of the integumentary, musculoskeletal, nervous, circulatory, respiratory, digestive, urinary, reproductive, endocrine, and sensory systems; stages of human growth and development; and nutritional need through the life cycle. Three hours lecture, two hours lab each week. Credit, four semester hours.

HCA 1312 Home Health Aide and Homemaker Services

This course includes basic knowledge and skills required to care for the homebound patient; and basic knowledge and skills required to provide homemaker services. One hour lecture, two hours lab each week. Credit, two semester hours.

HOSPITALITY AND TOURISM MANAGEMENT TECHNOLOGY (HRT)

HRT 1114 Culinary Principles I

Introduction to the fundamentals of food preparation and cookery emphasizing high standards for preparation of meat, poultry, seafood, vegetables, soups, stocks, sauces, and farinaceous items. Two hours lecture and four hours laboratory per week. Credit, four semester hours.

HRT 1123 Hospitality and Tourism

An introduction to the hospitality and tourism industry. This course includes discussions and industry observations to discover the opportunities, trends, problems and organizations in the field. Three hours lecture per week. Credit, three semester hours.

HRT 1213 Sanitation and Safety

Introduction to basic principles of microbiology, sanitation, and safety for a food service operation. The course studies the environmental control application through the prevention of food-borne illnesses, cleaning materials and procedures, general safety regulations, food processing methods, first aid, and fire prevention. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

HRT 1224 Restaurant and Catering Operations

Study of the principles of organizing and managing a food and beverage operation. Two hours lecture and four hours laboratory per week. Credit, four semester hours.

HRT 1413 Rooms Division Management

A systematic approach to rooms division management in the hospitality industry including front office management and housekeeping operations. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

HRT 1813 The Professional Tour Guide

A course to provide activities associated with organizing, booking, and conducting group tours. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

HRT 2233 Food and Beverage Control

Principles and procedures involved in an effective food and beverage control system, including standards determination, the operating budget, cost-volume-profit analysis, income and cost control, menu pricing, labor cost control, and computer applications. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

HRT 2613 Hospitality Supervision

A course to provide supervisory skills in leadership styles, communication skills, motivational techniques, employee training techniques, and evaluation methods. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

HRT 2713 Marketing Hospitality Services

Introduction to practical sales techniques for selling to targeted markets and developing

strategic marketing plans for hospitality and tourism operations. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

HRT 2853 Convention and Meeting Planning

A course dealing with planning, promotion, and management of meetings, conventions, and exposition planning. Two hours lecture and two hours laboratory each week. Credit, three semester hours.

HRT 2914 Supervised Work Experience in Hospitality and Tourism Management Technology

A course which is a cooperative program between industry and education and is designed to integrate the student's technical studies with industrial experience. Credit is awarded on the basis of one semester hour per 45 industrial contact hours. Credit, four semester hour.

INDUSTRIAL MAINTENANCE TRADE (IMM)

IMM 1132 Industrial Maintenance Blueprint Reading

This course provides instruction in blueprints, schematics, and plans used in industrial maintenance including instruction in nomenclature, different views, and symbols and notations. One hour lecture and two hours lab per week. Credit, two semester hours.

INSTRUMENTATION TECHNOLOGY (INT)

INT 1214 Fluid Power

This basic course provides instruction in hydraulics and pneumatics. The course covers actuators, accumulators, valves, pumps, motors, coolers, compression of air, control devices and circuit diagrams. Emphasis is placed on the development of control circuits and troubleshooting techniques. Three hours lecture and two hours laboratory per week. Credit, four semester hours.

INT 2114 Control Systems I

This is an introductory course to provide information on various instrumentation components and processes. Topics include analyzing pressure processes, temperature, flow, and level. Three hours lecture and two hours laboratory per week. Credit, four semester hours. (*Prerequisite: EET 1123 AC Circuits*)

INT 2124 Control Systems II

This course is a continuation of Control Systems I with special emphasis on application of applied skills along with new skills to develop instrument process controls. The student will be given a process to develop the appropriate instruments, needed diagrams, utilizing various controlling processes and demonstrate loop troubleshooting techniques. Three hours lecture and two hours laboratory per week. Credit, four semester hours. (*Prerequisite: INT 2114 Control Systems I*)

INT 2214 Calibration and Measurement

This course work encompasses the various techniques and procedures for proper

calibration and maintenance of standard instruments used in instrumentation. Representative instruments include transducers, gauges, recorders, level and flow meters, and pressure and temperature controllers. Three hours lecture and two hours laboratory per week. Credit, four semester hours.

MANUFACTURING TECHNOLOGY (MFT)

MFT 1112 Introduction to Automation and Control

This course is designed to introduce manufacturing/industrial technology with emphasis on safe working practices, manufacturing dynamics, use of test equipment, and fundamentals of automation and control technology. One hour lecture and two hours laboratory per week. Credit, two semester hours.

MFT 1123 Electrical Wiring for Automation and Control Technology

This course will give the student basic electrical wiring for automation and controls including safety practices: installation and maintenance of raceways, conduits, and fitting: a three-phase service entrances, metering devices, main panels, raceways or ducts, sub panels, feeder circuits, and branch circuits according to electrical codes. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

MFT 291(3-4) Special Projects

A course to provide students with an opportunity to utilize skills and knowledge gained in other Automation and Control Technology courses. The instructor and student work closely together to select a topic and establish criteria for completion of the project. Six to eight hours laboratory per week. Credit, three or four semester hours.

MFT 292(3-4) Supervised Work Experience

A course which is a cooperative program between industry and education and is designed to integrate the student's technical studies with industrial experience. Credit is awarded on the basis of one semester hour per 45 industrial contact hours. Credit, three or four semester hours.

MEDICAL LABORATORY TECHNOLOGY (MLT)

MLT 1111 Fundamentals of Medical Laboratory Technology/Phlebotomy

Includes an overview of the field of Medical Laboratory Technology, familiarization with laboratory safety, microscopes, glassware, and equipment. Includes laboratory organization, medical ethics, and employment opportunities. Basic laboratory specimen collection techniques are introduced. Two hours laboratory per week. Credit, one semester hour.

MLT 1212 Urinalysis/Body Fluids

Introduction to urinalysis and laboratory analysis of miscellaneous body fluids. Basic principles of routine and special urine test, specimen examination through laboratory work. Theory and test profiles presented for miscellaneous body fluids with correlation to diseased states. One hour lecture and two hours laboratory per week. Credit, two semester hours.

MLT 1313 Hematology I

A study of the function of blood, morphology, and maturation of normal cells, blood cell counts, differentials of white cells and blood collection and handling. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

MLT 1324 Hematology II

The study of abnormal cell morphology and diseases involving blood cells, test procedures used in laboratory diagnosis of hematological disease, normal and abnormal hemostasis, and diagnostic procedures for evaluation of bleeding abnormalities and anticoagulant theory. Two hours lecture and four hours laboratory per week. Credit, four semester hours. (*Prerequisite: MLT 1313 Hematology I*)

MLT 1413 Immunology/Serology

Study of the basic principles of serology/immunology through the natural body defenses. Included are basic antigen-antibody reactions, complement action, cellular response, humoral immune response, and the basic serological procedures used to aid in the detection of certain diseases. Throughout this course, special emphasis is placed on correlating laboratory results with the patient's probable condition. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

MLT 1515 Clinical Chemistry

Study of human biochemistry as an aid in the diagnosis of disease process. Three hours lecture and four hours laboratory. Credit, five semester hours. (*Prerequisites: Four semester hours of approved chemistry electives with a minimum of "C" average or special permission by instructor*)

MLT 2424 Immunohematology

The study of collection, processing, storage, and utilization of blood components. It also includes the study of immunological principles and procedures for blood typing, cross matching, antibody detection, identification, and investigation of hemolytic disease of the newborn. Two hours lecture and four hours laboratory per week. Credit, four semester hours. (*Prerequisite: MLT 1413 Immunology/Serology*)

MLT 2512 Parasitology

This covers the morphology, physiology, life cycles, and epidemiology of parasites of animals with emphasis on human pathogenic parasites. Identification of the parasites from human material is also included. One hour lecture and two hours laboratory per week. Credit, two semester hours.

MLT 2614 Pathogenic Microbiology

Basic skills, principles, and techniques for the staining, culturing, isolation, and identification of microorganisms of medical importance are emphasized in this course. Included are techniques used in determining the sensitivity of pathogenic bacteria to different antibiotics and other drugs. Two hours lecture and four hours laboratory per week. Credit, four semester hours. (*Prerequisites: Four semester hours of approved microbiology electives with a minimum of "C" average*)

MLT 2916, MLT 2926, MLT 2936 Clinical Practice I, II, III

Clinical practice and didactic instruction in a clinical affiliate. Areas covered are hematology, clinical chemistry, immunohematology, urinalysis, microbiology, coagulation, and serology. Eighteen hours clinical per week for each course. Credit per course, six semester hours.

BUSINESS AND MARKETING MANAGEMENT TECHNOLOGY (MMT)
MMT 1113 Principles of Marketing

Study of principles and problems of marketing goods and methods of distribution from producer to consumer. Types, functions, practices of wholesalers and retailers and efficient techniques in the development and expansion of markets. Three hours lecture per week. Credit, three semester hours.

MMT 1123 Marketing Management

A project based course as a continuation of MMT 1113. Three hours lecture per week. Credit, three semester hours. (*Prerequisite: MMT 1113 Principles of Marketing*)

MMT 1313 Personal Selling

Basic principles and techniques of professional sales and their practical application. Topics include basic elements of consumer behavior, developing selling strategies, closing and servicing a sale, and developing consumer relations. Three hours lecture per week. Credit, three semester hours.

MMT 1323 Advertising

The role of advertising as a promotional tool. Topics included are product and consumer analysis, media selection, and creation of advertising. Three hours lecture per week. Credit, three semester hours.

MMT 1413 Merchandising Math

Study of the mathematical calculations involved in the merchandising process. Fundamental principles and operations in buying, pricing, and inventory control. Three hours lecture per week. Credit, three semester hours.

MMT 1711, MMT 1721, MMT 1731, MMT 1741 Marketing Seminar I, II, III, IV

Develops leadership skills and human relation skills necessary for success in the field of marketing management. Special programs and activities will address topics directly related to marketing careers and career development. Emphasis will be placed on developing civic, social, and business responsibilities. Two hours laboratory per week. Credit, one semester hour per section.

MMT 2233 Human Resource Management

Objectives, organization, and functions of human resource management. Emphasis is placed on selection and placement, job evaluation, training, education, safety, health, employer-employee relationships, and employee services. Three hours lecture per week. Credit, three semester hours.

MMT 2243 Marketing Case Studies

The study of effective marketing management decision making through case study analysis. Three hours lecture per week. Credit, three semester hours.

MMT 2313 E-Commerce Marketing

This course introduces the fundamental opportunities and challenges associated with e-commerce activities. Topics include: Designing the user interface, web security, electronic payment systems, promotion, and legal issues involved in creating a functioning on-line business. Three hours lecture per week. Credit, three semester hours.

MMT 2333 Multimedia Presentations for Marketing

Design and deliver multimedia marketing presentations through the use of appropriate multimedia software and tools. Topics include marketing design concepts and related marketing communication strategies. Three hours lecture per week. Credit, three semester hours.

MMT 2343 Marketing Web Page Design

Use creative marketing strategies, concepts and techniques to design web sites that will reach designated target markets. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

MMT 2423 Retail Management

Study of retailing processes including functions performed, principles governing effective operation, and managerial problems resulting from current economic and social trends. Three hours lecture per week. Credit, three semester hours.

MMT 2513 Entrepreneurship

Overview of activities that are involved in planning, establishing, and managing a small business enterprise. Topics to be covered will include planning, location, analysis, financing, and development of a business plan. Three hours lecture per week. Credit, three semester hours.

MMT 2523 Event Management

Design a plan for special events, trade and consumer shows, exhibitions, and conventions. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

MMT 2613 International Marketing

Provide students with an overview and understanding of international marketing. This involves an analysis of world markets, their respective consumers and environments, and the marketing management required to meet the demands of constantly changing foreign markets. Three hours lecture per week. Credit, three semester hours.

MMT 2913 Internship in Business and Marketing Management Technology

Advanced course in concepts, terminology, and theory of Marketing Management Technology with direct application. The student will work in a marketing related environment. Nine hours per week externship. Credit, three semester hours.

MACHINE TOOL TECHNOLOGY (MST)

MST 1116 Power Machinery I

A course in the operation of general shop safety as well as the operation of power machinery which includes instruction and practice in the safe operation of lathes, drill presses, power saws, and vertical mills. Two hours lecture and eight hours laboratory per week. Credit, six semester hours.

MST 1126 Power Machinery II

A continuation of Power Machinery I with emphasis on advanced applications of lathes, mills, shapers, and precision grinders. Two hours lecture and eight hours laboratory per week. Credit, six semester hours.

MST 1313 Machine Tool Math

An applied mathematics course designed for machinists which includes instruction and practice in algebraic and trigonometric operations. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

MST 1413 Blueprint Reading

Plans and specifications interpretation designed for machinists. Includes instruction and practice in reading plans and applying specifications. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

MST 1423 Advanced Blueprint Reading

A continuation of Blueprint Reading with emphasis on advanced features of plans and specifications. Includes instruction on the identification of various projections and views and assembly components. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

MST 1613 Precision Layout

An introduction to the concepts and practice of precision layout for machining operations which includes instruction and practice in the use of layout instruments. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

MST 2135 Power Machinery III

A continuation of the Power Machinery II with emphasis on safety, and advanced applications of the engine lathe, milling machine, and grinding machine. Two hours lecture and six hours laboratory per week. Credit, five semester hours.

MST 2144 Power Machinery IV

A continuation of Power Machinery III with emphasis on highly advanced safe operations on the radial arm drill, milling machine, engine lathe, and precision grinder. Two hours lecture and four hours laboratory per week. Credit, four semester hours.

MST 2714 Computer Numerical Control Operations I

An introduction of computer numerical control (CNC) and computer assisted

manufacturing (CAM) techniques and practices. Includes the use of the Cartesian coordinate system, programming codes and commands and tooling requirements for CNC/CAM machines. Three hours lecture and two hours laboratory per week. Credit, four semester hours.

MST 2725 Computer Numerical Control Operations II

A continuation of Computer Numerical Control Operations I. Includes instruction in writing and editing CNC programs, machine setup and operation, and use of CAM equipment to program and operate CNC machines (CNC lathes, CNC mills, CNC machine centers, and wire EDM). Two hours lecture and six hours laboratory per week. Credit, five semester hours.

MST 2812 Metallurgy

An introduction to the concepts of metallurgy. Includes instruction and practice in safety, metal identification, heat treatment, and hardness testing. One hour lecture and two hours laboratory per week. Credit, two semester hours.

MST 2923 Special Problems in Machine Tool Operation/Machine Tool Technology

A course to provide students with an opportunity to utilize skills and knowledge gained in other Machine Tool Technology courses. The instructor and student works closely together to select a topic and establish criteria for completion of the project. Six hours laboratory per week. Credit, three semester hours.

PRACTICAL NURSING (PNV)

PNV 1213 Body Structure and Function

This course is a study of body structure and function essential to safe and effective nursing care. Each system of the body is covered with applications to nursing. Three hours lecture per week. Credit, three semester hours.

PNV 1426 Fundamentals of Nursing

This course provides the student with the basic knowledge and skills necessary to care for the individual in wellness and illness and is applicable across the life span. Six hours lecture per week. Credit, six semester hours.

PNV 1436 Fundamentals of Nursing Lab/Clinical

This course provided demonstration of and supervised practice of the fundamental skills related to practical nursing. Ten hours laboratory and three hours clinical per week. Credit, six semester hours.

PNV 1524 IV Therapy Concepts

This course is designed to prepare the practical nurse to perform the expanded role of IV therapy as outlined in the Mississippi Nursing Practice Law, Rules, and Regulations. The student, upon completion of the practical nursing program and successful passage of the licensure examination, is eligible to apply for IV certification as outlined in the above mentioned rules and regulations. Three hours lecture and two hours laboratory per week.

Credit, four semester hours.

PNV 1614 Medical/Surgical Nursing

This course provides the student with the basic nursing theory and skills to provide safe and effective care for a client experiencing an alteration in health in systems selected from the following: vascular; respiratory; sensory and integumentary; musculoskeletal; gastrointestinal; blood, lymphatic, and immunosuppressive; urinary; reproductive; endocrine; and neurological. The systems not covered in this course are taught in Alterations in Adult Health (PNV 1634). Pharmacological and nutritional therapy, as well as oncological considerations, for various disorders is included. Four hours lecture per week. Credit, four semester hours.

PNV 1622 Medical/Surgical Nursing Clinical

This course includes supervised clinical experiences for application of medical/surgical theory, the development of skills, and the use of nursing process. Six hours clinical per week. Credit, two semester hours.

PNV 1634 Alterations in Adult Health

This course provides the student with the basic nursing theory and skills to provide safe and effective care for a client experiencing an alteration in health in systems selected from the following: vascular; respiratory; sensory and integumentary; musculoskeletal; gastrointestinal; blood, lymphatic, and immunosuppressive; urinary; reproductive; endocrine; and neurological. The systems not covered in this course are taught in Medical/Surgical Nursing (PNV 1614). Pharmacological and nutritional therapy, as well as oncological considerations, for various disorders is included. Four hours lecture per week. Credit, four semester hours.

PNV 1642 Alterations in Adult Health Clinical

This course includes supervised clinical experiences for application of medical/surgical theory, development of skill, and the use of nursing process. Six hours clinical per week. Credit, two semester hours.

PNV 1716 Maternal-Child Nursing

This course provides the student with basic knowledge and skills to provide safe and effective care for clients and families during pregnancy, postpartum, infancy and childhood. Five hours lecture and three hours clinical per week. Credit, six semester hours.

PNV 1813 Mental Health Concepts

This course provides an introduction to mental health concepts. Clinical experience will provide application of learned theory. Two hours lecture and three hours clinical per week. Credit, three semester hours.

PNV 1914 Nursing Transition

Nursing Transition promotes the development of clinical decision making skills and an interest in continued professional development. Legal aspects of nursing and employment opportunities and responsibilities as well as preparation for the National Council Licensure Examination (NCLEX-PN®) are included. Two hours lecture, two hours laboratory, and

three hours clinical per week. Credit, four semester hours.

PROCESS TECHNOLOGY (PPT)

PPT 1513 Safety, Health, and Environment

This course concentrates on the development of knowledge and skills to reinforce attitudes and behaviors required for safe and environmentally sound work habits. Emphasis is placed on safety, health, and environmental issues in the performance of all job tasks and regulatory compliance issues. Three hours lecture per week. Credit, three semester hours.

RESPIRATORY CARE PRACTITIONER TECHNOLOGY (RCT)

RCT 1214 Respiratory Care Science

This course is designed to introduce the student respiratory care practitioner to fundamental elements important to the delivery of health care in a safe, efficient, and professional manner. The holistic approach to patient care will be emphasized. Three hours lecture and two hours laboratory per week. Credit, four semester hours.

RCT 1223 Patient Assessment and Planning

This course is a fundamental approach to subjective and objective evaluation, assessment, and care plan formation for the individual needs of the patient. It is an introduction to cardiopulmonary diseases including etiology, pathophysiology, complications, occurrences, clinical manifestations, treatment, and prevention. Two hours lecture and two hours laboratory per week. Credit, three semester hours.

RCT 1313 Cardiopulmonary Anatomy and Physiology

This course is a study of cardiopulmonary physiology in relation to the practice of respiratory care. Three hours lecture per week. Credit, three semester hours.

RCT 1322 Pulmonary Function Testing (PFT)

This course is an introduction to pulmonary function technique and testing equipment. One hour lecture and two hours laboratory per week. Credit, two semester hours. (*Prerequisites: RCT 1313 Cardiopulmonary Anatomy and Physiology, or instructor approval.*)

RCT 1416 Respiratory Care Practitioner I

This course is a study of respiratory treatments and equipment design and operation related to non-critical care procedures. Two hours lecture and eight hours laboratory per week. Credit, six semester hours.

RCT 1424 Respiratory Care Practitioner II

This course is a continuation of Respiratory Care Technology I. It is a study of the management of respiratory failure, including mechanical ventilation, pulmonary rehabilitation, and home care. Three hours lecture and two hours laboratory per week. Credit, four semester hours.

RCT 1516 Clinical Practice I

Patient assessment and care plan formation are presented in the hospital environment.

A procedural guide is utilized to evaluate student competencies and performance of respiratory care procedures. Eighteen hours clinical. Credit, six semester hours. (*Pre or corequisites: RCT 1214 Respiratory Care Science, RCT 1223 Patient Assessment and Planning, and RCT 1313 Cardiopulmonary Anatomy & Physiology. Corequisite: RCT 1416 Respiratory Care Practitioner I*)

RCT 1523 Clinical Practice II

Students rotate through various respiratory care sub-specialty areas for evaluation of competency and performance of respiratory care procedures. Nine hours clinical per week. Credit, three semester hours. (*Prerequisites: RCT 1516 Clinical Practice I*)

RCT 1613 Respiratory Care Pharmacology

This course is designed to introduce the student to the pharmacology related to cardiopulmonary disorders. Three hours lecture per week. Credit, three semester hours. (*Pre or corequisites: RCT 1214 Respiratory Care Science, RCT 1313 Cardiopulmonary Anatomy & Physiology, and RCT 1223 Patient Assessment and Planning*)

RCT 2333 Cardiopulmonary Pathology

This course is a study of the cardiopulmonary pathophysiology. It includes etiology, clinical manifestations, diagnostics, and treatment of various cardiopulmonary diseases. Case studies and/or clinical simulations will be utilized to enforce learning and evaluate progress. Three hours lecture per week. Credit, three semester hours. (*Prerequisite: RCT 1313 Cardiopulmonary Anatomy and Physiology*)

RCT 2434 Respiratory Care Practitioner III

This course is a study of respiratory care in the critical care setting. Topics include nonconventional modes of mechanical ventilation, hemodynamics, special procedures, and advanced cardiac life support. Three hours lecture and two hours laboratory per week. Credit, four semester hours. (*Prerequisite: RCT 1523 Clinical Practice II*)

RCT 2533 Clinical Practice III

Students rotate through various clinical areas for evaluation of competency and performance of respiratory care procedures. Nine hours clinical per week. Credit, three semester hours. (*Pre or corequisites: RCT 1516 Clinical Practice I and RCT 1523 Clinical Practice II*)

RCT 2546 Clinical Practice IV

This is a continuation of Clinical Practice III. In this course, student rotate through respiratory care specialty areas. A procedural guide is utilized to evaluate student competency and performance. Eighteen hours clinical per week. Credit, six semester hours. (*Prerequisites: RCT 2533 Clinical Practice III*)

RCT 2613 Neonatal/Pediatrics Management

This course is a study of fetal development and the transition to extrauterine environment. It includes the most common cardiopulmonary birth defects, neonatal and pediatric disease process, and the mode of treatment. Three hours lecture per week. Credit, three semester hours. (*Pre or corequisites: RCT 2434 Respiratory Care Technology III and RCT 2546*

*Clinical Practice IV)***RCT 2712 Respiratory Care Seminar**

This course is designed to integrate the essential elements of respiratory care through the use of care plans, case studies, and clinical simulations in a laboratory environment. Students develop an analytical approach to problem solving. Critical thinking is emphasized. One hour lecture and two hours laboratory per week. Credit, two semester hours. (*Pre or corequisites: RCT 1523 Clinical Practice II*)

MEDICAL RADIOLOGIC TECHNOLOGY – RADIOGRAPHY (RGT)

All Radiography courses must be successfully completed according to the curriculum sequence beginning with the fall or spring semester.

RGT 1114 Clinical Education I

This course includes clinical practice and instruction in a clinical education center. Areas included are patient care and management, radiation protection, operation of equipment, and radiologic procedures. Twelve hours clinical each week. Credit, four semester hours. (*Prerequisites: CPR-Health Care Provider must be completed before Clinical I experience begins*)

RGT 1124 Clinical Education II

This course involves clinical practice and instruction in a clinical education center. Areas included are patient care and management, radiation protection, operation of equipment, and radiologic procedures. Twelve hours clinical each week. Credit, four semester hours. (*Prerequisites: All core courses as scheduled*)

RGT 1139 Clinical Education III

This course is a clinical practice and instruction in a clinical education center. Areas included are patient care and management, radiation protection, operation of equipment, and radiologic procedures. Twenty-seven hours clinical each week. Credit, nine semester hours. (*Prerequisites: All core courses as scheduled*)

RGT 1212 Fundamentals of Radiography

This course is an introduction to Radiologic Technology including professional, departmental, and historical aspects. Included are terminology, medical ethics, and fundamental legal responsibilities. Two hours lecture each week. Credit, two semester hours.

RGT 1223 Patient Care in Radiography

This course will provide the student with the basic concepts of patient care, including consideration for the physical and psychological needs of the patient and family. Routine and emergency patient care procedures will be described, as well as infection control procedures utilizing standard precautions. The role of the radiographer in patient education will be identified. Two hours lecture and two hours lab each week. Credit, three semester hours.

RGT 1312 Principles of Radiation Protection

This course is designed to present an overview of the principles of radiation protection including the responsibilities of the radiographer for patients, personnel and the public. Radiation health and safety requirements of federal and state regulatory agencies, accreditation agencies, and health care organizations are incorporated. Two hours lecture each week. Credit, two semester hours.

RGT 1413 Radiation Exposure I

This course is a study of the principles involving manipulation of factors controlling and influencing exposure and radiographic quality. Included are the prime factors of radiographic exposure. Basic technical conversions, problem solving procedures, and the production and nature of x-rays are addressed. Two hours lecture and two hours laboratory each week. Credit, three semester hours.

RGT 1423 Radiation Exposure II

This course is a continuation of Radiation Exposure I. Included are beam limiting devices, filtration, production and control of scatter and secondary radiation, exposure systems, and advanced technical conversions and problem solving. This course presents an introduction to film processing including darkroom design and equipment. Included are chemistry of developing solutions, procedures of general maintenance, quality control, and silver recovery methods. Two hours lecture and two hours lab each week. Credit, three semester hours. (*Prerequisites: RGT 1413 Radiation Exposure I*)

RGT 1513 Radiographic Procedures I

This course includes terminology, principles, and procedures involved in routine radiographic positioning for demonstration of the chest, abdomen, upper extremities, digestive system, and urinary system. Included is a review of radiographic anatomy on each procedure. Two hours lecture and two hours laboratory each week. Credit, three semester hours. (*Prerequisites: BIO 1514 & 2524 Anatomy & Physiology I & II*)

RGT 1523 Radiographic Procedures II

This course includes principles and procedures involved in the radiographic positioning of the spinal column, pelvic girdle, lower extremities, bony thorax, and mobile and trauma radiography procedures. Included is a review of radiographic anatomy on each procedure. Two hours lecture and two hours lab each week. Credit, three semester hours. (*Prerequisite: RGT 1513 Radiographic Procedures I*)

RGT 1613 Physics of Imaging Equipment

This course is designed to establish a knowledge base in radiographic, fluoroscopic, mobile, tomographic equipment requirements and design. The content will also provide a basic knowledge of quality control. Computer applications in the radiologic sciences related to image capture, display, storage, and distribution are presented. Three hours lecture each week. Credit, three semester hours. (*Prerequisites: All core courses as scheduled*)

RGT 2132 Social and Legal Responsibilities

Legal terminology concepts and principles will be presented in this course. Topics

include misconduct, malpractice, legal and professional standards and the ASRT scope of practice. The importance of proper documentation and informed consent is emphasized. This course will prepare students to better understand their patient, the patient's family and professional peers through comparison of diverse populations based on their value system, cultural and ethnic influences, communication styles, socio-economic influences, health risks and life stages. Two hours lecture per week. Credit, two semester hours. (*Prerequisite: RGT 1212 Fundamentals of Radiography*)

RGT 2147 Clinical Education IV

This course is a clinical practice and instruction in a clinical education center. Areas included are patient care and management, radiation protection, operation of equipment, and radiologic procedures. Twenty-one hours clinical each week. Credit, seven semester hours. (*Prerequisites: All core courses as scheduled*)

RGT 2157 Clinical Education V

This course includes clinical practice and instruction in a clinical education center. Areas included are patient care and management, radiation protection, operation of equipment, and radiologic procedures. Twenty-one hours clinical each week. Credit, seven semester hours. (*Prerequisites: All core courses as scheduled*)

RGT 2533 Radiographic Procedures III

This course includes principles and procedures involved in radiographic positioning of the entire cranium and facial bones, and reproductive systems. Included is a review of radiographic anatomy on each procedure. Two hours lecture and two hours laboratory each week. Credit, three semester hours. (*Prerequisite: RGT 1523 Radiographic Procedures II*)

RGT 2542 Radiographic Procedures IV

This course is a study of specialized radiographic procedures which utilize sterile techniques and/or specialized equipment. (It also includes basic concepts of pharmacology.) Two hours lecture each week. Credit, two semester hours. (*Prerequisite: RGT 2532 Radiographic Procedures III*)

RGT 2912 Radiation Biology

This course is a study of the biological effects of radiation upon living matter. It includes genetic and somatic effects, instrumental for detection, and measurement and calculation of dosage. Two hours lecture each week. Credit, two semester hours.

RGT 2922 Radiographic Pathology

This course is designed to introduce theories of disease causation and the pathophysiologic disorders that compromise health systems. Etiology, pathophysiologic responses, clinical manifestations, radiographic appearance, and management alterations in body systems will be presented. Two hours lecture each week. Credit, two semester hours. (*Prerequisites: All core courses as scheduled*)

RGT 2932 Certification Fundamentals

This course is designed to correlate scientific components of radiography to entry level

knowledge required by the profession. Two hours lecture each week. Credit, two semester hours. (*Prerequisites: All core courses as scheduled*)

ROBOTICS TECHNOLOGY (ROT)

ROT 2613 Mechanical Systems

This course introduces the students to mechanical components and drive systems commonly used in the industry. Emphasis is placed on installation, maintenance, and troubleshooting of these components and systems. Two hours lecture and two hours laboratory each week. Credit, three semester hours.

TELECOMMUNICATIONS TECHNOLOGY (TCT)

TCT 1114 Fundamentals of Telecommunications

This course provides a history of voice/data communication, fundamental concepts, and basic telephone service. Three hours lecture and two hours laboratory per week. Credit, four semester hours.

TCT 2213 Telephone Systems

This course provides information and hands-on experience in installation, operation, troubleshooting, and repair of commercial use telephone systems including analog and digital key systems. One hour lecture and four hours laboratory per week. Credit, three semester hours.

TCT 2424 Network Systems

This course provides networking fundamentals, voice networking, LANs, and internet. Also, upgrading of computers to support LAN technology is taught. Two hours lecture and four hours laboratory per week. Credit, four semester hours.

WORK-BASED LEARNING (WBL)

WBL 191(2-3), 192(2-3), 193(2-3), 291(2-3), 292(2-3), 293(2-3)

Work-Based Learning

A structured worksite learning experience in which the student, program area instructor, work-based learning coordinator, and worksite supervisor/mentor develop and implement a training agreement. The training agreement is designed to integrate the student's academic and technical skills into a work environment. Includes regular meetings and seminars with school and business and industry personnel for supplemental instruction and feedback (progress reviews). Credit: Two or three semester hours.

WEB DEVELOPMENT TECHNOLOGY (WDT)

WDT 1123 Web Development Concepts

This course is an introduction to the Internet and its uses in the world of business. It includes basic and advanced features of the Internet, World Wide Web, browsers, listservers, and creating web pages. Upon completion of this course, students will be able to create a personalized home page and post it on the Internet, download files using a browser and an FTP program, and send e-mail messages. Two hours lecture and two hours laboratory each week. Credit, three semester hours. (*Corequisites: CNT 1413 Fundamentals of Data Communications and/or CPT 1323 Survey of Microcomputer Applications*)

WDT 2823 Web Server

This course introduces students to web, e-mail, and Proxy servers and the platforms on which they reside. Students will be able to install and configure web, e-mail, and proxy servers. Two hours lecture and two hours laboratory each week. Three semester hours credit. (*Prerequisites: CPT 1333 Operating Platforms and CNT 1413 Fundamentals of Data Communications*)

WELDING (WLV)**WLV 1114 Shielded Metal Arc Welding I (SMAW)**

This course is designed to teach students welding techniques using E-6010 electrodes. One hour lecture and six hours laboratory per week. Credit, four semester hours.

WLV 1124 Gas Metal Arc Welding (GMAW)

This course is designed to give the student experience in various welding applications with the M.I.G. welder. One hour lecture and six hours laboratory per week. Credit, four semester hours.

WLV 1135 Gas Tungsten Arc Welding (GTAW)'

This course is designed to give the student experience in various welding applications with the GTAW welder. One hour lecture and eight hours laboratory per week. Credit, five semester hours.

WLV 1143 Flux Cored Arc Welding (FCAW)

This course is designed to give the student experience in FCAW. One hour lecture and four hours laboratory per week. Credit, three semester hours.

WLV 1153 Pipe Welding

This course is designed to give the student experience in pipe welding procedures. One hour lecture and four hours laboratory per week. Credit, three semester hours.

WLV 1171 Welding Inspection and Testing

This course is designed to give the student experience in the inspecting and testing of welds. Two hours laboratory per week. Credit, one semester hour.

WLV 1224 Shielded Metal Arc Welding II

This course is designed to teach students welding techniques using E-7018 electrodes. One hour lecture and six hours laboratory per week. Credit, four semester hours.

WLV 1232 Drawing and Welding Symbols

This course is designed to give students advanced experience in reading welding symbols. One hour lecture and two hours laboratory per week. Credit, two semester hours.

WLV 1314 Cutting Processes

This course is designed to give the student experience in oxyfuel cutting principles and practices, air carbon cutting and gouging, and plasma arc cutting. Two hours lecture and four hours laboratory per week. Credit, four semester hours.

**WESSON CAMPUS
ADMINISTRATION**

- GAIL S. BALDWIN **Dean of Career, Technical and Workforce Education**
B.S., Auburn University; M.S., University of Southern Mississippi; Ph.D., Jackson State
University; Additional Study, William Carey College
- PHILLIP H. BROOME **Dean of Administrative Services**
B.S., M.S., University of Southern Mississippi; Ph.D., University of Mississippi
- NATALIE DAVIS **Director of Public Information**
B.A., University of Mississippi
- CHARLOTTE S. HILL **Executive Director of the Copiah-Lincoln Foundation**
Director of Alumni Affairs
B.S., Delta State University; Additional Study, Delta State University, Southeastern Louisiana
University
- JANE G. HULON **Vice President of Instructional Services**
B.S., M.Ed., University of Southern Mississippi; Ph.D., Mississippi State University; Additional
Study, William Carey College
- RONALD E. NETTLES, II **President**
B.S., M.Ed., University of Southern Mississippi; Ph.D., University of Mississippi
- BRENDA BROWN ORR **Dean of Community Programs**
B.A., University of Mississippi; M.C.P., Mississippi College; Additional Study, University of
Southern Mississippi
- BRENDA SMITH **Dean of Student Services**
A.A., Cloud County Community College; B.S., M.Ed., Mississippi College
- MICHAEL TANNER **Vice President of Business Affairs**
A.A., Copiah-Lincoln Community College; B.S., Jackson State University; M.B.A., Alcorn
State University; Additional Study, College Business Management Institute, University of
Kentucky
- GWYN H. YOUNG **Athletic Director**
A.A., Copiah-Lincoln Community College; B.S., Mississippi College; M.Ed., University of
Southern Mississippi; Additional Study, Mississippi State University, University of Southern
Mississippi

PROFESSIONAL STAFF

- BEVERLY B. BARNES **Counselor**
A.A., Copiah-Lincoln Community College; B.S., University of Southern Mississippi; M.Ed.,
William Carey College; Additional Study, University of Southern Mississippi, Jackson State
University
- ANGELA BERCH **Workforce Development Coordinator**
A.A., Copiah-Lincoln Community College; B.S., Mississippi State University; M.B.A.,
Mississippi College

- BRUCE BRADY, JR.**Director of the Baptist Student Union**
B.S., Mississippi College; M.A.R.E., Southwestern Baptist Theological Seminary
- DALLAS BROWN.....**Upward Bound Coordinator**
A.A., Copiah-Lincoln Community College; B.S., University of Southern Mississippi
- DIANNE BROWN**Education and Training Coordinator – WIN Job Center**
A.A., Copiah-Lincoln Community College; B.A., Delta State University
- MARILYN BROWN**Director of the Billy B. Thames Conference Center**
Program Coordinator, Institute for Learning in Retirement
A.A., Copiah-Lincoln Community College
- DAVID E. CAMPBELL.....**Associate Director of Alumni Affairs/Speech Instructor**
A.A., Copiah-Lincoln Community College; B.S., M.S., University of Southern Mississippi;
Additional Study, University of Southern Mississippi
- MARY ANN CANTERBURY.....**Director of Associate Degree Nursing**
A.A., Hinds Community College; B.S.N., M.S.N., University of Mississippi Medical Center;
Additional Study, University of Mississippi
- RANDY CASTILAW**Personal Development Specialist**
A.A., Copiah-Lincoln Community College; B.S., M.Ed., University of Southern Mississippi
- KENDALL P. CHAPMAN**Director of Library Resources**
B.A.E., University of Mississippi; M.L.S., Louisiana State University
- SONYA COWEN.....**Assistant Librarian (Part-Time)**
A.A., Copiah-Lincoln Community College; B.S., Mississippi College
- ROY DAUGHDRILL**QEP Curriculum Director**
A.A., Copiah-Lincoln Community College, B.S., University of Southern Mississippi; M.S.,
Mississippi State University; Ph.D., University of Mississippi
- LOUIS J. DUGAS**Workforce Center Director**
A.A., Hinds Community College; B.S., M.Ed., Mississippi State University; Additional Study,
University of Mississippi, Jackson State University, Mississippi College, University of Southern
Mississippi
- DWAYNE DUNN.....**Technology Specialist**
A.S., The University of the State of New York, B.S., Southern Illinois University at Carbondale;
Additional Study, Mississippi State University; Certified Novell Engineer (CNE); Certified
Electronics Technician (CET); Journeyman in Computer
- DANNY DYKES.....**Director of Information Systems**
A.A., Copiah-Lincoln Community College; B.S., M.S., University of Southern Mississippi;
Certified Computing Professional
- CATHY M. ELLETT**Director of Institutional Planning and Research**
A.A., Pearl River Community College; B.S.B.A., University of Southern Mississippi; M.Ed.,
Mississippi College; Ph.D., Mississippi State University; Additional Study, Alcorn State
University

- HOLLY FOWLER.....**Payroll Manager**
A.A., Copiah-Lincoln Community College; B.B.A., Belhaven College
- ANGELA D. FURR.....**College Recruiter**
A.A., Copiah-Lincoln Community College; B.A., M.S., University of Southern Mississippi
- KAREN GAUDET**Upward Bound Director**
B.S., Louisiana State University; M.Ed., Jackson State University; Additional Study, Our Lady of Holy Cross College, Tulane University College
- CALVIN GREEN **Recreation Hall Supervisor/Assistant Football Coach**
B.S., Alcorn State University; Additional Study, Copiah-Lincoln Community College
- JAMES P. HART.....**Workforce Development Coordinator**
A.A., Copiah-Lincoln Community College; B.S., University of Southern Mississippi; Additional Study, Mississippi State University, Alcorn State University
- DARYL JORDAN**Director of Physical Plant**
Certificate (Air Conditioning) Hinds Junior College
- ALLEN KENT.....**Assistant Dean of Student Services; Softball Coach**
A.A., Copiah-Lincoln Community College; B.B.A., Mississippi State University; Additional Study, University of Southern Mississippi
- SHIRLEY A. KNAPP..... **Work-Based Learning Coordinator**
A.A., Copiah-Lincoln Community College; B.S., M.Ed., Mississippi College; Additional Study, Copiah-Lincoln Community College, University of Southern Mississippi, Mississippi University for Women
- LEA ANN KNIGHT.....**Director of Counseling and Recruitment**
A.A., Copiah-Lincoln Community College; B.S., Mississippi State University; M.Ed., University of Southern Mississippi
- DAVID LANGSTON.....**ABE Assessment/Intake Specialist/Trainer**
B.A., Mississippi College; M.Div., Southern Baptist Theological Seminary; Additional Study, Delta State University
- TIM LEA.....**Assistant Dean of Career-Technical Education**
A.A.S., Community College of the Air Force; A.A., Mississippi Gulf Coast Community College; B.S., University of Southern Mississippi; M.S.M., Troy University; Additional Study, Jackson State University
- JILL B. LOGAN**Associate Dean for Instructional Support**
B.A.E., M.E., University of Mississippi; Ed.D., Jackson State University
- JACKIE MARTIN **Tech Prep Coordinator**
B.S., M.S., Mississippi State University; Additional Study, Jackson State University
- JAMES PAUL “J.P.” McINNIS**Director of Technology**
A.A., Copiah-Lincoln Community College; B.S., Mississippi State University; Certified Netware Administrator (CNA)

DIANA MEZZANARES	Cafeteria - Food Service Director B.S., University of New Orleans; M.B.A., Alcorn State University; Additional Study, University of North Dakota; Certified Dietary Manager (C.D.M.), Certified Food Protection Professional (C.F.P.P.)
SHERYL R. MONTGOMERY	Assistant Information Systems Director A.A., Copiah-Lincoln Community College; Additional Study, University of Southern Mississippi
JULIA PARKER	Director of Distance Learning B.A., Jackson State University; M.P.A., University of Mississippi
BRENDA PARRETT	Administrative Assistant to the President A.A., Draughon’s Business College
EVELYN PEAVY	Smart Aging, Healthy Futures Program Coordinator B.S., University of South Florida; M.Ed., University of Southern Mississippi; Additional Study, Georgia State University, Mississippi State University
JEFFREY POSEY	Director of Adult Education A.A., Copiah-Lincoln Community College; B.S.E., Delta State University; M.Ed., University of Southern Mississippi; Additional Study, Mississippi State University, University of Southern Mississippi, Delta State University
NEAL RAVENHORST	Assistant Business Manager B.A., Mississippi State University; Additional Study, Mississippi College
CAROL ROBINSON	Basic Skills Specialist B.S., Bob Jones University; Additional Study, Mississippi College
ANNA C. ROGERS	Senior Community Service Employment Program Coordinator B.S., Tougaloo College; Additional Study, Jackson State University
RONALD ROSS	Director of Golf Operations B.B.A., Mississippi State University; Additional Study, Mississippi College
SCOTT RUSSELL	Hardware Support Technician A.S., Copiah-Lincoln Community College
SONYA SIMS	Education and Training Coordinator – WIN Job Center B.A., Tougaloo College
BRILEY SMITH	Hardware Support Technician A.A., Copiah-Lincoln Community College
ERIN W. SMITH	Academic Counselor/Disability Services Coordinator B.S.W., University of Southern Mississippi; M.S.W., Jackson State University
LESLIE B. SMITH	Director of Financial Aid A.A., Copiah-Lincoln Community College; B.A., Franklin University

- CHARLOTTE STEWART..... **Upward Bound Advisor/SCSEP Job Developer**
B.S., M.Ed., Southeastern Louisiana University; Additional Study, New Orleans Baptist
Theological Seminary
- CELESTE WILLIAMSON..... **Workforce Development Center Training Specialist**
A.A., Copiah-Lincoln Community College; B.F.A., Delta State University

FACULTY

- LISA BODIN **Special Populations Personnel**
A.A., Copiah-Lincoln Community College; B.S., University of Southern Mississippi; Additional
Study, Mississippi College
- ASHLEY BONDS **English**
B.A., Mississippi State University; M.A., Mississippi State University
- EDDIE BRITT **Mathematics**
A.A., Copiah-Lincoln Community College; B.S., M.S., Mississippi State University
- MARGARET BRITT..... **Computer Science**
A.A., Copiah-Lincoln Community College; B.S. Ed., University of West Alabama/Livingston;
M.Ed., Mississippi College; Educational Specialist, Mississippi State University; Additional
Study, Mississippi State University, Alcorn State University, Jackson State University, University
of Southern Mississippi
- ANN BRUMFIELD..... **Program Coordinator Practical Nursing**
B.S. University of Mississippi Medical Center
- S. DUANE BURT **Biology/Chemistry**
A.A., Copiah-Lincoln Community College; B.S., University of Southern Mississippi; M.S.,
University of Mississippi; Additional Study, Cornell University
- DEBORAH BUSH..... **Chairperson to the Humanities Division**
B.S., University of Southern Mississippi; M.Ed., William Carey College; Additional Study,
University of Southern Mississippi, William Carey University
- AMY CASE **English**
B.A., University of Southern Mississippi; Additional Study, American Intercontinental
University
- KEITH CASE **Baseball Coach/Mathematics/Assistant Athletic Director**
B.S., Mississippi State University; M.Ed., William Carey College
- REGINA CAVIN..... **Nursing (RN)**
B.S.N., University of Mississippi School of Nursing; M.S.N., University of Phoenix
- ROB CHANNELL..... **Anatomy and Physiology, Biology, and Nutrition**
B.S., M.S., University of Southern Mississippi; Additional Study, Jackson State University
- JOEY CHASSION **Program Coordinator Construction Equipment Operator**
Vocational Certificates (Heavy Equipment Operator, Commercial Truck Driving), Copiah-
Lincoln Community College

- LEIGH ANN CREEL..... **Nursing (RN)**
B.S.N., Mississippi College; M.S.N., University of South Alabama
- AMY CUPIT..... **Mathematics**
A.A., Copiah-Lincoln Community College; B.A., M.S., Mississippi State University
- ANITA CLIBURN **Anatomy and Physiology**
B.S., Millsaps College; M.S., University of Southern Mississippi
- DEBORAH DANIELS **Program Coordinator Cosmetology**
Cosmetology Certification, Hinds Community College
- GLENN DAVIS **Physical Education/Head Football Coach**
B.S.Ed., Delta State University; M.Ed., Mississippi State University
- STACY DIXON **Nursing (RN)**
A.A.S., Southwest Mississippi Community College; B.S.N., University of Mississippi School of Nursing; M.S.N., University of Southern Mississippi
- NICOLE DONALD **English**
B.A., Millsaps College; M.A., Louisiana State University
- STEPHANIE S. DUGUID..... **Physical Education**
B.S., University of Southern Mississippi; M.S., Arizona School of Health Sciences; M.A., Ottawa University; Ed.D., Argosy University
- PAM EARLS..... **Nursing (RN)**
A.A., A.D.N., Copiah-Lincoln Community College; B.S.N., M.S.N., University of Mississippi School of Nursing
- LEIGH CASE EASTERLING..... **Business and Office Technology**
A.A., Copiah-Lincoln Community College; B.S., M.S., Mississippi State University
- MICHAEL FALVEY..... **Heating and Air Conditioning Technology**
A.A.S., Copiah-Lincoln Community College
- CAROL FORD **Mathematics**
B.A.E., University of Mississippi; M.Ed., Mississippi College; Certificate, Nuclear Medicine Technology School – University Medical Center
- BARBARA JO FOSTER **Nursing (RN)**
A.A., A.D.N., Copiah-Lincoln Community College; B.S.N., University of Mississippi School of Nursing; M.S.N., University of Southern Mississippi
- CLIFF D. FURR **Assistant Basketball Coach/English**
B.A., University of Southern Mississippi; M.Ed., William Carey University
- SHAW FURLOW **Band Director and Music Instructor**
A.A., Copiah-Lincoln Community College; B.M.E., Delta State University; M.M.E., Delta State University

- ANGELA GARRETT **Program Co-Coordinator Business and Office Technology**
B.S., University of Mississippi; M.S., University of Southern Mississippi; Certifications:
Registered Health Information Administrator (RHIA)
- JULIE GAUDIN **Clinical Coordinator Medical Radiologic Technology**
A.A.S, Copiah-Lincoln Community College; B.S.R.S., Florida Hospital College; Additional
Study, Southwest Mississippi Community College, Mississippi State University, University of
Southern Mississippi
- KIMBERLY GORDON **Nursing (RN)**
A.A., Holmes Community College; B.S.N., Delta State University; M.S.N., University of
Southern Mississippi
- DANNY T. HARRELL..... **Chairperson to the Social Science Division**
Political Science and Legal Environment of Business
A.A., Southwest Mississippi Community College; B.S., M.S., University of Southern
Mississippi; Additional Study, University of Mississippi and University of Southern Mississippi;
Juris Doctorate, Mississippi College School of Law; Member of the Mississippi State Bar
- CHARLES HART..... **Business**
A.A., Copiah-Lincoln Community College; B.B.A., Delta State University; M.S., University of
Southern Mississippi
- WANDA S. HART **Business and Office Technology**
A.A., Copiah-Lincoln Community College; B. S., University of Southern Mississippi; Additional
Study, Mississippi College
- CRAIG HENNINGTON..... **Mathematics**
B.S., University of Southern Mississippi; M.Ed., William Carey College
- CYNTHIA J. HIGGS **Medical Laboratory Technology**
B.S., University of Southern Mississippi; Medical Technology Training, Hinds General Hospital;
M.T. (ASCP); Additional Study, M.T. (ASCP) BB, Technologist in Blood Banking, University
of Southern Mississippi
- DAVID HIGGS **History**
A.A.S, Hinds Junior College; B.L.S., Millsaps College; M.A., Mississippi College; Additional
Study, University of Mississippi, University of Southern Mississippi, Andrew Jackson College,
Southern Utah University
- JODY HOFF **Program Coordinator**
Food Production and Management Technology
B.S. with Vocational Endorsement in Consumer and Home Economics Education, Mississippi
University for Women; Additional Study, Copiah-Lincoln Community College
- LESLIE HOOD..... **Microbiology and Biology**
B.A., Mississippi University for Women; M.S., Mississippi State University
- AMYE R. HOWELL **Reading**
B.S., Mississippi State University, M.Ed., Mississippi College

-
- SHELLEY S. HUSKEY.....**Organic and General Chemistry/Colette Director**
A.A., Copiah-Lincoln Community College; B.S., M.C.S., Mississippi College
- BRUCE IRVIN, JR.**Program Coordinator Welding**
Vocational Certificate, Copiah-Lincoln Community College; Additional Study, University of Southern Mississippi, Mississippi State University Welding Institute, American Welding Society Training Center; RADIOGRAPHIC Certified Welder
- BRAD JOHNSON**Chairperson to the Fine Arts Division**
Choral Activities, Studio Voice, Music Appreciation, Conducting
A.A., Copiah-Lincoln Community College; B.M.E., University of Southern Mississippi; M.M.E., University of Southern Mississippi
- HOWARD G. “BO” JOHNSON.....**Machine Shop Technology**
A.S., Southwest Mississippi Community College
- SUZANNE LEE JOHNSON **Program Co-Coordinator Business and Office Technology**
B.S., M.S., Ph.D., University of Southern Mississippi; Additional Study, Southwest Mississippi Community College
- BEVERLY JONES.....**Program Coordinator Cosmetology**
Cosmetology Certification, Copiah-Lincoln Community College
- JOSEPH LA ROSA..... **Music**
B.M., University of the Pacific; M.M., University of Michigan; D.M.A., Louisiana State University
- SALLY O. LAMPTON **Nursing (RN)**
B.S.N., Southeastern Louisiana University; M.S.H.S., Mississippi College; M.S.N., Alcorn State University; Additional Study, University of Southern Mississippi, University of South Alabama
- NEISHA W. LEGGETT.....**Psychology**
A.A., Copiah-Lincoln Community College; B.S, M.Ed., University of Southern Mississippi; Additional Study, University of Southern Mississippi
- AMY P. LEWIS **Child Development Technology**
A.A., East Central Community College; B.S., Mississippi State University; Additional Study, University of Southern Mississippi, Mississippi State University, Corpus Christi State University
- VICKI MATHEWS.....**Foreign Language**
B.S., M.A., Mississippi State University
- MICHAEL D. McINTYRE.....**Chairperson to the Business Division**
Economics and Varsity Tennis Coach
A.A., Copiah-Lincoln Community College; B.S., M.B.A., University of Southern Mississippi; Additional Study, University of Southern Mississippi, Mississippi College, Joint Council of Economic Education, Christian Brothers College, University of Utah, University of Texas-Arlington, Memphis State University, University of South Carolina, U.S.P.T.R. Certified Tennis Professional
-

- KEVIN McKONE..... **Physics**
B.S., Colorado State University; M.Ed., Ph.D., University of Southern Mississippi
- TERRY MUNN..... **Program Coordinator Commercial Truck Driving**
Certificate, Copiah-Lincoln Community College
- MICHAEL MURRAY **Program Coordinator Industrial Manufacturing Technology**
A.A., Copiah-Lincoln Community College
- RHONDA C. POSEY **Computer Information Systems Technology**
B.S., M.Ed., Mississippi State University; Additional Study, Mississippi State University, Jones County Junior College, University of Southern Mississippi; Certified Novell Administrator, Cisco Certified Network Associate, Certified Internet Webmaster Associate
- MARY PRICE..... **Program Coordinator Child Development Technology**
B.S., Mississippi State University; Additional Study, Hinds Community College, Delta State University, Mississippi College
- PAMELA J. REID..... **Speech, Theater and English**
B.A., Mississippi College; M.S., University of Southern Mississippi; Additional Study, Mississippi College, University of Southern Mississippi
- DENISE RILEY..... **Studio Voice, Music Theory, Choral Activities**
B.M., M.M., Mississippi College; Additional Study, Mississippi College
- THOMAS A. ROSS, III **Art**
B.A., Mississippi College; M.F.A., University of Georgia
- BRANDON RUSSELL..... **Drafting and Design Technology**
A.A.S., Northeast Mississippi Community College; B.S., Franklin University
- BILLIE FAYE SARTIN **Program Coordinator Medical Radiologic Technology**
A.A.S., Copiah-Lincoln Community College
- MARY E. SHIVERS..... **Program Director Medical Laboratory Technology**
A.A., Copiah-Lincoln Community College; B.S., M.S., University of Southern Mississippi; MT (ASCP), Medical Technology Training, Singing River Hospital, Pascagoula, M.S., University of Southern Mississippi; Additional Study, University of Southern Mississippi
- BRETT SHUFELT..... **History/Assistant Football Coach**
B.S., Western New Mexico University; M.S., Ph.D., Mississippi State University
- GLENDA GILL SILVERII **English**
A.A., Copiah-Lincoln Community College; B.S., University of Southern Mississippi; M.A., Mississippi College; Additional Study, Nicholls State University
- DENNIS SIMS..... **Men's Basketball Coach/Health/P.E.**
B.S., University of Mississippi; M.Ed., William Carey College; Additional Study, Arkansas State University, University of Southern Mississippi

- ANGELA G. SMITH **Anatomy and Physiology**
A.A.S., Copiah-Lincoln Community College; B.S.N., University of Mississippi School of Nursing; Additional Study, Mississippi College
- DONALD RAY SMITH **Program Coordinator Computer Information Systems Technology**
A.A.S., Copiah-Lincoln Community College; B.S., University of Southern Mississippi; Additional Study, Mississippi State University, Jones County Junior College; Certified Novell Administrator, Cisco Certified Network Associate, Certified Internet Webmaster Associate
- FARRAN SMITH **Program Coordinator Diesel Equipment Technology**
A.A., Copiah-Lincoln Community College; Certificate, Copiah-Lincoln Community College; Additional Study, John Deere Company, Mississippi State University, NOCTI Certified, ASE Master Certified for Medium/Duty Trucks
- JANET C. SMITH **Art**
A.A., Copiah-Lincoln Community College; B.F.A., Mississippi State University; M.A., Mississippi College
- WANDA B. SMITH **Special Populations Personnel**
A.A., Copiah-Lincoln Community College; B.B.A., Delta State University; Additional Study, University of Southern Mississippi, Mississippi College
- ANDREA BAILEY SPEED **Nursing (RN)**
A.A., Copiah-Lincoln Community College; B.S.N., University of Southern Mississippi; M.S.N., Alcorn State University
- KEITH STOVALL **Psychology/Sociology**
B.S., William Carey College; M.S., University of Southern Mississippi
- VICKI SUTTON **Nursing (RN)**
A.A.S., Southwest Mississippi Community College; B.S.N., University of Mississippi School of Nursing; M.S.N., University of Southern Mississippi; Additional Study, Copiah-Lincoln Community College
- RAY TAYLOR, JR. **Automotive Technology**
A.A.S., Copiah-Lincoln Community College; Additional Study, University of Southern Mississippi; General Motors Training Center; Ford Training Center; ASE Master Certified
- BRUCE THOMAS **Program Coordinator Drafting and Design Technology**
A.A.S., Northeast Mississippi Community College
- RAMONA THOMAS **Medical Radiologic Technology**
A.A.S., Copiah-Lincoln Community College; B.S., University of Alabama
- BRIAN TURNAGE **Electronics Technology**
B.S., University of Southern Mississippi
- JANEL TURNAGE **Nursing (RN)**
B.S.N., University of Southern Mississippi; M.S.N., Alcorn State University

- CHRIS WARREN.....**Director of Curriculum and Assessment**
History Instructor/Assistant Band Director/Percussion
B.A., M.A., Mississippi State University, Additional Study, Walden Institute
- MARY WARREN **Public Speaking/Communications/Color Guard Director**
B.S., Alcorn State University; M.S., Mississippi College; Additional Study, Southeastern Louisiana University, Copiah-Lincoln Community College
- ANGELA WASHINGTON.....**Biology and Zoology**
B.S., Tougaloo College; M.S., Ph.D., Mississippi State University; Additional Study, University of Kentucky, Jackson State University
- JOHNNY W. WILLIAMS**Chairperson to the Mathematics and**
Computer Science Division; Assistant Softball Coach
A.A., Southwest Mississippi Community College; B.S., University of Southern Mississippi; M.Ed., Southeastern Louisiana University; Additional Study, University of Southern Mississippi, Alcorn State University, Mississippi State University, Jackson State University
- CAREY WILLIAMSON**Program Coordinator Electronics Technology**
A.A., Meridian Community College; Additional Study, Copiah-Lincoln Community College

ADJUNCT FACULTY

James Luke Addison	Heather Emory	Jackie Martin
Chris Alford	Linda Flynn	Timothy McCaffrey
Beverly Barnes	James Freels	Delores McDonald
Ken Barron	Barbara Hales	Brian Moore
Karon Berry	Kate Hampton	Twyana Morse
Melnee Berry	Shelley Harrigill	Julia Parker
Janie Blakeney	Priscilla Hartley	Evelyn Peavy
R. Juanita Britt	Rita Henley	Holli Pepper
Dr. Phil Broome	Phil Howard	Carolyn Price
Sharon Brumfield	Gloria Jackson	Lydia Quarles
David Campbell	Chris Kent	Emily Ryan
Randy Castilaw	Allen Kent	Linda Smith
Cedric Collins	Alison King	Stanley Stewart
Renee Cotton	Phillip Knight	Lisa Storey
Bradley Crow	Tina Ladner	Michael Tanner
Deanna Culbertson	Tobie Lambert	Phyllis Wallace
Ryan Curry	Robyn MacSorley	Cathy Warren
Christie Elkins		Gwyn Young

SUPPORT STAFF

Susann L. Altman.....	Secretary to the Dean of Administrative Services
Donna Bales.....	Circulation Clerk – Library
Courtney B. Biggs.....	Secretary to the Director of Public Information
Tanya Brewer.....	Part-Time ABE Instructional Support Assistant
Jennifer Brister.....	Secretary to Dining Services
Jan Brown.....	Physical Plant Secretary
Billie J. Cook.....	Secretary to the Tech-Prep Coordinator
Donna Cunningham.....	Secretary to the Dean of Student Services
Jenna Dickerson.....	Sec. to the Dean of Career, Technical and Workforce Education
Natasha Douglas.....	Sec. to the Dean of Career, Technical and Workforce Education
Stacey Emfinger.....	Child Caregiver
David Freeman.....	Campus Security
Sheila Furlow.....	Secretary to the Director of Associate Degree Nursing
Regina Granger.....	Assistant Bookstore Manager
Susan Hall.....	Upward Bound Secretary
Pam Hatten.....	Secretary to Student Services
Shelika Hooker.....	Secretary to the Workforce Development Center
Carolyn Howington.....	Night Clerk - Learning Center
Lynda Hughes.....	Telephone Operator – Part Time
Tabitha Johnson.....	District GED Records Manager
Cora King.....	Night Clerk – Library
Melissa A. Kyzar.....	Child Caregiver
Gay Langham.....	Student Records Manager
Dottie Lawson.....	Adult Basic Education Lab Facilitator
Jean Lea.....	Dormitory Hostess
Kina Leggett.....	Cashier/Receivable Manager
Deemie M. Letchworth.....	Assistant Director – Financial Aid
Carmen Lewis.....	Credit Union Manager

Erin Likens.....	Purchasing Agent
Brittany Lofton.....	Admissions Office Clerk
Margie Lowery.....	Telephone Operator – Part Time
Falana McDaniel.....	Secretary to Director of Distance Learning
Sylvia McNeil	ABE Instructor
Twyana Morse.....	Dormitory Hostess/Cheerleader Sponsor
Courtney Myers	Secretary to the Director of the Foundation and Alumni Affairs
Tammy Newman.....	Physical Plant Clerk
Mary Pearson	Application Support Assistant
Peggy A. Peets	Lab Manager – Learning Center
Julie Pickering.....	Child Caregiver
Karen Roberts	Media Clerk/Security
Wayne Roberts	Chief of Campus Security
Ann Runyan	Clerk – Library
Tricia Russell	Event Coordinator
Lynnell Rush	Secretary to the Associate Dean for Instructional Support
Lillie Shannon.....	Faculty Secretary
Alvin Starkey	Campus Security
Avanell Stephens.....	ABE Instructional Aide
Sheila Stewart	Secretary to the Workforce Center Director
Janice Stricklin.....	Dormitory Hostess
Margaret Thomas	Child Caregiver
Bonnie Thompson.....	Secretary to the Counseling Center
Stephanie Turnbo	Secretary to the Vice President of Instructional Services
Patricia Walker	Lab Manager – Learning Center
Kristi Watts	Bookkeeper, Foundation and Alumni Affairs
Sandra Williams	Secretary to the Director of Institutional Planning and Research
Velesta Young.....	Accounts Payable Manager

CAFETERIA

Charlie Armstrong.....	Cafeteria
Lori Benjamin	Cafeteria
Ida Butler	Cafeteria-Assistant Manager
Pauline Byther.....	Cafeteria-Catering Manager
Cindy Carter.....	Cafeteria
Robert Catchings.....	Cafeteria
Cassandra Chism.....	Cafeteria
Connie Davis.....	Cafeteria
Joleaner Gilmore.....	Cafeteria
Debra Gladden	Cafeteria
Sharon Gordon	Cafeteria
Barbara Hyatt	Cafeteria
Anthony Jenkins.....	Cafeteria
Gwen Laird	Cafeteria
Mary Johnson.....	Cafeteria
Amanda Lloyd	Cafeteria
Jackie Levi	Cafeteria
LaSondra Lofton	Cafeteria
Marcus Owens	Cafeteria

Kim Rutland.....	Cafeteria-Supervisor
Myrtis Tillman	Cafeteria
Martha Wells	Cafeteria

BUILDINGS AND FACILITIES

The **R. E. Anderson Vocational Building** (1976) provides space for Child Development Technology, Food Production and Management Technology, Medical Laboratory Technology, and Medical Radiography Technology programs. This facility also includes a day care center (1993) which enables students to have actual work experience with children.

The **Baptist Student Union** (1983) is owned by the Mississippi Baptist Convention Board, Jackson, Mississippi. The Copiah-Lincoln Baptist Student Union provides a full-time director, and offers religious programs, activities, and counseling for college students and faculty.

Callender Hall (1928) provides space for student activities, intramural sports, physical education offices, and student recreational facilities on both floors. This building was renovated in 1998 to include a food service grill and additional rooms. New windows were installed and other renovations were completed in 2006.

Copiah County Hall (1946) houses college women and a dormitory hostess. Each room is provided with a private bath. The lobby is equipped with a television and vending machines.

The **Dow-Young Instructional Technology Building** (2004) contains seven general classrooms, two computer science classrooms, and four computer labs for instructional support. The facility contains 18 offices for faculty and staff, an instructional training room, conference room, and other faculty areas such as a lounge and resource room. The B. Frank Hunter, Maurice Cammack, and L. M. Lewis labs are located in the Dow-Young Building. The building was dedicated in memory of John Dow and in honor of L.G. Young, both former board members.

Ellis Honors Dormitory (1939) contains 12 one-bedroom and five two-bedroom apartments for female honor students. Students must have a 20 or above ACT score or be a sophomore with a 3.0 or better grade point average. The building has a laundry room. Each apartment is carpeted and equipped with a refrigerator, dining table and chairs, beds, and wardrobes. Each room has internet access.

L. Russell Ellzey Hall (1928) houses college men and a counselor. The dormitory was named after the first president of Copiah-Lincoln and former congressman L. Russell Ellzey.

The **J. M. Ewing Administration Building** (1938) houses the administrative offices of the President, Vice President of Business Affairs, Dean of Administrative Services, Vice President of Instructional Services, Admissions and Records Office, Director of Public Information, and Director of Institutional Planning and Research, and their staff. The R. E. Rea Auditorium, renovated in 1992, has a seating capacity of 727, including the balcony, and has a large stage for entertainment and special events.

The **Fitness Center** (2008) is located on the Wesson Campus south of Stone Stadium. This building houses weights and cardiovascular machines. This facility was opened for student, faculty, and staff use, as well as athletic team use.

The **Maggie Flowers Ewing Fine Arts Building** (1972) provides housing for the music and art departments. The facility has a band and orchestra room, a choral room, a 245-seat auditorium, an art drawing laboratory, several studios, individual practice rooms, classrooms, and offices for the Fine Arts faculty.

The **Football Weight Training Facility** (2007) is a complete weight training facility for the football team . The 40 ft. x 100 ft. metal building is located adjacent to the Charlie Ward Practice Football Field

The **F. M. Fortenberry Career-Technical Center** (1963) houses classrooms, laboratories and shop areas for career-technical programs, as well as offices for the staff and faculty. The Technology Department for the college is also housed on the first floor.

Franklin Hall (1987) and **Simpson Hall** (1987) are the two men's dormitories located on the east and west sides of the Oswalt house. Franklin Hall contains 40 rooms and Simpson contains 39 rooms. Outside entrances to each suite is a main feature of the dormitories.

The **Dwight Harris Transportation Center** (1971) or motor pool is the service center for all college-owned vehicles.

The **W. S. Henley Student Union Building** (1981) houses the college dining hall, the private dining room, a kitchen and serving area, and the college bookstore on the first floor. The offices of the Dean of Student Services, Assistant Dean of Student Services, Counseling Center, Financial Aid, and Distance Learning are located on the second floor.

Lincoln Hall and **Lawrence Hall** (2003) are located on the west side of the Frank Pitts Field House. Both dorms have 16 suites with two rooms each. Students must have a 20 or above ACT score or be a sophomore with a 3.0 or better grade point average.

The **Memorial Building** houses the Evelyn W. Oswalt Library (1951). The building is named in memory of those Copiah-Lincoln students who lost their lives during World War II. The library is named in memory of Evelyn West Oswalt who served as the first librarian for Copiah-Lincoln until her retirement in 1963. The building also houses the Vivian Byrd Memorial Lounge.

The **Otho Messer Career-Technical Building** (1987) houses the auto mechanics and heavy equipment mechanics programs.

The **Graydon L. Mullen Gymnasium** (1957) contains the sports arena for inter-collegiate basketball and physical education classes. This facility provides team dressing room facilities for home and visiting teams.

The **Gertrude Mutton Building** (1915) is the oldest existing structure on the Wesson campus. The first floor of the building houses the office of the Foundation and Alumni Affairs, student internet lounge area, and the English Club's Literary Hall of Fame. The second floor houses the Adult Learning Center.

The **Natchez Campus** (1975) is located on Campus Drive, just off Colonel John Pitchford Parkway on the south side of Natchez. The modern 100,000 square-foot educational complex includes a full academic transfer program, in the **Tom Reed Academic Center**, as well as specific career-technical programs, in the **Redd-Watkins Center**, designed to prepare students for the workforce. Support services include learning resources (library, learning center, etc.), counseling services, student services and activities, food services, and administrative offices.

The **Simpson County Center** (2005) is located on Co-Lin Drive just off Highway 49 between the towns of Magee and Mendenhall. The 25,000 square-foot **Sidney Parker Academic Building**

has eight classrooms, three science labs, two computer labs, the Fred and Jewett Taylor Library, and administrative space for faculty and staff.

The **Frank Pitts Field House** (1949) is located in the north end of H. L. Stone Stadium. This modern facility houses a varsity dressing room, coaches' offices, and one classroom equipped with audio-visual aids. In 2006, the space formerly occupied by baseball offices and dressing room, was renovated to provide an athletic training room where student athletes can receive treatment for injuries and physical therapy.

The **Jessie Sandifer Communications Building** (1946) first floor contains classroom and lab space for the art department and the campus police department. The second floor contains offices for faculty and federal programs staff.

The **Willie H. Smith Building** (1968) houses academic classrooms as well as three large lecture rooms, modern laboratories for biology, microbiology, chemistry, and physics. Smith Hall was renovated in 2007 to include technology in all classrooms, additional academic faculty offices, a resource room, and a faculty lounge.

The **Lady Wolves Softball Field** and the **Co-Lin Soccer Field** are located on the south side of campus. Two permanent dugouts and a storage area were constructed in 2006.

Stevens Annex (1988) is located adjacent to Lula Stevens Hall. This women's dormitory contains 39 rooms designed to house 78 students. A central bath is provided for each four suites. In addition, the dormitory features outside entrances to each room.

Lula Stevens Hall (1971) houses college women, a dormitory hostess, the telephone attendant's station. This five-story building has a sunken patio and a sun deck on the roof. The lobby on the ground floor has a lounge for student relaxation. There are washing machines, dryers, and vending machines available. The ground floor and first floor are for honor students.

H. L. Stone Stadium provides facilities for football and track. The stadium is designed to seat 5,000 people. Other facilities include a press box, renovated restrooms (2007), and concession stands. A new scoreboard and both 30 second clocks were replaced in 2006.

The **James H. Stribling Associate Degree Nursing Building** (1994) houses the associate degree nursing program, the practical nursing program, and the nursing assistant program. The building contains nursing skills labs, general lecture rooms, an elevated classroom, a student lounge, faculty offices, and a conference room. In addition, a part-time Student Health Clinic was opened in 2008.

The **Walter R. Sullivan Field** (1995) includes the baseball diamond, concession stand and restrooms. In 2006, a new 30' x 100' building was constructed to house the coaches' offices, a locker room and shower facility, storage room and indoor batting cage. Five tennis courts are located west of the stadium.

The **Fred and Jewett Taylor Chapel** (1988) is located next to the Ewing Administration Building. It is complete with an organ, piano, carillons, bride's room and restroom. It seats 100–115 people and serves as a site for many functions on campus such as devotionals, special ceremonies, weddings, etc. The Taylor Chapel was a project of the Copiah-Lincoln Foundation and the Alumni Association.

The **Billy B. Thames Conference Center** (1999) is located at the Wesson Campus. The facility offers approximately 19,000 square feet of quality meeting space equipped with state-of-the-art technology for training, workshops and seminars, a banquet hall with an adjacent full-service kitchen, and features four hotel rooms for accommodating overnight stays. In addition to The Thames Center staff, the center houses the staff offices of the Workforce Education Center, a division of the college's Career, Technical and Workforce Education.

The **Tri-Plex Apartments** (1959) contain three furnished two bedroom apartments for female honor students. Four students per apartment.

The **Noah Wallace Building** (1967) provides space for the commercial truck driving and the heavy equipment maintenance technology programs.

The **Dan Watson Physical Plant Building** (1975) houses the school's maintenance office, employees' room, and workshops for campus maintenance. Also, it houses the receiving department and serves as a supply and general storage area.

The **J. J. Wesson Building** (1971) houses the Data Processing Center. Computer Information Systems Technology classes are taught in this facility and college records are kept there.

The **Wolf Hollow Golf Course** (1985) has 18 holes, with the expansion of the new course in October, 1996. A full time golf instructor is employed. The Pro Shop has golf equipment for sale or rent. Also, a refreshment area is available.

The **J. S. Youngblood Building** (1971) houses the welding, air-conditioning/refrigeration and heating programs. The classrooms and offices for these programs are air-conditioned and the laboratory and shop areas are well-ventilated.

CARE OF PROPERTY

The plant of Copiah-Lincoln has been built at the expense of the taxpayers of the supporting counties. Students, instructors, and visitors are expected to take good care of school property. Abuse and destruction of property will not be tolerated.
